Attachments: Agency announcement regarding FOIAs-final.docx

Didn't go out earlier today... If you're OK with it, you can post it (assuming OIS also lets its Division Directors post agency announcements like other offices). It's been Okayed by OGC and Tom Boyce saw it earlier today (I think he copied you on his comments – mostly on the email he's going to send out). Margie J. agreed that Russ F. can serve as the POC for the agency announcement as folks are likely to have some questions.

Subject: FW: Proposal to change the ET Director Position staffing

Trish

I advised Lawrence that the Chairman has approved standing down the ops center for the weekend noting that we have identified specific individuals who will be on call. We will resume again at current staffing levels Monday at 7 am and have our call with Chuck at 0845.

I believe we are ready for the next adjustment to the staffing plan. I am open to hearing your/NSIRs proposals whenever you are ready to talk.

I had a conversation with Jessica Kratchman (PMT member) who expressed an interest in being on the next team to Japan.

Marty,

BW/143.

Attached is my proposal for future staffing of the ET Director Position. (b)(5)

(b)(5)

I suggest this proposal should be considered in the holistic picture of how we plan to staff the site team moving forward. (b)(5)

When you are ready to agree to move forward with this change in staffing, please indicate so to Trish Holahan who will take steps to implement this change while I am out of the office this week.

Thank you.

Lou,

Is it correct that we are only to be "on call" for the shifts now? I was called last Friday and told to not come in Sunday (the 24th) but to be on call. I just wondered if that was only for that weekend or for all the weekends?

Thanks,

Leroy

Cc: Grant, Jeffery; Marshall, Jane; Wastler, Sandra
Subject: PMT staffing going forward

PMT staff, Jeff, Jane,

Attached is a draft PMT PAAD schedule through May 7.

Most of those who volunteered expressed some need to attend to matters other than just the PMT response. Therefore, the concept of 5 core staff has been expanded to 9 core staff, with backups to get us through the Spring Break next week. In addition, rather than rotate staff through morning, afternoon, and evening shifts, many have found that it is preferable to stay in one timeframe. I've selected staff based heavily on past preferences. I'm also relying heavily on those with the historical knowledge of the PAAD position and supplementing with volunteers.

Not available next week:
Tim Harris
Greg Casto
Kathy Brock
Lou Brandon

Planned staffing (and backups):

Morning	Afternoon	Evening
Kathy Brock	Tim Harris	Greg Casto
Jack Foster	Stacy Rosenberg	Jessica Kratchman
Duane Hardesty	Michelle Hart	Lou Brandon
(Kimberly Gambone)	(Casper Sun)	(John Parillo)

I've structured the sequences in either 4 shifts or 3 shifts to fill each week such that no one works both Saturday and Sunday. After we get through the Spring break, then the main 9 staff will work seven of every 14 days, alternating a Saturday on, Sunday on, and weekend off. I've managed to not schedule those interested in the RASCAL training, April 26-28 (two sessions), during that time. The schedule is flexible enough that we can all swap amongst ourselves, and other staff who can fill in temporarily, as needed.

If what I've presented doesn't work, please let me know where I need to update it (today preferably since I'm out until April 25 after today). Otherwise, please work with Jane Marshall. Please express any comments, concerns, or needs that I should be aware of.

Thanks for everyone's continued support.

Lou

Subject: HOC Transition Plan - Japanese Event Task Tracking Process - POC Roles & Responsibilities

Office POCs:

Good afternoon! As a follow-up to yesterday's discussion on the planned realignment for the functions of the Japan Earthquake and Tsunami response, I have attached (a) the Transition Plan, and (b) the Japanese Event Task Tracking (JETT) Process above. These documents provide the planning basis for the orderly transition to a six-person agency watch staff that will better serve the changing information needs of stakeholders.

The attached Transition Plan includes provisions for NRC line organizations to handle incoming requests and the subsequent reduction of products delivered by the agency watch team. In order to do this effectively, the Transition Plan identifies central points of contact (POCs) for each NRC Office that will be responsible for processing and distributing assignments identified by the HQ Fukushima Response Team. The identified POCs for each Office are:

- FSME – FSME Rids box, George Deegan, and Robert Lewis
- NMSS – Doug Weaver
- NRO – Jeff Ciocco (backup: Tom Kevern)
- NRR – Pat Hiland (backup: Dave Skeen)
- NSIR – Michael Dudek
- OCA - Amy Powell (backup: Rebecca Schmidt)

- OCFO – Milton Brown (backup: Jim Dyer)
- OGC – Stephen Burns (backup: Trip Rothschild or Marv Itzkowitz)
- OIP –Steve Bloom (backup: Danielle Emche)
- OPA – Eliot Brenner
- RES – Kathy Gibson (backup: Mike Case)

Additionally, to help aid POCs in their duties, I have listed several items below that may be useful:

- All needed Japanese event information (SITREPS, One-Pagers, Q&As, and JETT Assignments) can be found on the http://nsir-ops.nrc.gov/default.aspx SharePoint site.
- Specifically, JETT assignments can be found at http://nsir-ops.nrc.gov/Lists/HOC%20Red%20Tickets/AllItems.aspx. All JETT assignments will be designated with a tracking number and include expectations for the date and time of completion.
- The completion of JETT assignments should be given a high priority, but should not detract from the NRC's mission to protect the U.S. public health and safety and the environment or the promotion of the common defense and security associated with nuclear facilities and materials that are regulated by the NRC.
- To obtain clarifications on specific JETT assignments, POCs should contact the HQ Fukushima Response Team (301-816-5111), as necessary.
- POCs and technical staff should direct all questions regarding priorities to their supervisors.
- POCs can obtain after-hours contact information for quick-turnaround JETT assignments from the Headquarters Operations Officers at 301-816-5100.

If you have any other comments or concerns regarding the Transition Plan or the JETT Process, please do not hesitate to call me.

Respectfully,
Michael I. Dudek

Dear NRC,

We have been asked to reach out to your office for collaborating on a recommendations paper for permanent re=entry (return) for Japanese and US citizens into the 50 mile relocation zone.

Who should we interact with on this issue? Also, what can we obtain quickly on the basis for the 50-mile relocation zone, data in-country, and any known Japanese law, guides, or policy in this arena?

Please respond back to EOC_Manager@epa.gov and to Edwards.jonathan@epa.gov.

Subject: RE: UPDATE: OIP Point of Contact for Ops Center Fukushima activities

Thanks Jane. The LT can do, but with one person, it may not be on time. We will do our best. Jeff Temple

Subject: FW: UPDATE: OIP Point of Contact for Ops Center Fukushima activities

FYI

Also, the daily Status Update will move to the LT list of responsibilities as we discontinue the EBT this Friday. Who is backshift/dayshift for the weekend? They will need to coordinate the inputs and put together the report.

Subject: UPDATE: OIP Point of Contact for Ops Center Fukushima activities

Michele,
Below is the complete OIP duty officer list/schedule that runs through the week of May 30. I intentionally did not provide phone numbers (unless person asked me to) for PII reasons, and because all staff listed on below are emergency responders and the HOO should have contact information for all.

Let me know if you need phone numbers and I will walk a populated copy over to the Ops Center tomorrow.

Kirk

OIP Duty Officer	Date Scheduled	Comments	Backup
Steve Bloom	April 11-April 19	Contact all numbers available to HOO before contacting backup.	Kirk Foggie
Jennifer Schwartzman-Holzman	April 19-26	Requested to be contacted on (b)(6)	Danielle Emche

BW/149

		(b)(6) after 4pm.	
ndrea Jones	April 26 – May 3		Danielle Emche
rooke Smith	May 3 - 10		Danielle Emche
ric Stahl	May 10 – 17	Additional contact number (b)(6) (personal cell)	Danielle Emche
ennifer Tobin-Vollenweber	May 17 – 24		Danielle Emche
teve Baker	May 24 - 31		Danielle Emche

Subject: OIP Point of Contact for Ops Center Fukushima activities

Michele,

Nader asked me to respond to you regarding your request for coverage on Ops Center issues regarding Fukushima. OIP's primary point of contact (poc) will be Steve Bloom. His watch will begin today and will run through next Tuesday (4/19). If he is unreachable then Danielle Emche is his backup. Both Steve and Danielle are emergency responders so their contact information is with the HOO.

We will give you a more comprehensive list of pocs soon, but wanted to get you this initial information now.

Let me know if you need any additional information.

Kirk

Subject: Re: schedule for the weekend

Jane, Both days are fine (sat and sun). Ideally the day shift (7-3) would help with the kids but I don't mind the other ones since my in-laws are in town. I also don't mind doing a day and than a night or vice versa...Whatever works for everyone. Just let me know, Craig

Subject: schedule for the weekend

Doug H. has also volunteered for duty, but I haven't talked hours with him yet. I also have an experienced status officer (John Joliecour) who can come in as well. I'd like to have you three take 8-hour shifts over the weekend. Ideally, since you have this type of experience in your previous life, I'd like you and John to take the 7-3 and 3-11 shifts (either way) and have Doug on the 11-7. Turnover is half an hour before start of shift. John is flexible on schedules – so really you have your choice of shift (even if you want the overnight shift).

I need you on Saturday and Sunday, if at all possible. HR is looking at getting the biweekly pay cap lifted, so you can be paid for your time.

Subject: PIR: Japan Earthquake/Tsunami Nuclear SITREP 0700 EDT 17MAR11

Leadership,

The following is the most recent report from Japan concerning the Fukushima Daiichi Nuclear Power Plant:

Please note that this information is "~~Official Use Only~~" and is only being shared within the federal family.

BW/151

All available information indicates that the majority of releases from the Fukushima site have been carried out to sea by the prevailing winds. Wind shift over land not expected until Sunday.

Fukushima Daiichi

TEPCO is working to restore site power and anticipates restoration to Units 2,5, and 6 today and Units 1, 3, and 4 tomorrow.
Five portable pumps have arrived at the Daiichi site and additional equipment to connect the pumps is being coordinated.

Unit 1
- Containment described as "functional"
- The spent fuel pool level is decreasing
- Radiation levels 150-1000 mrem/hour at 1000 EDT on March 16, 2011, at site gate. (Site gate is same for each unit.)

Unit 2
- Secondary containment: Cut hole to reduce likelihood of hydrogen gas buildup
- Sea water injection restarted with core cooling reported as not stable
- It was reported at 0730 EDT on March 15, 2011 that containment is intact (better than previously thought).
- Radiation levels 150-1000 mrem/hour at 1000 EDT on March 16, 2011, at site gate. (Site gate is same for each unit.)
- The spent fuel pool level is decreasing

Unit 3
- Primary containment described as "functional"
- The spent fuel pool level is possibly drained - some evidence of steam.
- Radiation levels 150-1000 mrem/hour at 1000 EDT on March 16, 2011, at site gate.(Site gate is same for each unit.)
- Unit 3 is currently TEPCO's priority (unclear whether reactor or spent fuel pool)
- Water cannon should be onsite soon (as of 0400 EDT)

Unit 4
- First fire in the reactor building was a small generator lube oil fire. IAEA reports that fire was put out at 2200 EDT, March 14.
- Radiation levels 150-1000 mrem/hour at 1000 EDT on March 16, 2011, at site gate. (Site gate is same for each unit.)
- Second fire began at 1645 EDT, March 15, 2011 in reactor building. Reports indicate that this fire is not yet contained. TEPCO is determining whether to use helicopter or fire truck to fight fire. Fuel reported to be uncovered.
- Radiation level inside Unit 4 reported to be 30R/hour following second fire.
- High radiation dose rates measured between Units 3 and 4, source is suspected to be the partially uncovered Unit 4 spent fuel pool.
- The spent fuel pool's ability to retain water is in doubt, no steam - likely dry.

Unit 5
- The reactor is defueled.
- IAEA Reports Temperature of pool at 64.5 degrees C at 1500 EDT, March 16, 2011.
- Unit 5 diesel generator is providing power to cool Units 5 and 6 spent fuel pools.

Unit 6
- The reactor is defueled.
- IAEA Reports Temperature of pool at 61.0 degrees C at 1300 EDT, March 16, 2011.
- Power to cool the Unit 6 spent fuel pool is being provided by the Unit 5 diesel generator.

Units
1 rem (rem) = 1,000 millirem (mrem)
1 Sievert (Sv) = 1,000 milliSieverts (mSv) = 1,000,000 microsieverts (µSv)
1 rem = 0.01 Sv = 10 mSv

Or stop by in the morning to discuss. I thought I had a copy from this morning, but can't seem to find it.

