Wauwatosa, WI 53213
Dec 16, 1999

Dear Secretary,

According to The Dept. of Energy National Center of Excellence for Metals Recycle Web site DOE facilities have 1.4 million tons of metal they plan to recycle, which is radioactive! The NRC is preparing to set standards to legalize the release of these contaminated materials for recycling. The standard should be no level of radiation from these materials is acceptable.

Please inform me of your decision in this manner.

Sincerely,

Donald H Austin
Joanne Lehman
