OFFICE OF SECRETARY
RULEMAKINGS AND
ADJUDICATIONS STAFF

511 Westview Dr.
St. Louis, MO 63130
Dec. 19, 1999

Mr. Richard Meserve, Chairman
U. S. Nuclear Regulatory Commission
Washington, D.C. 20555

REC'D BY SECY
7 DEC 99 10:04

Dear Mr. Meserve,

I am very much opposed to the use of recycled radioactive waste into household products. There is no justification for releasing metal, plastic, concrete and other such materials from nuclear power plants and weapons facilities. We all receive enough of low level radioactivity as it is.

Sincerely,
(Mrs) Joan Bottwinick