I am ready to populate it with ET directors and see how they react. Thanks.

Subject: Addresses: For the Embassy and the Site Team's Hotel

Good Evening Jane,

In the LT turnover log, there was a request to obtain mailing addresses for both the US Embassy and the site team's hotel in Japan.

I spoke with the site team via email and they have asked that we please address the package to:

Chuck Casto
U.S. Nuclear Regulatory Commission (NRC) site team

U.S. Embassy Japan
1-10-5 Akasaka
Minato-ku, Tokyo 107-8420 JAPAN

The hotel's address is:

(b)(6)

Thanks

Liaison Team Coordinator

Ops Officer : PETE SNYDER
Entry Date : 3/11/2011 - 06:48
Entry Type : OTHER FED INQUIRY
Notify Date - Time : -
Event Date - Time : - ()
Site : FAA
Emergency Class :

FAA inquired as to whether there is any reason planes should not land in Japan beacause of the "Nuclear Emergency" there. We responded that we do have an agreement with Japan that should any accident take place at a nuclear plant they would call us. We said htat we had not received any call. The only information we had is from press reports. So we had no information that there was any danger or reason for planes not to land in Japan.

Notified IRD (Marshall) via email.

BW / 163

Summary of 14 March meeting with Japanese

Unit Summary

Unit 1

- Partial core damage from exposed fuel.
- As of 2200 on March 14, Japan time, sea water is being injected.
- The reactor was described as "more stable."
- Containment described as "functional."
- Hydrogen explosion has damaged reactor building roof. •

Unit 2

- Hydrogen explosion possibility has been mitigated because a part of the reactor building roof has been removed.
- RCIC has failed.
- Coolant was stopped for quite some time so core damage is assumed. Core was most likely totally uncovered for some time.
- As of 2200 on March 14, Japan time, sea water is being injected.
- Unit 2 containment is described as "functioning."

Unit 3

- Condition described as essentially the same as Unit 1.
- As of 2200 on March 14, Japan time, sea water is being injected.
- Hydrogen explosion has damaged reactor building roof.
- Containment described as "functional."

General Obervations

Japanese extremely concerned about stability and reliability of current sea water injection method. When asked, the described there request for USG assistance with water injection as a means to improve reiiability.

They asked if we had any other suggestions for water injection. The possibility of airlifting pumps to the site was mentioned and when asked, the estimated the distance from the sea to the pump location as approximately 200 m and the distance from the pump to RCS tie in as approximately 250-300 m. More specific information was promised and my contact information was passed to them. I asked for specific design information regarding the RCS tie to ensure that any USG equipment brought to the site will be able to connect into the RCS.

They indicated that debris from the hydrogen burns was part of the reason that they were having difficulty keeping sea water injection flowing.

Contigency Planning

For contingency planning, the GOJ asked for USG advice and assistance regarding: .

1. Post accident DECON; and
2. Post core melt long term site stability planning.

To: Connell, Leonard W; Weber, Thomas M; Marshall, Jane
Subject: RE: NRC contacts?

Len,

I have copied Jane Marshall who is actively working the Japan issue in our Operations Center. She suggested that Va Tech might want to go through DTRA as they are actively involved in this effort as well and would have the ability to ship it to Japan. In addition, a suggestion was made to contact NNSA, most probably NA-40. We believe they have shipped at least one of their units over to Japan.

Thanks,

Joe

TEL: +813-6373-1111 FAX: +813-3596-8599

15th March 2011

Mr. Hideyuki Ohnishi
Country Executive
GE Energy-Japan

Request of your urgent support for gas turbine installation

TEPCO sincerely apologize for causing the hardship and concerns on the power shortage due to the recent northern part of Japan earthquake. It would be highly appreciated if GE could cooperate with us to restore the suspended power plants and supply new power equipments as soon as possible.

In order to restore power, we are seriously considering mobile type gas turbine units and installation of simple cycle gas turbines. We greatly appreciate your help to identify those turbines which can be shipped soon or in the process of manufacturing. We may install those inside or outside of TEPCO facilities through the area.

In light of the critical shortage of the power, we ask GE to take immediate action to ship available equipments to generate additional power.

Sincerely,

石丸豊彦

Just don't infect any of more of my staff. I need them healthy to respond.

We need to discuss what we will or won't do with the NLE. If this is a protracted event - and they're talking about keeping the Ops Center staffed for the next month - our ability to plan for the NLE is significantly compromised. Not to mention that we've met our objectives of keeping the responder staff current with response experience.

Subject: FW: TM2500 to Japan: transportation questions

A little background dialog on GE internal planning for arrival of the generator sets.

Of importance for your team:
-- GE has hired Mitsui Trading, Plant Systems Division to manage domestic transportation. The current plan would be to fly the units into Chubu International Airport, where they will be placed on barges and moved to the Yokosuka area where they will be plugged into the Japanese grid. Mitsui advises us that this is a more elegant transportation solution that trying to drive the units on Japanese roads.
--At some point Mitsui will need your input on questions 1-4, so they can effectively meet the equipment upon arrival.

Subject: TM2500 to Japan: transportation questions

Richard, Greg, Howard,

My name is Hiroshi Yoshida, PM for this project.

Can you please reply below questions from Mitsui Plant, which will be responsible for domestic transportation?
They chose Chubu International Airport as the arrival airport.

Q1: Type of aircraft
Q2: Code of aircraft. In case of military one, Tail code is needed.
Q3: Operator
Q4: Departure airport
Q5: How to unload TM2500 from compartment of aircraft. They assume unloaded through the lamp way by winch, correct?
Q6: Packing style drawing, which shows outer size, weight, axletree layout, connecting point including king pin location and its size. They need to examine wheel load and radius of rotation.
Q7: Does trailer, which carries TM2500, have its own steering?
Q8: Center of gravity of each equipment
Q9: Location of hooks and their size, which will be used for slinging up or lashing by wire.
Q10: Suggestion or consideration for handling
Q11: Our logistics plan by the end of March (TM2500 or TM2500+, arrival date, Qty of aircraft for each shipment, loading plan of each unit)
Q12: Will be each unit transported by one aircraft?

From my side, I need

BW 176

1. Transportation manual
2. Installation manual
3. Startup manual
4. Standard installation schedule
5. TA schedule

This is the first application in Japan, so that I do not have any documents.

Tomorrow I will have CKOM with TEPCO and Mitsui, I would appreciate to send by the end of today US time.

Thanks for support

Hiroshi

Subject: staffing for this weekend

Guys:
What I'm doing for this weekend is getting folks to fill in for all of us – starting with Friday 11 pm shift start through Monday 7 am. Joliceur (or however you spell his name) is volunteering, and I also have Craig Erlanger on deck. Still picking up the overnight shifts but I have options!

Subject: RE: Ops Center Support

I understand that Alan Frazier, who's also in the EDO's office, is on the list of people who might be able to help. I think my BC already communicated this to the Ops Center, but as you're developing watchbills, please try to keep it so that Alan and I are not supporting at the same time. We're already pretty short staffed here.

Subject: RE: Ops Center Support

Sounds great. I'm catching up on the emails I missed during the day (I have a bunch of response updates that fill up my inbox and I lose a few when they scroll off the screen).

We do need more help with all sorts of reactor issues, the questions change hourly. I'm not sure what types of expertise are needed other than GE BWR engineering.

Rick/Pete – please check and see if Greg's expertise matches our needs for this event.

Thanks!

Subject: Ops Center Support

Alan Frazier mentioned that you'd been try to get in touch with Leigh Trocine. Apparently, I inherited her phone when she left on rotation. I got a few calls from the Ops Center with recorded messages, but I didn't know the user ID and when I called the HOO to check, they gave me the impression the calls were associated with the periodic Commission TA briefings. I'm permanently in the EDO's office and I think Leigh's old number is now mine, so it might be a good idea to update that in your records.

Also, I'm not formally trained or anything like that, but I'm certainly available to help if you need it (I was an inspector in Region I for a number of years and most of my background is in the reactor area). I think Jim Andersen was keeping a list of EDO staff available to support. If you're short on people, don't hesitate to get in touch.

How to Work With Locals

Updated March 16, 2011, 01:47 PM

Joel Charny is the vice president for humanitarian policy and practice at InterAction, an alliance of U.S.-based international nongovernment organizations doing relief and humanitarian work.

Japan is a wealthy, industrialized nation, renowned for preparing for disasters. But the devastation from last week's earthquake and tsunami has proved to be too much for even Japan. The scenes of destruction and human misery are provoking a worldwide urge to act.

Japan has two pressing needs at the moment: search and rescue teams and basic goods to care for people displaced by the disaster. The U.S. government has already sent experts to bolster the work of local teams. The U.S. military is also supporting search and rescue efforts, while helping to clear debris and restore basic infrastructure. Both efforts are at the invitation of the Japanese government. Families have been separated in the chaos. They've seen their homes and communities destroyed. Japanese social welfare organizations are taking the lead in tracking down and reuniting family members and providing displaced people with shelter, food, clean water and medical care for injuries. A particular focus will be on ensuring that children are protected and safe. The elderly and disabled also have special needs.

My organization has been receiving numerous calls from individuals wanting to volunteer or donate goods. In this situation, donating cash to reputable organizations with Japanese partners able to turn this cash into emergency assistance is the best way to respond. Local groups are leading the person-to-person relief effort, and they require international financial support. Volunteers and bulk shipments from abroad, while well intentioned, will hamper the response by demanding precious time to organize and clogging runways, roads and other transport infrastructure.

The human cost of this disaster is immense, and the heart-felt response of the American people is in keeping with a long tradition. Identifying and supporting U.S. organizations with the ability to be partners with capable Japanese ones is the most effective way to express care and concern.

Hello OFDA colleagues
We are getting a few inquiries from congressional offices regarding requests to get various supplies to Japan. In this case there is a customs issue with the Japanese government to allow this brand of iodine pills into the country. Is this something that we should refer to you? Have you heard of a need for these pills in Japan? Should we refer them to a different office?

Thanks very much for your assistance.

Lynnea,

Thank you for taking my call yesterday. Due to the urgency of this request, I was hoping if there was any way to expedite via leg affairs, you might be able to help me do so. If that doesn't make a difference, I understand. But if you can push if faster in any way, that is much appreciate.

Thanks again. If you need anything at all from me, please do not hesitate to ask.
~Theda

Situation:

BW 1183

"We (Beckloff Associates) are a regulatory and scientific consulting firm in Overland Park, KS. We have a client, Fleming Pharmaceuticals, Fenton, MO, that produces a product called ThyroShield®, which is an oral solution of potassium iodide. This product is an FDA approved drug for the use of protecting an individual from harmful affects from uptake of radioactive iodine. As you can imagine, this drug is of very high value to people in Japan at this time and Fleming Pharmaceuticals has been inundated with interest in this product.

Some of the contacts they have received are from US-based companies that wish to purchase and send the product to their employees that live and work in Japan. The need to receive this medication is quite urgent under the current circumstances. However, this particular medication from Fleming is not approved in Japan. They need to make this shipment (and perhaps later additional shipments) as soon as possible – perhaps within 24 -48 hours.

The issue that we are facing is to get this through the Japanese Customs as well as, and in particular, the Japanese Ministry of Health, Labour and Welfare (MHW) agency when the shipment arrives and to get it quickly to the people that need it. We would like to point out that this will not be distributed to the general Japanese public but only to the employees and presumably their families of the US companies in Japan. Particularly, the shipment requires a Import License from the MHW.

We would be most appreciative if you could provide any assistance in obtaining an Import License from the MHW in an expedited fashion."

Subject: JAPAN EARTHQUAKE UPDATE 10 - March 16, 2011

In order to focus attention on congressional inquiries and provide you with prompt updates about constituents affected by the March 11 earthquake and tsunami in Japan, **we have created a dedicated email address**: JapanUSCcongressional@state.gov. If you have already been in contact with us via JapanEmergencyUSC@state.gov, there is no need to resend; we have your information on file. In addition, we will add your email address to the State Department Liaison Office's daily Japan updates. If anyone else on your staff would like to be added to the distribution list for this, please email: PenoyarS@state.gov.

We want to update you on the efforts of U.S. consular officers in the affected areas of Japan. There are currently four consular assistance teams in Miyagi and Ibaraki prefectures; they are using information from our inquiry database to seek out U.S. citizens we believe are in those areas, going door-to-door, talking with local security and healthcare officials, and visiting shelters and evacuation centers. To date, we have not received any reports of U.S. citizen deaths. The Sendai team is providing emergency consular assistance at the Sendai International Relations Association offices (SIRA) in Sendai, and there are also teams at the Narita and Haneda airports to assist U.S. citizens who are seeking to depart Japan.

Regarding the nuclear incidents in and around Fukushima, the Japan Nuclear Industrial Safety Agency (NISA) http://www.nisa.meti.go.jp/english/ recommends that people who live within 20 kilometers of the Fukushima Nuclear Power Plant in Okumacho evacuate the area immediately, and that people in the zone between 20 and 30 km of the plant stay indoors at home or at work. The Japanese authorities have confirmed that the situation remains serious. The U.S. government and all experts are fully engaged in analyzing the issues, including those regarding Fukushima reactor, in close consultation with the Japanese Government.

We continue to send out updated messages through our Warden network in Japan; these messages, along with other useful information, can be viewed on our website: http://travel.state.gov under "Japan Earthquake and Pacific Tsunami." Additional information is available through the U.S. Embassy Tokyo website at: http://japan.usembassy.gov/. Japan situation and congressional contact information will be updated regularly on http://travel.state.gov/congress/.

How to help: We encourage cash donations. The web site www.interaction.org has a list of organizations accepting contributions. The American Red Cross is accepting donations of $10 by texting REDCROSS to 90999.

USAID's Office of Foreign Disaster Assistance (OFDA) is coordinating the overall response management and humanitarian assistance effort. AID/OFDA can be reached at RMT_PACTSU@ofda.gov (underscore between RMT and PACTSU), Phone: 202 712 0039.

JAPAN EARTHQUAKE UPDATE 10

Japanese Police reported 3771 dead, 7843 missing, and 2044 injured. Embassy Tokyo has received no reports of U.S. citizen fatalities. Internally displaced persons number 530,000.

In a very rare televised address, the Japanese Emperor told citizens not to give up hope in the face of the earthquake and tsunami. He expressed deep concern about the nuclear situation.

Significant aftershocks continue, including a 6.0 magnitude event 60 miles offshore Tokyo at 2352 EDT March 15.

Most airports continue to operate, but ground transport is erratic due to gas and electricity shortages. Tokyo Metro asked commuters to avoid peak hours.

Currently, TEPCO can only supply 33 million kilowatts, leaving a shortfall of 4 million kilowatts. Several hundred thousand phone and internet connections remain disconnected.

Damage from the earthquake is expected to exceed the $119 billion damage from the 1995 Kobe earthquake.

FUKUSHIMA DAI-ICHI NUCLEAR POWER PLANT STATUS

A fire at reactor No. 4 led TEPCO to pull workers temporarily from the site, according to press. NRC is working to confirm the status of the fire and cooling water.

Forecasts for March 16 show winds blowing seaward.

Smoke began rising from reactor No. 3. Japanese Chief Cabinet Secretary Edano said the reactor's containment vessel might have been damaged.

Japanese Defense Minister Kitazawa said Self Defense Forces might be deployed to the Fukushima plant. Media report SDF helicopters have aborted water drops over reactor No. 3 due to safety concerns.

Minister Kitazawa said U.S. Forces Japan fire trucks delivered March 14 will be used to pump water to cool reactors No. 3 and No. 4. Trained TEPCO operators are now en route to the site.

Media report failure of containment at reactors No. 2 and 3. NRC is unable to confirm the levels of damage and radiation. Information flow and data gathering remain problematic.

U.S. AND INTERNATIONAL RESPONSE

Japan requested foreign consequence management support, transport of pumps, boron, fresh water, remote cameras, global hawk surveillance, evacuation support, medical support, decontamination, and radiation monitoring. U.S. Forces Japan is evaluating the request.

In a press conference, Ambassador Roos said the U.S. government and people were "stepping up in countless ways for the Japanese people." Recognizing conflicting reports, Amb. Roos committed to providing as much up-to-date information as possible.

U.S. Urban Search and Rescue (USAR) teams concluded their assignment in Iwate Prefecture without finding survivors. The teams will be reassigned to work with Chinese and UK USAR teams.

The Philippines and Malaysia announced they would monitor Japanese food imports for radiation.

To date, 102 countries and 14 international organizations have offered assistance.

CONSULAR ISSUES

Australia updated its travel advisory, noting the government had authorized the voluntary departure of dependants of Australian officials in Tokyo.

France advised its citizens to return home or relocate to the south of Japan. Air France planes are en route to Japan to assist in repatriation.

Austria is moving its embassy to Osaka due to radiation concerns.

The Chinese Embassy is sending buses to move its nationals from Miyagi, Fukushima, Ibaraki, and Iwate prefectures.

In addition to Ibaraki, Miyagi and Iwate prefectures, U.S. consular teams are in Tokyo area airports and Misawa Air Base.

Consulate General Hong Kong and AIT Taipei issued warden messages citing host government reports that there are no local threats from the nuclear situation in Japan.

Subject: Cable: Travel Warning - Japan

SUBJECT: TRAVEL WARNING - JAPAN

1. THE U.S. DEPARTMENT OF STATE WARNS U.S CITIZENS OF THE DETERIORATING SITUATION AT THE FUKUSHIMA DAIICHI NUCLEAR POWER PLANT. THE UNITED STATES NUCLEAR REGULATORY COMMISSION (NRC) RECOMMENDS THAT U.S.
CITIZENS WHO LIVE WITHIN 50 MILES (80 KILOMETERS) OF THE FUKUSHIMA DAIICHI NUCLEAR POWER PLANT EVACUATE THE AREA OR TAKE SHELTER INDOORS IF SAFE EVACUATION IS NOT PRACTICAL. THE STATE DEPARTMENT STRONGLY URGES U.S.
CITIZENS TO DEFER TRAVEL TO JAPAN AT THIS TIME AND THOSE IN JAPAN SHOULD CONSIDER DEPARTING. ON MARCH 16, 2011, THE DEPARTMENT OF STATE AUTHORIZED THE VOLUNTARY DEPARTURE FROM JAPAN OF ELIGIBLE FAMILY MEMBERS OF U.S.
GOVERNMENT PERSONNEL IN TOKYO, NAGOYA, AND YOKOHAMA.
THIS TRAVEL WARNING REPLACES THE TRAVEL ALERT DATED MARCH 13, 2011.

2. IN RESPONSE TO THE DETERIORATING SITUATION AT THE FUKUSHIMA DAIICHI NUCLEAR POWER PLANT, THE UNITED STATES NUCLEAR REGULATORY COMMISSION (NRC), THE DEPARTMENT OF ENERGY, AND OTHER TECHNICAL EXPERTS IN THE U.S.
GOVERNMENT HAVE REVIEWED THE SCIENTIFIC AND TECHNICAL INFORMATION THEY HAVE COLLECTED FROM ASSETS IN COUNTRY, AS WELL AS WHAT THE GOVERNMENT OF JAPAN HAS DISSEMINATED. CONSISTENT WITH THE NRC GUIDELINES THAT WOULD APPLY TO SUCH A SITUATION IN THE UNITED STATES, WE ARE RECOMMENDING, AS A PRECAUTION, THAT U.S. CITIZENS WHO LIVE WITHIN 50 MILES (80
KILOMETERS) OF THE FUKUSHIMA DAIICHI NUCLEAR POWER PLANT EVACUATE THE AREA OR TO TAKE SHELTER INDOORS IF SAFE EVACUATION IS NOT PRACTICAL.

3. THERE ARE NUMEROUS FACTORS IN THE AFTERMATH OF THE EARTHQUAKE AND TSUNAMI, INCLUDING WEATHER, WIND DIRECTION, AND SPEED, AND THE NATURE OF THE REACTOR PROBLEM THAT AFFECT THE RISK OF RADIOACTIVE CONTAMINATION WITHIN THIS 50-MILE (80-KILOMETER) RADIUS OR THE POSSIBILITY OF LOWER-LEVEL RADIOACTIVE MATERIALS REACHING GREATER DISTANCES. FOR THE LATEST U.S. GOVERNMENT INFORMATION ON THE SITUATION IN JAPAN, PLEASE GO TO HTTP://WWW.TRAVEL.STATE.GOV/. INFORMATION ABOUT NUCLEAR RADIATION EXPOSURE RISKS CAN BE OBTAINED FROM THE NUCLEAR REGULATORY COMMISSION AT HTTP://WWW.NRC.GOV/ABOUT-NRC/RADIATION.HTML AND FROM THE CENTERS FOR DISEASE CONTROL AT HTTP://EMERGENCY.CDC.GOV/RADIATION/.

4. AS A RESULT OF THIS ASSESSMENT, THE STATE DEPARTMENT HAS AUTHORIZED THE VOLUNTARY DEPARTURE FROM JAPAN OF ELIGIBLE FAMILY MEMBERS OF U.S.
GOVERNMENT PERSONNEL ASSIGNED TO THE U.S. EMBASSY IN TOKYO, THE U.S.
CONSULATE IN NAGOYA, AND THE FOREIGN SERVICE INSTITUTE FIELD SCHOOL IN YOKOHAMA. U.S. CITIZENS SHOULD DEFER ALL TRAVEL TO THE EVACUATION ZONE AROUND FUKUSHIMA DAIICHI NUCLEAR POWER PLANT, AREAS AFFECTED BY THE EARTHQUAKE AND TSUNAMI AND TOURISM AND NON-ESSENTIAL TRAVEL TO THE REST OF JAPAN AT THIS TIME.

5. COMMERCIAL FLIGHTS HAVE RESUMED AT ALL AIRPORTS THAT WERE CLOSED BY THE EARTHQUAKE, EXCEPT SENDAI AIRPORT, AND COMMERCIAL SEATS ARE AVAILABLE AT THE TIME OF THIS POSTING. IN TOKYO, MOST PUBLIC TRANSPORTATION INCLUDING TRAINS AND SUBWAYS ARE OPERATING. MANY ROADS HAVE BEEN DAMAGED IN THE

BW | 184

TOKYO AREA AND IN NORTHERN JAPAN, PARTICULARLY IN THE MIYAGI PREFECTURE WHERE GOVERNMENT CHECKPOINTS HAVE BEEN ESTABLISHED ON DAMAGED ROADWAYS. IN IWATE PREFECTURE, TOLL ROAD HIGHWAYS ARE RESTRICTED TO EMERGENCY VEHICLES ONLY.

6. THE DEPARTMENT OF STATE IS WORKING TO ASSIST U.S. CITIZENS TO DEPART FROM AFFECTED AREAS. U.S. CITIZENS IN TOKYO SHOULD REVIEW OUR JAPAN EARTHQUAKE/PACIFIC TSUNAMI WEBPAGE AT HTTP://TRAVEL.STATE.GOV FOR UPDATED DEPARTURE-RELATED INFORMATION.

7. HARDSHIPS CAUSED BY THE MARCH 11 EARTHQUAKE AND TSUNAMI CONTINUE TO CAUSE SEVERE DIFFICULTIES FOR PEOPLE IN THE AREAS AFFECTED BY THE DISASTER. TEMPORARY SHORTAGES OF WATER AND FOOD SUPPLIES MAY OCCUR IN AFFECTED AREAS OF JAPAN DUE TO POWER AND TRANSPORTATION DISRUPTIONS.
TELEPHONE SERVICES HAVE ALSO BEEN DISRUPTED IN AFFECTED AREAS; WHERE POSSIBLE, YOU MAY BE ABLE TO CONTACT FAMILY MEMBERS USING TEXT MESSAGE OR SOCIAL MEDIA SUCH AS FACEBOOK OR TWITTER.

8. ROLLING POWER OUTAGES CONTINUE IN THE TOKYO METROPOLITAN AREA AND AREAS IN NORTHEAST JAPAN AFFECTED BY THE EARTHQUAKE AND TSUNAMI. THE TOKYO ELECTRIC POWER COMPANY REPORTS THAT THREE-HOUR OUTAGES MAY OCCUR IN VARIOUS REGIONS, INCLUDING TOKYO. PLEASE MONITOR THE TOKYO ELECTRIC POWER COMPANY WEBSITE, HTTP://WWW.TEPCO.CO.JP/EN/INDEX-E.HTML, AND LOCAL NEWS MEDIA FOR SPECIFIC INFORMATION AND SCHEDULES FOR THE PLANNED OUTAGES. RADIO STATIONS IN THE TOKYO AREA THAT HAVE EMERGENCY INFORMATION IN ENGLISH INCLUDE THE U.S. ARMED FORCES STATION AT 810AM AND INTERFM (76.1FM).

9. STRONG AFTERSHOCKS ARE LIKELY FOR WEEKS FOLLOWING A MASSIVE EARTHQUAKE SUCH AS THIS ONE. THE AMERICAN RED CROSS RECOMMENDS THAT IN THE EVENT OF AFTERSHOCKS, PERSONS SHOULD MOVE TO OPEN SPACES AWAY FROM WALLS, WINDOWS, BUILDINGS, AND OTHER STRUCTURES THAT MAY COLLAPSE, AND SHOULD BE ALERT TO THE DANGER OF FALLING DEBRIS. IF YOU ARE INDOORS, DROP, COVER, AND HOLD ON: IF POSSIBLE, SEEK COVER UNDER A STURDY DESK OR TABLE, HOLD ON, AND PROTECT YOUR EYES BY PRESSING YOUR FACE AGAINST YOUR ARM. IF THERE IS NO TABLE OR DESK NEARBY, SIT ON THE FLOOR AGAINST AN INTERIOR WALL AWAY FROM WINDOWS, BOOKCASES OR TALL FURNITURE THAT COULD FALL ON YOU. AVOID DAMAGED BUILDINGS AND DOWNED POWER LINES.
GREAT CARE SHOULD BE USED WITH MATCHES, LIGHTERS, CANDLES, OR ANY OPEN FLAME DUE TO THE POSSIBILITY OF DISRUPTED GAS LINES.

10. DUE TO THE CONTINUING POSSIBILITY OF STRONG AFTERSHOCKS, JAPAN REMAINS AT RISK FOR FURTHER TSUNAMIS. JAPANESE AUTHORITIES HAVE ISSUED A WARNING FOR PEOPLE TO STAY AWAY FROM LOW-LYING COASTAL AREAS. IF A TSUNAMI ALERT IS ISSUED BY JAPANESE AUTHORITIES, EVACUATE IMMEDIATELY TO HIGHER GROUND. FURTHER INFORMATION ABOUT WHAT YOU CAN DO IF A TSUNAMI OCCURS CAN BE FOUND AT THE NATIONAL WEATHER SERVICE'S TSUNAMIREADY WEBSITE, HTTP://WWW.TSUNAMIREADY.NOAA.GOV, AND THE INTERNATIONAL TSUNAMI INFORMATION CENTER'S WEBSITE, HTTP://ITIC.IOC-UNESCO.ORG. CURRENT TSUNAMI ALERTS CAN BE FOUND AT THE JAPAN METEOROLOGICAL AGENCY WEBSITE, HTTP://WW.JMA.GO.JP/EN/TSUNAMI/, AND THE WEBSITE OF THE PACIFIC TSUNAMI WARNING CENTER, HTTP://PTWC.WEATHER.GOV.

11. THE U.S. EMBASSY CONTINUES TO DEPLOY CONSULAR ASSISTANCE TEAMS WHERE NEEDED; THESE TEAMS ARE ACTIVELY WORKING WITH OUR TASKFORCE AND LOCAL AUTHORITIES TO LOCATE U.S. CITIZENS, VISIT SHELTERS AND ASSISTANCE CENTERS, AND HELP U.S. CITIZENS IDENTIFY PUBLIC AND COMMERCIAL TRANSPORTATION OPTIONS AWAY FROM AFFECTED AREAS U.S. CITIZENS REQUIRING EMERGENCY CONSULAR ASSISTANCE SHOULD CONTACT THE DEPARTMENT OF STATE AT JAPANEMERGENCYUSC@STATE.GOV OR THROUGH THE EMERGENCY CONTACT NUMBERS BELOW. U.S. CITIZENS IN JAPAN SHOULD CONTACT FAMILY AND FRIENDS IN THE UNITED STATES TO CONFIRM THEIR WELL-BEING AT THE EARLIEST OPPORTUNITY.
WHERE INTERNET AND TELEPHONE SERVICES ARE NOT AVAILABLE, IT MAY BE POSSIBLE TO CONTACT PEOPLE USING SMS (CELL TEXT MESSAGE) OR OTHER FORMS OF SOCIAL MEDIA SUCH AS TWITTER AND FACEBOOK.

12. U.S. CITIZENS IN JAPAN ARE ENCOURAGED TO ENROLL IN THE SMART TRAVELER ENROLLMENT PROGRAM (STEP) AT THE FOLLOWING WEBSITE:
HTTPS://TRAVELREGISTRATION.STATE.GOV. U.S. CITIZENS WITHOUT INTERNET ACCESS MAY ENROLL DIRECTLY AT THE U.S. EMBASSY OR U.S. CONSULATES. BY ENROLLING, U.S. CITIZENS MAKE IT EASIER FOR THE EMBASSY/CONSULATES TO CONTACT THEM IN CASE OF EMERGENCY.

13. UPDATED INFORMATION ON TRAVEL AND SECURITY IN JAPAN MAY BE OBTAINED FROM THE DEPARTMENT OF STATE BY CALLING 1-888-407-4747 TOLL-FREE IN THE UNITED STATES AND CANADA OR, FOR CALLERS OUTSIDE THE UNITED STATES AND CANADA, A REGULAR TOLL LINE AT 1-202-501-4444. FOR FURTHER INFORMATION, PLEASE CONSULT THE COUNTRY SPECIFIC INFORMATION FOR JAPAN, AS WELL AS THE WORLDWIDE CAUTION, WHICH CAN BE FOUND AT WWW.TRAVEL.STATE.GOV.

Dear Jane, I realise you may not be able to answer but I have been asked to ask so here goes.
1. Are the NRC staff in Japan in Tokyo on on/near site at the reactors.
2. Are they part of an IAEA response or solely there response to the Japanese bilateral request for support.
3. What is the NRC prognosis? As I said I have to ask but realise you may not be able to answer.

All,

FYI, as for tomorrow (Friday), I will be at USAID first thing in the morning to cover turn-over because I live downtown. Please don't feel stressed to get down here by 7:00 am. I have also included the proposed staffing for USAID in the upcoming days below:

Thursday day: Kozal / Dudek
Thursday night: Trocine / Kahler
Friday Day : Dudek/ Kozal / Anderson
Friday night: Trocine / Kahler
Saturday day: Dudek / Anderson
Saturday Night: Trocine / Kahler
Sunday Day: Dudek / Kozal
Sunday Night: Tocine / Kahler

We can always re-evaluate night shift ops.

Thoughts?

Scott-
This is a voluntary activity. As such, we've traditionally had the responders work with their supervisors on scheduling for regular work and ops center. We do not insist that any particular person fill an individual time slot – we look to other volunteers.

I don't want IR to be in the position of brokering work schedules for various other supervisors. If an individual staff member has mission critical work that requires them to be in their regular position, we will look to other responders to fill that response role. It's a matter of prioritization and supervision – for each first-line supervisor.

Subject: New ERF on NEWS, INES Rating: 3, Japan, Power Reactor

Dear NEWS User,

This is to notify you as a registered user of the NEWS Web site that an Event Rating Form (ERF) for the Event titled:

"Effect to the Nuclear Facilities from the earthquake on east area of Japan"

has as of today, Friday, 18 March 2011, 06:33:54 UTC, been added to the NEWS Web site. Additional information regarding the ERF is as follows:

Country: Japan
Location/Facility: FUKUSHIMA-DAIICI-1,2 FUKUSHIMA-DAINI-1, Japan
Event Type: Power Reactor
Event Date: 2011.03.11

Rating Date: 2011.03.12
ERF Version: Provisional
INES Rating Level: 3

For more detailed information about the ERF, including the related Event and press releases as well as on-site participation in forum discussions, please visit the NEWS Web site at:

Subject: Jane: What's your number. I am trying to call you...

From: Marshall, Jane
Sent: Friday, March 18, 2011 11:43 AM
To: Ma, May
Subject: question for developing budget estimate
Importance: High

I'm pulling together cost - I need a general number for how much staff time costs. I'm builiding it on a per staff-week cost.

To fill one position in the Ops Center for a week it burns approximately:
155 hours regular time
+ 35 hours OT
+ 91 hours Night Diff
+ 27 hours Sunday Premium

This total exceeds 168 (the number of hours in a week) because we have to have time for staff turnovers, so for part of the time, there are two staff for each position.

Is there an assumed hourly cost that I can use to start multiplying this out? Otherwise, I'll come up with something...

March 13, 2011- 13:30 pm EST
Nuclear Regulatory Commission Reactor Safety Team Questions:

1] What is the core damage assessment for Fukushima Daiichi Units 1-3 ?

2] Do you have any Field measurements in the general area?

3] Any dose measurements around the site?

4] Provide a status of ultimate heat sink(s).

5] Any additional protective actions planned?

6] What is the status of spent fuel pool (SFP) and SFP cooling for Fukushima Daiichi Unit 1? Is there any evidence of SFP leakage?

7] Identify the key areas (switchgear, batteries, etc...) that are flooded?

8] What is the long term status of offsite power for Fukushima Daiichi units?

Subject: Earthquake question - maybe more than you wanted to know

We have updated our public info: http://www.nrc.gov/japan/faqs-related-to-japan.pdf

The background we spoke about on the phone "Generic Issue 199" (aka, GI 199 – also sometimes seen as GSI for "Generic Safety Issue")

A quick background:
This issue was proposed as a Generic Issue in May 2005 after NRC staff review of updated seismic source and ground motion models. The updated seismic information included new Electric Power Research Institute (EPRI) models to estimate earthquake ground motion and updated models for earthquake sources in regions such as eastern Tennessee, and around both Charleston, South Carolina and New Madrid, Missouri. The new data and models resulted in increased estimates of the seismic hazards for some plants in the Central and Eastern United States. The staff evaluated this new information along with preliminary results from a 2004 U.S. Geological Survey (USGS) letter report regarding seismic hazard estimates. From this review the staff concluded that the likelihood of exceeding the seismic hazard values, used in plant design and in previous evaluations (such as the Individual Plant Examination of External Events (IPEEE) Program), may be higher than previously understood.

A few better answers to your questions:

The seismic ground motion used for the design basis was determined from the evaluation of the maximum historic earthquake within 200 miles of the site, without explicitly considering the time spans between such earthquakes; safety margin was then added beyond this maximum historic earthquake to form a hypothetical *design basis earthquake* (see answer A9). The relevant regulation for currently operating plants is 10 CFR Part 100, Appendix A, "Seismic and Geologic Siting Criteria for Nuclear Power Plants" (http://www.nrc.gov/reading-rm/doc-collections/cfr/part100/part100-appa.html).

There is margin beyond the design basis. In the mid to late 1990s, NRC staff reviewed the plants' assessments of potential consequences of severe earthquakes (earthquakes well beyond the safety margin included in each plant's design basis), which licensees performed as part of the Individual Plant Examination of External Events program. From this review, the staff determined that seismic designs of operating plants in the Central and Eastern United States have considerable safety margins for withstanding earthquakes built into the designs.

Seismic hazard (earthquake hazard) represents the chance (or probability) that a specific level of ground shaking could be observed or exceeded at a given location. Our estimates of seismic hazard at some Central and Eastern United States locations have changed based on results from recent research, indicating that earthquakes occurred more often in some locations than previously estimated. Our estimates of seismic hazard have also changed because the models used to predict the level of ground shaking, as caused by a specific magnitude earthquake at a certain distance from a site, changed.

If you have any other questions, please don't hesitate to call.

Jane

BW/201

From: Marshall, Jane
Sent: Saturday, March 19, 2011 6:58 PM
To: 'Landau, Zachary L.'
Subject: One more seismic point

Results of the Safety/Risk Assessment confirm that currently operating plants have adequate protection against *seismic hazards.*

BW/202

However, based on a separate criterion in the Generic Issues Program, the estimated *core damage frequency* change is still large enough to warrant further attention regarding the possible imposition of plant improvements. Action could include obtaining information and developing methods to complete plant-specific value-impact analyses.

NRC staff developed a methodology and implemented it to assess the risk associated with this issue. Overall *seismic risk* estimates remain small in an absolute sense. All operating plants in the Central and Eastern United States have seismic core damage frequency (SCDF) less than or equal to 10^{-4} (0.0001) per year, which is considered safe. The SCDF changes (the difference in SCDFs calculated using the old and new seismic hazard information) for a number of plants lie in the range of 10^{-4} to 10^{-5} (0.0001 to 0.00001) per year, which meets the NRC Generic Issues Program numerical risk threshold for an issue to continue to be evaluated for possible regulatory action.

International Travel Checklist

Pre-Travel Activities	
	Completed
1. Passport: Make sure either personal or official passport is valid for at least 6 months after the date of completion of the trip, if you're traveling with USAID, a visa is not required. Contact Steve Dembek if you need assistance 301-415-2342	
2. Ascertain any health immunization recommendations: Contact the NRC Health Unit (415-8400) to consult on possible medical issues and precautions, including the possibility of getting recommended inoculations or other medications and educational materials. Travelers can check recommended immunizations and other health advisories at http://www.cdc.gov/travel/.	
3. Obtain international Blackberry – Contact Karen Jackson at 415-6398	
4. Country clearance cable information **Format:** Format is available at OIP SharePoint (http://portal.nrc.gov/OCM/ip/travel/default.aspx) Complete the requested items. Place of Birth should be exactly the same as shown in your passport. Include your security clearance information and follow the directions included.	
5. Obtain dosimetry and KI tablets. In order to get dosimeter, traveler needs to contact a Radiation Safety Officer. Contact Undine Shoop at 301-415-2063 or your Regional RSO.	
6. USAID Needs the following information (send to: RMTPACTSU_ELNRC@ofda.gov, or phone: (202) 236-6417, 202-712-4383**):** For anyone deploying to Japan we (the NRC USAID reps will need the following): Full Name Home Address SSN Passport # Date and Place of Birth Issue Date of Passport Expiration Date of Passport Place of Passport Issuance Finally, since the Travel Authority will be USAID we need the following Banking information: Account Name Account Number Routing Number	

7. Receive Cultural Briefing by OIP – Contact Nader Mamish 301-415-3244 to arrange.	
8. Recommend contact with EAP – Available 27/7 at 1-800-869-0276	
9. Recommended Business Attire – Normal attire in Japan is business and ties are worn all the time. Higher end business casual would also be acceptable in some situations.	
10. Business cards – Contact your office secretary.

Russ,

It would be nice if we could support NSIR consistent with Tom's vision for better customer service. Please look again at whether we can assign somebody to that team in the ops center.

Thanks,

Joe

From: Nichols, Russell
Sent: Monday, March 21, 2011 2:35 PM
To: Holonich, Joseph; Corbett, James
Cc: Janney, Margie; Marshall, Jane; Sealing, Donna
Subject: RE: Need support on a FOIA request

Joe and James,

Donna has Mary Jean assigned to handle the AP requests. Mary Jean has talked with the requester and the requester will not reduce the scope or agree to have the three requests consolidated into one response. The expedited processing decision was the right one. The AP qualified for expedited processing in this case.

The FOIA section does not have someone to embed with any of the offices. They have their own case load and their own roles and responsibilities regarding these requests, and they are still receiving new ones related to the Japan event. If we were to send someone to NSIR, why wouldn't OIP, SECY, EDO, NRO, and NRR also be able to justify someone being embedded with them? They're all dealing with the same requests. Mary Jean can answer questions for Jane as she has been doing with the other offices.

Whether the information belongs to another agency or not, Jane still needs to provide the information. She needs to identify which documents/information belongs to other agencies and Donna's staff will do the appropriate referrals. This may actually simplify things for NSIR because they would not have to make release/denial recommendations on information that originated with another agency.

BW/207

Natalie isn't in this week because her role is to train Stephanie and Stephanie is on leave. Deb Dennis got hit by a car last Wednesday and has been out ever since and we're not sure when she'll be back. She went for an MRI today. Some of her cases that were coming due had to be distributed among her coworkers.

Russ

Subject: FW: Need support on a FOIA request

Donna,

Can we help NSIR out by providing a team member to the?. I think this is a good thought on their part given the volume of stuff they need to review. Having been in the operations center during 9-11 I know the hectic nature of what is happening down there.

Maybe we can have Natalie go down to the tea. In any case, please identify somebody for the team in NSIR.

Thanks,

Joe

From: Marshall, Jane
Sent: Monday, March 21, 2011 2:10 PM
To: Holonich, Joseph
Subject: Need support on a FOIA request

Joe-
We received a FOIA request encompassing all the email relevant to the events in Japan from AP. We're pulling together a team to try to respond to this request – while we're still responding to the event – and go through all of the relevant email traffic and see what fits the scope and what doesn't fit the scope, and what can be released. Much of what we have is from other agencies and marked "OUO" so the other agencies will have to make the determination on whether it is releasable or not.

OGC is looking to ask AP to clarify the scope of the request and the timing. Apparently this request has been granted "expedited" status – difficult to achieve under the best of circumstances and we're pretty much running full tilt like we did after 9-11. Can your group identify a FOIA expert to serve on the FOIA team? It would be very helpful to have that expertise embedded as part of the team rather than having to run back and forth with questions regarding FOIA rules and relevance.

Thanks,
Jane

To: Marshall, Jane
Subject: A Special Message from Our CEO

Dear Colleagues,

On March 11, 2011, a record 9.0-magnitude earthquake struck near the city of Sendai, Japan, generating a powerful tsunami that caused widespread devastation throughout the region. Our deepest condolences go out to the people of Japan and their families around the world.

Thompson Media Group is helping people affected by disasters, like the recent earthquake and tsunami in Japan, by donating to the American Red Cross Japan Earthquake and Pacific Tsunami Fund 10% of the gross proceeds of all online sales using the code "**redcross**" until Thursday, March 31, 2011.

There has never been a better time to get the publications and resources you need from Thompson Media Group, and also help those in need. We realize this gesture may be relatively small in comparison to the needs of the Japanese people, and we certainly encourage you to make a larger individual donation directly through the Red Cross. Your purchase will support the ongoing efforts of the Red Cross to provide medical care and relief assistance.

Please join me in keeping the people of Japan in your thoughts. We wish them strength and hope as they begin to recover and rebuild.

Bob Mate
CEO, Thompson Media Group

Thanks Peter, I know you tried.

This problem of multiple responsibility for watch bill preparation for RST has been quite confusing for all of us, has resulted in multiple people showing up for the same watch-station, and has prevented me from providing support when I am able.

I'm frankly discouraged enough about it at this point to give up my personal efforts to volunteer, since no one has accepted your and my requests to assign responsibility where it belongs—the team that is responsible for their work. There is clearly huge room for improvement here and the overall coordination and communication on this problem has been quite disappointing overall.

Subject: FW: (ACTION) RST Watch Bill Our Hard Copy Mark-up Needs to take Precedence over OST's copy
Importance: High

John, et al,
We have tried many times and continue to try to enforce this. It is a lesson learned from the NLE-2011 Table Top Exercise.
The Team Directors and Coordinators should determine their team's watch bill to ensure the right level of expertise is on each team/shift.

Importance: High

EST Coordinator,

The RST Coordinator and RST Directors are and will be responsible for the RST Watch Bill. We have been and continue to be. The RST Coordinator and RST Director balance the five man team to ensure the proper level of expertise is available to each team/shift.
Please complete the Master watch bill with a copy of OUR RST Watch Bill

Subject: (ACTION) RST Watch Bill Our Hard Copy Mark-up Needs to take Precedence over OST's copy
Importance: High

Eric Thomas,

As RST Coordinator, and our NRR overall coordinator, can you straighten out the RST watch bill conflict with OST? I told Rick Hasselberg about the problem yesterday, and I'm not sure anything happened. Our mark-up of the hard copy needs to take precedence for the upcoming weeks, and be inserted into the OST's watch bill and periodically updated as we go forward and more blanks are filled in. The OST should only fill in blanks that we can't fill. As it is, they're throwing in names of people that aren't even necessarily qualified in RST. There's a bunch of conflicts, because they threw in names like Bill Roggenbrodt and Mark Padovan, when we'd already signed up for various watches.

The OST needs to get out of the business of trying to fill all the RST watch bill slots, and get in the business of helping RST fill blanks that we've not been able to.

Please let me know asap. Do you need help with this? I can come over there today and try to help you get this straight; Rick seems overwhelmed.

John

Subject: Query on NLE-11 Status

Jane – hope you and your staff are holding up well, we all appreciate how taxing it can be to staff a response center continuously over a period of days (or weeks). I wanted to inquire or raise the question with this group about NRC's participation in NLE-11.

We are now within the 60-day window and have not yet completed the exercise scenario, and some may not have yet decided on a staffing roster for the exercise. In addition, we are currently noting that DOE is pulling out completely for ingestion pathway exercises scheduled for RIV states in the short term due to impacts from the events in Japan. I suspect that the Ops Center will continue to be manned at least until the next team's rotation is complete which will likely stretch into April. This would put us within the 30-day period with little time to finish preparations for the exercise. In addition, some of our anticipated players may be impacted with assignment to the task groups that the Chairman has recommended. Also, many of the EOC meetings have been delayed because of the impacts of the events in Japan, this could also impact potential players.

I know that I am "singing to the choir" in the paragraph above, but this is really an invitation to others to voice their thoughts on our planned full participation in the exercise. Beyond the option of just "opting out", we could consider sim cell support to our brother D/As.

Any thoughts or decisions by senior management?

Thanks –
Linda

Re: Freedom of Information Act Request

Dear FOIA Officers:

On behalf of Friends of the Earth ("FOE"), the Nuclear Information and Resource Service ("NIRS"), and Physicians for Social Responsibility ("PSR") (hereinafter "the Requesters"), and pursuant to U.S. Department of Energy ("DOE") and U.S. Nuclear Regulatory Commission ("NRC") regulations for implementation of the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552, I respectfully request copies of the following records:

(1) All records created since March 10, 2011, containing measurements of radiation released to air, soil and water from the Fukushima reactors in Japan;

(2) All records containing analyses of measurements of radiation referred to in paragraph (1) above; and

(3) All records relating to the criteria and/or protocols used for the conduct of the radiation measurements and/or analyses described in paragraphs (1) and (2) above.

This request covers all records in the possession of the NRC and/or DOE, including but not limited to data collected by your agencies and/or other federal agencies and/or foreign governments. This request also includes any data or analyses collected and/or created by the DOE's National Nuclear Security Administration ("NNSA") under its Aerial Measurement System.

For purposes of this request, the term "record" means: (1) any written, printed, or typed material of any kind, including without limitation all correspondence, memoranda, notes, messages, letters, cards, telegrams, teletypes, facsimiles, papers, forms, records, telephone messages, diaries, schedules, calendars, chronological data, minutes, books, reports, charts, lists, ledgers, invoices, worksheets, receipts, returns, computer printouts, printed matter, prospectuses, statements, checks, statistics, surveys, affidavits, contracts, agreements, transcripts, magazines or newspaper articles or press releases; (2) any electronically, magnetically, or mechanically stored material of any kind, including without limitation all electronic mail or e-mail, meaning any electronically transmitted text or graphic communication created upon and transmitted or received by any computer or other electronic device, and all materials stored on compact disk, computer disk, diskette, hard drive, server, or tape; (3) any audio, aural, visual, or video records, recordings, or representations of any kind, including without limitation all cassette tapes, compact disks, digital video disks, microfiche, microfilm, motion pictures, pictures, photographs, or videotapes; (4) any graphic materials and data compilations from which information can be obtained; (5) any materials using other means of preserving thought or expression; and (6) any tangible things from which data or information can be obtained, processed, recorded, or transcribed. The term "record" also includes any drafts, alterations, amendments, changes, or modifications of or to any of the foregoing.

If it is your position that records exist that are responsive to this request, but that those records (or portions of those records) are exempt from disclosure under the FOIA, please identify the records that are being withheld and state the basis for the denial for each record being withheld. In addition, please provide the non-exempt portions of the records.

Request for Waiver of Fees

The Requesters hereby request that all fees in connection with this FOIA request be waived for the following reasons:

a. The requested disclosures concern the operations and activities of the Federal Government because they seek information regarding the government's measurements of radiation levels in the aftermath of the radiological accident at Japan's Fukushima nuclear reactors.

b. The disclosure of the requested measurements and analyses regarding radiation releases during the Fukushima accident will significantly contribute to the public's understanding of the operations and activities of the DOE and the NRC with respect to nuclear regulatory matters. It is our understanding that the requested documents regarding airborne radiation levels informed the NRC's decision to recommend the establishment of a 50-mile evacuation zone around the Fukushima reactors as the accident progressed. Given that U.S. emergency planning regulations require only a ten-mile evacuation zone, the public has a strong interest in learning what radiation levels would prompt U.S. government officials to recommend more stringent measures for Japan. While DOE and NRC representatives have publicly discussed these measurements in very general terms, no actual measurements have been disclosed and thus it is not possible to evaluate the significance of the government's representations in any meaningful way. In addition, Requesters seek to evaluate the significance of radiological contamination of soil and water in Japan and its potential effects beyond Japan.

The requested disclosures of criteria and protocols for the measurements and analyses will also contribute to public understanding of the government's operations because the information will help the public understand the reason for the apparent differences between the U.S. and Japanese governments' assessments of the severity of the accident as it unfolded. An understanding of the methods by which the data were collected and analyzed will help members of the public evaluate the reliability of the reports they have received regarding airborne contamination levels caused by the accident. All of the organizations have staff members who are experienced in evaluating information relating to radiological contamination and therefore have the capability to make good use of the information.

All of the Requester organizations intend to publicize the requested information widely to their thousands of members and visitors to their websites. FOE (www.foe.org), for example, is the world's larges grassroots environmental network, uniting 76 national member groups and some 5,000 local activist groups on every continent. NIRS (www.nirs.org) has over 25,000 members and its website receives on average of 1,500 visitors per day. PSR (www.psr.org) has 50,000 members and e-activists, thirty chapters, and a database of 250,000 concerned citizens dedicated to improving national policy formulation and decision-making about security, energy and the environment.

c. The requested documents will not be used for commercial use or gain by any of the Requester organizations. All of the Requesters are non-profit organizations dedicated to protection of public health and the environment.

If you decide not to grant a waiver, then please advise us of the amount of any proposed search, review, and reproduction charges before those activities are carried out.

Request for Expedited Consideration

Requesters seek expedited release of the requested information, so that they may timely inform their members and the general public about the unfolding events at the Fukushima reactors, including the significance of the public health and environmental threat posed by radiation releases from the Fukushima reactors. Requesters believe that requested disclosures will do a great deal to fill currently existing information gaps and resolve inconsistencies in the currently available reports about the severity of the Japanese radiological releases.

In addition, Requesters seek immediate disclosure of the information in order to participate in and comment on any proceedings the federal government may undertake to evaluate the lessons learned from the Fukushima accident. It is Requesters' understanding, for example, that the NRC shortly intends to embark on a 90-day review of the safety of U.S. reactors and proposed designs in light of the Fukushima events. A better understanding of the severity of the Fukushima releases is essential to Requesters' ability to evaluate and participate in any such review.

If some parts of this request can be responded to more quickly than others, we request that you respond in stages, releasing information as soon as it becomes available.

We will expect a response within 20 business days, as provided by 5 U.S.C. § 552(a)(6)(A)(i). If you have any questions regarding this request, please contact me at (202) 328-3500.

Thank you very much for your attention to this matter.

Sincerely,

Diane Curran
Attorney for Requesters

Subject: questions on our ongoing response

A couple of logistical questions....

I guess being out a few days (and a nice long drive) have given me a little time to sit back and think (yes, that is dangerous). I'm back now, and can read attachments that are illegible on the blackberry, also dangerous. Yes, many of these things are in my shop and I'll fix them. I would like to run some of them by you to see if we are in alignment - we usually are, but I thought I'd be sure.

First - why does the watchbill stop one day short of the end of the pay period? That makes no sense. So we all have to have our time in before we know if we're on the schedule??? Schedule weeks should run Sunday - Saturday. Yeah, I know it's a pain. So is HRMS.

I see I am on watch tomorrow, with Sally to back me up while I'm at Joe's funeral. That works for me. I'll have to do the Ops Plan and SPO stuff another time....

Why are we adding new folks to the response advisor position when we have one guy slated for that position (Rich C.) who has not been added? Instead, he's being stuck in as LT director? As long as we're bringing in new folks to the response advisor position, why not bring in the one who is actually going to take that role??? If anyone has concerns about Rich flying without a net, make sure he's paired up with a good Status Officer. Bill is our most experienced. I have a good bit of history as well.

Brian-
I'm still working the FOIA request issue. There's a meeting this afternoon (conviently after my shift) with OIS to discuss the request and how to approach answering it. I will be in that meeting for DPR/IR.

OIS is now offering to do an electronic search if we provide the search criteria. I can pull something off the FOIA requests to develop those criteria.

I'll also reach out to OGC - I don't see them on the invite list for the meeting.

I understand that more FOIA requests are rolling in.

FREEDOM OF INFORMATION ACT
FOIA Records Request

This is a FOIA request for records. NRC's FOIA office has received an outside request for any records NSIR may have on the subject below.

FOIA Number: FOIA/PA - 2011-0128

Date Received: 3/22/2011 **Requester's Name:** Stefanie Ilgenfritz

Subject: Request access to and copies of reports of radiation-emissions data collected in Japan by the Comprehensive Nuclear Test Ban Treaty Organization and provided to member states, including the U.S., under terms of the Comprehensive Nuclear Test Ban Treaty.

Assigned Division(s): Front Office ☐ DSO ☐ DSP ☐ DPR ☑ PMDA ☐

NSIR Contact: B. McDermott **FOIA Office Contact:** B. Culleen

---

HOW TO RESPOND TO THIS REQUEST...

Please send an email to the NSIR FOIA Coordinator (FOIAPANSIR) indicating your initial estimate of search and review time, as well as the estimated volume of records, by the "Estimates Due" date below. Also provide a contact name for this item.

Estimates Due: 3/25/2011 **Records Due:**

Include SUNSI Review Time in your Estimate

REMEMBER: Do NOT cross out or cut out withheld material yourself. It should be bracketed in the margin in pencil, with the exemption number beside it. (Exemption descriptions are included in the package. If the "How to Respond to an Innitial FOIA Request" section of your package beomes detached, please refer to ML060590485.) Also flag the pages. Return your records to the FOIA Coordinator by the "Records Due" date above.

WHEN YOUR RECORDS ARE READY...

Please provide the following information about your search for the NSIR FOIA Coordinator.

How did you find your records? ADAMS ☐ Ops Center ☐ Email ☐ Paper Records ☐ Other ☐

If "other," indicate:

Which sections in NSIR did you speak with?

Which offices (outside of NSIR) did you speak with?

Please list any search terms used for electronic searches.

*** RETURN YOUR RECORDS AND THIS SHEET TO NSIR FOIA COORDINATOR. ***

NSIR

The OIS FOIA/PA Specialist for this request is indicated in the "cc" to this e-mail.

The FOIA/PA request should be processed in accordance with the standard instructions (How to Respond to an Initial FOIA Request) at ML060590485. You are encouraged to ask for a scoping discussion with the requester when you believe it will be beneficial. You are encouraged to ask for assistance in performing adequate ADAMS searches if you are having difficulty doing a search. Your initial estimate of search and review time and the volume of records is required within four (4) working-days from the date of this transmittal e-mail. NRC Form 496, "Report of Staff Resources for Processing FOIA/PA Requests" is now available on Informs for your use.

Re: FREEDOM OF INFORMATION ACT REQUEST
Fee benefit requested
Expedited processing requested

Dear FOIA Officer:

Pursuant to the federal Freedom of Information Act, 5 U.S.C. § 552 *et seq.*, I request access to and copies of reports of radiation-emissions data collected in Japan by the Comprehensive Nuclear Test Ban Treaty Organization and provided to member states, including the U.S., under terms of the Comprehensive Nuclear Test Ban Treaty. I would like reports of emissions from all monitoring stations in the country, including information on their locations, for dates beginning March 1, 2011, and continuing to the present. I would also like to request all future reports of said radiation emissions in Japan,

until such time as the threat from the Fukushima Daiichi nuclear power plant is deemed to be over, or I request that they cease.

I agree to pay reasonable duplication fees for the processing of this request.

As a representative of the news media I am only required to pay for the direct cost of duplication after the first 100 pages. Through this request, I am gathering information on the threat of radiation that is of current interest to the public because it could threaten the health of the Japanese population, the country's environment, and the health and welfare of other countries as well. This information is being sought on behalf of *The Wall Street Journal* for dissemination to the general public.

If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees.

As I am making this request as a journalist and this information is of timely value, I would appreciate your communicating with me by telephone or electronic mail, rather than by postal mail, if you have questions regarding this request.

Please provide expedited processing of this request which concerns a matter of urgency. As a journalist, I am primarily engaged in disseminating information. The public has an urgent need for information about the Treaty Organization's radiation reports from Japan because the public is concerned about any possible threat to global health and welfare. I certify that my statements concerning the need for expedited processing are true and correct to the best of my knowledge and belief.

I look forward to your reply within 20 business days, as the statute requires. If this letter has not been addressed to the correct parties, I request that it be forwarded accordingly.

Sincerely,

Stefanie Ilgenfritz

Importance: High

Hi,

I was told that you were who I should contact regarding changing my badge to a responder badge. Since we received the new badges, I have become qualified as a responder for the Ops center. We were told to get our badges corrected to reflect the red responder stripe. What do I need to do to get this done?

Thank you for your attention,

Mary Jean,

NSIR does not have records responsive to this request. I have attached the email response from Jane Marshall stating this.

This completes NSIR's action on the above FOIA. Please let me know if there is anything else needed to close this action, otherwise NSIR considers this action closed.

Good evening all,

As promised at the 3pm meeting today, below are the instructions to convert Outlook mail messages/folders to Adobe Acrobat. As I mentioned at the meeting, although you can create PDF files (and view the file attachments), the file attachments will **not** print. We will provide the group with an update next week on our test results for printing the embedded file attachments using the third-party utility.

Convert individual email message(s) to a new PDF
1. In Microsoft Outlook, perform your search as you normally do within the application
2. Select the individual email message(s) to PDF.
3. Choose Adobe PDF > Convert Selected Messages > Create New PDF.
4. In the Save Adobe PDF As dialog box, select a location, type a filename, and click Save.
5. When the conversion is complete, the new PDF file will open in the Adobe Acrobat application.

Convert email folder(s) to a new PDF
1. In Microsoft Outlook, choose Adobe PDF > Convert Selected Folders > Create New PDF.
2. In the Convert Folder(s) To PDF dialog box, select the folders. Then select or deselect the Convert This Folder And All Sub Folders option and click "OK".
3. In the Save Adobe PDF File As, select a location and name for the PDF Portfolio.
4. When the conversion is complete, the new PDF file will open in the Adobe Acrobat application.

The Adobe webpage for this feature is available here:
http://help.adobe.com/en_US/Acrobat/9.0/Professional/WS9C160D36-D4E6-4ac5-B27E-48E2FF6CDE52.w.html

Thank you,
Mike

~~*~*~*~*~*~*~*~*~*

Here is the information for the bridge lines. Note, we have increased the number to 12.

<< Message: Conference Details (MAR 31, 2011--03:00 PM ET--Conf# (b)(6)

OIS would like to meet with as many of the FOIA Coordinators as possible whose offices/regions have been assigned Japan-related FOIA requests. The purpose is to further brainstorm if there are currently available IT solutions that can enhance FOIA business practices. We would like the FOIA Coordinators to express their ideas to the IT and business applications experts so that we can analyze what processes or practices can or cannot be modified using IT to achieve more efficient business procedures.

While we would like to focus on how IT can improve our business model, if you have other ideas that are not IT-related we would be glad to discuss them as well.

In the interest of getting this out to you today, I am unable at this time to provide the telephone and pass code for telephone participation. We are setting up 8 bridge lines, 4 for the regions, and 4 for remote offices. I will send that information as soon as I receive It.

Subject: RE: Updated NRC Operations Center Watchlist for March 27 - April 2, 2011 (Pay Period 8)

Right now, for this weekend I have:
Grant 11-7 (Friday night to Saturday morning)
Jolicoeur 7-3 (Saturday)
Erlanger 3-11 (Saturday)
Grant 11-7 (Saturday-Sunday)
Jolicoeur 7-3 (Sunday)

BW/229

OPEN 3-11 (Sunday)

So, if someone wants Sunday evening, please let me know or I can reach outside our current group. I also have a request (below) for someone to cover Wednesday 3-11, preferably also covering either Tuesday or Thursday 3-11.

I also need another night owl, as Jeff Grant is working WAY too many shifts in a row (right now on the schedule I have Jeff is working three weeks straight...)

To: Grant, Jeffery
Subject: staffing

I need to talk with you about two staff – one is an offer of help (need to check quals with you) and the other is someone who has been helping, but does not appear to know response so I'm wondering about her quals as well.

Ah, isn't long-term response fun?

Also, you're working way too many shifts in a row. Did you sign on for that or did someone helpfully fill out the schedule for you Bill and I talked about a way to get you some time off – we can talk about that in the morning as well.

Cc: Morris, Scott; McDermott, Brian; Dudek, Michael; Williamson, Linda; Brockington, Tamyra; Tucker, Sharon; White, Chasity
Subject: ACTION - FOIA/PA-2011-0147 (EXPEDITED)
Importance: High

Your Division has been issued the following action:

SCOPE: Request for any and all information on the status of the damage to reactors & spent fuel pools the Fukushima Daiichi nuclear plant and the resulting release of radiation. (*This request covers all records relating to the ongoing Nuclear crisis in Japan from March 11th thru March 24th. You do not need to produce records that are covered by previous FOIA requests*).

~~Estimates~~ Records Due to NSIR FOIA Coordinator: 04/11/2011

Please remember, there are no extensions on FOIA requests. If you have any questions, please feel free to contact me.

****This request has been granted a fee waiver. Therefore, NO estimates are required.**

****For those offices who have been assigned earlier requests that have been granted expedited processing (2011-0118, 2011-0119, 2011-0120 and 2011-0135), you are to process those requests before others.**

Thanks,

Andrea Wimbush, Management Analyst
NSIR FOIA Coordinator

FREEDOM OF INFORMATION ACT
FOIA Records Request

This is a FOIA request for records. NRC's FOIA office has received an outside request for any records NSIR may have on the subject below.

FOIA Number: FOIA/PA-2011-0147

Date Received: 3/30/2011 **Requester's Name:** Jim Riccio, Greenpeace

Subject: Request for any and all information on the status of the damage to reactors & spent fuel pools the Fukushima Daiichi nuclear plant and the resulting release of radiation. (This request covers all records relating to the ongoing Nuclear crisis in Japan from March 11th thru March 24th. You do not need to produce records that are covered by previous FOIA requests).

Assigned Division(s): Front Office ☐ DSO ☐ DSP ☐ DPR ☑ PMDA ☐

NSIR Contact: Jane Marshall **FOIA Office Contact:** Stephanie Blaney

---

HOW TO RESPOND TO THIS REQUEST...

Please send an email to the NSIR FOIA Coordinator (FOIAPANSIR) indicating your initial estimate of search and review time, as well as the estimated volume of records, by the "Estimates Due" date below. Also provide a contact name for this item.

Estimates Due: **Records Due:** 4/11/2011

Include SUNSI Review Time in your Estimate

REMEMBER: Do NOT cross out or cut out withheld material yourself. It should be bracketed in the margin in pencil, with the exemption number beside it. (Exemption descriptions are included in the package. If the "How to Respond to an Innitial FOIA Request" section of your package beomes detached, please refer to ML060590485.) Also flag the pages. Return your records to the FOIA Coordinator by the "Records Due" date above.

WHEN YOUR RECORDS ARE READY...

Please provide the following information about your search for the NSIR FOIA Coordinator.

How did you find your records? ADAMS ☐ Ops Center ☐ Email ☐ Paper Records ☐ Other ☐

If "other," indicate:

Which sections in NSIR did you speak with?

Which offices (outside of NSIR) did you speak with?

Please list any search terms used for electronic searches.

*** RETURN YOUR RECORDS AND THIS SHEET TO NSIR FOIA COORDINATOR. ***

Offices Assigned Action on March 30, 2011

EDO;NMSS;NRO;NRR;NSIR;OCA;OIP;OPA;RES;RI;RII;RIII;RIV;SECY

(This request covers all records relating to the ongoing Nuclear crisis in Japan from March 11th thru March 24th. You do not need to produce records that are covered by previous FOIA requests.

This request has been granted a fee waiver. Therefore, NO estimates are required.

For those offices who have been assigned earlier requests that have been granted expedited processing (2011-0118, 2011-0119, 2011-0120 and 2011-0135), you are to process those requests before others)

The OIS FOIA/PA Specialist for this request is indicated in the "cc" to this e-mail.

The FOIA/PA request should be processed in accordance with the standard instructions (How to Respond to an Initial FOIA Request) at ML060590485. You are encouraged to ask for a scoping discussion with the requester when you believe it will be beneficial. You are encouraged to ask for assistance in performing adequate ADAMS searches if you are having difficulty doing a search.

Since the requester has been granted a fee waiver, your initial estimates are not required.

Subject: Expedited Fukushima FOIA Request
Attachments: Fukushima Expedited NRC FOIA.pdf

Dear FOIA branch

Attached please find our FOIA request for an expeditious release of the documents requested.

I noticed your disclaimer on the NRC FOIA web page.

This is an expedited request due to the fact that the NRC recommended evacuation within a 50 mile radius of the Fukushima Daiichi nuclear plant and that failure to obtain the requested records within an expedited time frame could reasonably be expected to pose an imminent threat to an individual's life or physical safety.

Should you have any questions concerning this request please feel free to contact me @ 202-319-2487

Sincerely,

Jim Riccio
Greenpeace

FOIA/PA REQUEST
Case No.: 2011-0147
Date Rec'd: 3-24-11
Specialist: Blaney
Related Case:

FOIA / Privacy Act Officer
U.S. Nuclear Regulatory Commission
Mail Stop T-6 D8
Washington, DC 20555-0001

FREEDOM OF INFORMATION ACT REQUEST

Dear FOIA Officer:

Pursuant to the Freedom of Information Act, 5 U.S.C. 522, as amended and 10 C.F.R. 9.8 of the Commission's regulations Greenpeace requests that the Nuclear Regulatory Commission provide us with any and all documentation regarding the on going nuclear crisis in Japan, including but not limited to any and all information on the status of the damage to reactors & spent fuel pools the Fukushima Daiichi nuclear plant and the resulting release of radiation. The NRC was right to recommend evacuation of U.S. citizens out to 50 miles. And Greenpeace would like to better understand the NRC reasoning and perspective on this ongoing crisis and the spread of radiation form the crippled nuclear reactors and spent fuel pools.

Please consider "documents" to include reports, studies, test results, correspondence, memoranda, meeting notes, meeting minutes, working papers, graphs, charts, diagrams, notes from drop-in visits and summaries of conversations and interviews, computer records, e-mail and any other form of written communications including internal NRC memoranda.

Pursuant to and in compliance with 10 C.F.R. 9.41 of the Commission's regulations governing requests for fee waivers, Greenpeace provides the following information.

Greenpeace seeks the requested information solely to contribute to and help shape the public debate concerning NRC's role in the regulation of the nuclear industry. The information provided by the NRC will be analyzed and extracted for use in an analysis of the NRC's regulation of the nuclear industry in light of the crisis in Japan to ensure that any lessons learned from this tragedy are quickly implemented at U.S. nuclear plants.

Greenpeace is a nationally known non-profit public interest organization founded in 1971. We will use these documents in preparation of our analysis of the NRC's regulation of U.S. nuclear power plants in response to the Japanese meltdowns, fuel damage & spent fuel pool drainage & damage. As Greenpeace's nuclear policy analyst I have over two decades of experience deciphering NRC documents and making the information contained in them more understandable to the public.

The requested information and Greenpeace's analysis will greatly contribute to the public's understanding of the Commission's role in regulating the nuclear industry.

We plan to broadly disseminate the information contained in our analysis to the press and the general public. For several years now our publications, comments and press releases

have been made available free of charge on our web site. The requested information will significantly increase the public understanding of the issue and the NRC's role in regulating the nuclear industry.

Our past publications have attracted attention in the local, national and trade media. Copies of the reports have been distributed to members of the public, the nuclear industry, citizen groups, federal & state governments and members of Congress.

Greenpeace has no commercial or private interest in the agency records sought.

Since "disclosure of the information is in the public interest because it is likely to contribute significantly to the public understanding of the operation or activities of the government and is not primarily in the commercial interest of the requester" (5 U.S.C. 552 (a)(4)(A) (iii)), we request a complete waiver of any processing or duplicating costs you might incur in providing these records to us. If you rule otherwise, please notify us before filling the request.

If all or any parts of this request are denied, please cite the specific exemptions on which you rely in refusing to release the documents.

Further, since the Freedom of Information Act provides that the remainder of a file must be released if only portions are exempt from disclosure, we request that we be provided with all non-exempt portions that are reasonably segregable. Of course, we reserve our right to appeal the withholding or deletion of any information.

Greenpeace is requesting that the NRC expedite this request. The disparity in evacuations recommended by the U.S. government as compared with the Japanese government poses an immanent threat to an individual's physical safety. Under the Freedom of Information Act, the NRC may place a request at the front of the queue if:

> (1) Failure to obtain the requested records within an expedited time frame could reasonably be expected to pose an imminent threat to an individual's life or physical safety, or
>
> (2) You are "primarily engaged in disseminating information" and there is an urgent need to "inform the public concerning actual or alleged Federal Government activity.".

If you have any questions about this request, please contact me at 202-319-2487.
Thank you for your attention to this expedited request.

Sincerely,

Jim Riccio

Subject: ACTION: FOIA/PA-2011-0135 (EXPEDITED)
Importance: High

Your Division has been issued the following action:

SCOPE: Request for 1)- all records created since March 10, 2011, containing measurements of radiation released to air, soil and water from the Fukushima reactors in Japan; 2)-all records containing analyses of measurements of radiation referred to in paragraph (1) above; and 3)-all records relating to the criteria and/or protocols used for the conduct of the radiation measurements and/or analyses described in paragraphs (1) and (2) above.

Records Due to NSIR FOIA Coordinator: 04/05/2011

Please remember, there are no extensions on FOIA requests. If you have any questions, please feel free to contact me.

****This request has been granted a fee waiver. Therefore, NO estimates are required.**

****For those offices who have been assigned earlier requests that have been granted expedited processing (2011-0118, 2011-0119 and 2011-0120), you are to process those requests before others)**

****However, if you are able to collect the responsive records, you may certainly provide them to me in advance of the other 3 FOIA requests.**

Thanks,

Subject: RE: Ops center coverage - ET Chronology

Ok - it should be pretty similar to your previous experience as Chron officer. There is an emphasis for getting things right (we've had a few errors that were pretty significant) and also remember to document the basis for decisions the ET makes (most have been getting the decision in, but not all have been putting in why that was decided). If you want to see the operation ahead of time, feel free to stop by the Ops Center. I'm on shift until a little before three today.

Subject: training and quals

is there a file somewhere that you can give me access to on folks' qual status? I want to try to rebalance the EST and EBT in terms of experience as we move forward. Ideally, we should be pairing the more experienced folks with the still learning folks. In some cases, we've had too many new folks on one team at a time, so there's not a real opportunity for KM.

Subject: Revised Testimony for Marty

Rebecca, I've attached a revision of the draft I sent Amy yesterday that now incorporates the 50 mile evacuation discussion. I only recently made contact with Jane Marshall in NSIR (who had been in the EOC today) and it is her staff that will respond to the other items the committee staffer has asked to be included. They will try to get something before the day is over, but that may not be possible. I've asked Jane to send the further revised testimony to you and me when she has something prepared.

Note: the basis of the attached testimony was Bill's remarks from earlier this week. I had sent to Amy yesterday showing strikeout, etc. to highlight changes being made from that version for Marty. The attached continues to track changes.

Hope this timing works for you!

Subject: RE: FOIA question

Thanks. On a related note, I'm gaining more confidence in the usefulness of the FOIA mailbox. While each individual may not have forwarded 100% of the relevant emails to the box, the fact that so many folks got the same emails greately increases the chance that it made it into the box. Also, since OIS can search for duplicates only within a single box, that might be the way to go to avoid duplicates.

Subject: Additoinal Information Multiple FOIA Requests

Subject: Multiple FOIA Requests

On March 28 I asked you to give me until the end of the week to develop some additional guidance and, hopefully, some automated tools to aid in how we handle the multiple FOIA requests we are receiving. Since that time, we have received even more FOIA requests. I have met with OIS staff to discuss guidance and possible solutions. OIS staff continues to meet with many of you who are involved in processing these requests to support your efforts. Here is where we are today:

We have received duplicate or very similar requests and we're confident that we will receive more requests for identical, similar or additional information. The OIS FOIA staff is aware of this situation and has not been tasking the agency when

BW/246

the requests are duplicates. They are sending these requests to the appropriate offices "for your information" so that you are aware of them, but the OIS FOIA staff will answer them from the information you provide on the earlier request(s) of that nature.

To assist with FOIA requests that require e-mail collection, OIS will provide technical support to search for e-mail messages based on specific criteria. This includes searching e-mail boxes, copying the messages into one e-mail folder and consolidating the entire e-mail folder into one document using Adobe that can be forwarded to the NRC Copy Center for printing. If you need assistance with e-mail search, please send an e-mail request to ICOD.Support@nrc.gov. *(NOTE: This mailbox will be available beginning on Tuesday, April 5th, 2011).*

As always, the Customer Support Center can assist you with general e-mail support (e.g. creating folders, search, etc.), please contact the Customer Support Center, 301-415-1234, Option 2.

We have encountered difficulty printing attachments to e-mails. We are testing that and will provide the group with an update next week on our test results for printing the embedded file attachments using a third-party utility. Meanwhile, for those of you who have decided to print your own e-mails, the instructions for converting an individual e-mail message to a new PDF, and the instructions for converting an e-mail folder to a new PDF are attached.

Additionally, based on input from the Office FOIA Coordinators, OIS is currently reviewing additional technical solutions related to automating large FOIA requests. We will provide periodic updates regarding the status of these efforts.

The Office of Administration, Division of Administrative Services, Publications Branch, Reproduction Section, is able to assist you with printing some of the large volumes of e-mails. A request may be submitted on NRC Form 20. To facilitate this, provide the files to them on PDF format on a CD, DVD, or a NRC encrypted thumb drive. The Reproduction Section can accept job requests via the reproduction.resource@nrc.gov e-mail box. For rush requests, please call ahead to (301) 415-2070.

It is understood that those of you whose resources have been strained by responding to the events in Japan are also dealing with the surge in FOIA requests about these evets. I realize that the normal response times required by the FOIA will not be met because of these exigent circumstances. I will discuss with the Deputy Executive Director for Corporate Management about the service level metrics and how we can adjust them to accommodate this unusually large number of requests. We will update you on the metric discussion in the near future.

There has been some misunderstanding about the meaning of an expedited FOIA request. An expedited request means that the request goes to the front of the already existing FOIA queue. The intent is to give this request priority for processing more quickly than would otherwise occur if it were placed at the end of the first-in, first-out queue. It does not mean that we must divert critical resources from other mission related work. However, I ask that you continue to work on these FOIA requests as your current resources allow. These requests cannot simply be set aside indefinitely without progress in addressing the request(s). The expectation is that progress will be made on these on a weekly, if not daily basis. Additionally, the OIS FOIA staff is thoroughly analyzing each request for expedited processing or fee waiver and applying the legal criteria. Expedited processing and fee waivers will only be granted when the criteria are met, and I am sure there will continue to be requests that meet these criteria. The OIS FOIA staff will tell you if a request has been granted expedited processing or a fee waiver, or whether a fee estimate is necessary.

Thomas Boyce
Deputy Chief Information Officer
Director, Office of Information Services
Nuclear Regulatory Commission

Convert individual email message(s) to a new PDF

1. In Microsoft Outlook, perform your search as you normally do within the application
2. Select the individual email message(s) to PDF.
3. Choose Adobe PDF > Convert Selected Messages > Create New PDF.
4. In the Save Adobe PDF As dialog box, select a location, type a filename, and click Save.
5. When the conversion is complete, the new PDF file will open in the Adobe Acrobat application.

Convert email folder(s) to a new PDF

1. In Microsoft Outlook, choose Adobe PDF > Convert Selected Folders > Create New PDF.
2. In the Convert Folder(s) To PDF dialog box, select the folders. Then select or deselect the Convert This Folder And All Sub Folders option and click "OK".
3. In the Save Adobe PDF File As, select a location and name for the PDF Portfolio.
4. When the conversion is complete, the new PDF file will open in the Adobe Acrobat application.

Hi Jane,

We have three stress management briefings scheduled for the Ops Center Staff tomorrow (times are: 7:00am, 2:00pm and 3:00pm). To ensure Ops Center staff is aware of the briefing being offered for them as they come on or off shift, we were hoping that a Status Officer could remind employees of the briefings as they are coming on and/or off their shift. Michele Evans noted you may be able to assist us with this?

Thanks!
Sarah

Subject: RE: April 9-16

Hi Jane,

By all means, I do not wish to add concerns to this situation, and only wanted to be of use, as a volunteer at the NRC Ops Center, when needed, to unburden some of the responsibilities of the NSIR staff.

Performing as EBT Admin Assistant was not a difficult role for GG-13s and GG-14s Management Analysts and Program Analysts, such as I and several of my counterparts in NRR. As a matter of fact, I rather enjoyed it. Further, a couple of these volunteers from NRR approached me earlier today and asked if I'm still volunteering in the Ops Center, and I also discovered they too have never served as responders until the same time I did, for the Japan Earthquke/Tsunami crisis, yet, curiously, they are continuing to serve as volunteers as EBT Admin Assistant.

As always, should you all need additional assistance, please don't hesitate to contact me.

Tonya-
The Operations Center staffing procedure puts trained and experienced response staff on the schedule first, and where necessary fills in with other volunteers. As you have not previously been part of the incident response organization, you are not qualified in any response position. We appreciate your filling in where we have been short staffed, but please understand that we must staff the response with qualified responders whenever possible.

Subject: RE: April 9-16

Tonya,
I did not make any changes to the schedule after you left on Friday, other than for my own shifts to fill holes that were present.
As we are working towards cutting back the EBT staffing altogether, it is extremely important that the shifts that do remain be filled for the entire shift time. As you and I discussed, it is important that the EBT Admin Assistant position be filled beginning at 3pm for the 3-11pm shift. Tony and I also discussed this. Perhaps, since your availability does not cover the entire length of the shift, changes were made to the schedule resulting from that conversation.
Will you be available from 3pm - 11pm for the shifts that you indicated below?
We all appreciate your enthusiasm and willingness to help.

Subject: FW: April 9-16

Hi Sara:

While on shift with you yesterday (FRI 4/1/11 5:37pm), Tabitha Howard forwarded my schedule for week of April 9-16. [Please see below.] This morning (SAT 4/2 7:30am, I noticed I had been removed from the current schedule for the dates, in RED. As a result these slots are now available. I wish to be reinstated for these slots, if needed.

Per Jim Anderson, he did not make the schedule changes, and I assume you did.

Please be sensitive that we make adance logistal arrangements with family and friends for coverage in order to support the NRC Ops Center. For planning and coordination purposes, if you had made these changes, I wish that you had notified me first of my schedule changes before removing me from schedule.

As always, I am more than willing to lend support. [FYI, at this moment, I noticed slot for EBT Admin Assist is available for WED 4/6 3-11pm - I can fill this spot from 4:15-9:30pm if needed.]

Thanks for understanding.

Tonya

Cc: Marshall, Jane; Morris, Scott
Subject: LT staffing as we move forward

Just to clarify LT staffing going forward....we need to fill one LT position 24/7 for several more weeks....Someone has decided we need to staff 7 shifts, or teams.

I assume I have latitude to schedule people for those 7 shifts/teams. For example, Milt Murray, Janelle Jesse and Rani Franovich are excellent coordinators and will be on my staffing list, but I need to work them parttime in the LT, as they have their own FT jobs to do. In other words, I may need to ask 10 people to help fill the 7 shifts/teams to adequately staff the LT while respecting the demands of branches and divisions who want their people back at least parttime.

Thanks

Jeff

Doug-
I need to have Melissa Ralph staff a newly developed position in the ops center that's basically a cross between a TA and an MA position. This will be the first shift for this new position (7-3 on Monday) and she'll be the one to help clairify the expectations for this position. I understand you need her back in "regular work," but this is a unique opportunity for her to excel in a high-visibility activity.

Cc: Taylor, Renee
Subject: draft EDO Update

I am sure that you are all aware that a federal government shutdown was averted on Friday when the House and Senate agreed, in principle, to a negotiated budget for FY 2011. Of course, the details still need to be worked out, so I cannot tell you at this point what the final impact—if any—will be for the NRC. In the meantime, we will carry on as normal [*mention travel/TTC?*]; and as always I will share any new information as it becomes available.

On a different topic, it has been more than an month since Northern Japan was struck by the devastating earthquake and tsunami. While the situation at Fukushima Daiichi has improved, it still requires monitoring. Our site team deployed to Tokyo will continue to be staffed at the current level. Additional NRC employees are preparing to depart for Japan to replace current staff, allowing them to return home. The headquarters Operations Center, meanwhile, will be realigning to better serve the changing information needs of stakeholders.

Beginning today, the Ops Center will continue to have enhanced staffing around the clock, but will have fewer individuals per shift. Their focus will be coordination and communications, with most technical work associated with the Fukushima response shifting to the line organizations, such as NRR. The line offices will be leveraged to perform the detailed analysis previously performed by the full Reactor Support and Protective Measures Teams in the Ops

BW/261

Center. Taskings to the line organizations may take the form of "Red Tickets"—with deadlines sometimes measured in hours—to reflect the needs and priorities of the response effort, especially the site team in Japan. I would ask that Office Directors and other supervisors recognize the importance of rapid response, when indicated, and authorize staff overtime as appropriate. This is a pilot approach to help shape our long-term plans for staffing the Ops Center, and will be re-evaluated at the end of the week.

I continue to encourage you to consult the multiple information resources available on the special section of our public website devoted to events in Japan: http://www.nrc.gov/japan/japan-info.html. Everything in this section, including testimony before Congress, is public information, so you can feel free to share this with interested friends and family.

Subject: ACTION: New skill set - Identify 4th wave of NRC staff to Japan

In talking with Chuck this morning he identified 2 additional staff skill sets that he needed, as described below.

1 - Someone who could fill a PM role and specifically help us with the equipment logistics eg coordination with USAID to obtain repair equipment and who can help determine the technical priority of that equipment. That is help judge how urgently the equipment is needed based upon plant status. So they need logistical skills and BWR plant knowledge.

2 – A nuclear plant seasoned generalist. This person would be involved in figuring out how to move a lot of water with temporary systems.

3 – I haven't identified the 4th person for the originally requested SAMG/EOP/Severe accident skill set. There are two names that I am considering from the previously provided names. I will contact offices directly for some info. Meanwhile, if there are any other nominations for this skill set, please provide them to me.

These three individuals would travel by 4/14. Please provide names as soon as you have them and by COB Monday 4/11 at the latest.

Thanks!

Michele

BW/262

ODs/RAs

Thanks for all of the input I have received so far. Since Wednesday, views regarding composition and length of stay of the site team to Japan have evolved.

First, be aware that the staff selected to go to Japan will be expected to be deployed for up to 3 weeks, instead of the previous 2 week commitment. Therefore, staff leaving the country on April 12/13, would return around May 3/4.

Second, approval has been given for Chuck to maintain a team of about 11 people for the immediate future. It has been decided that the protective measures component of the team, does not need to have the specific expertise that was previously noted. Any modeling work/analysis that would need to be done, would be completed here at HQs. Instead, Chuck has indicated that he is looking for **someone with a health physics background that could assist in briefings and can effectively communicate radiation exposure and contamination to a lay audience.**

I will be in contact with Chuck over the next 24 hours to further discuss the composition of his team of 11. If there is a skill set needed that hasn't been identified in this email or the one below, I will send you that information tomorrow.

I still plan to be able to identify at least 4 staff to support Chuck's original request by Sunday, so their travel could start on 4/12 or 4/13.

With regard to the new request above and any additional request that I learn from Chuck in the next 24 hours, please provide all nominees by COB on Monday 4/11. Those individuals would be expected to travel later in the week (target 4/14 or 4/15).

Sorry about this lengthy email. If something is not clear, feel free to call me or email.

Subject: ACTION: Identify 4th wave of NRC staff to Japan

ODs and RAs:

There is discussion of potentially sending an additional 6 or so staff to Japan.

These individuals would likely depart the USA on April 12 or 13, with a return date of about April 27. (For awareness, this time period spans religious holidays)

Specifically Chuck is looking for 4 individuals with severe accident experience. Lots of EOP/SAMG experience. He is looking for two protective measures staff. Specifically an ingestion pathway person and a "plume" person.

As always, looking for these skill sets combined with the best interpersonal skills.

OD/RA ACTION:

1. **Please confirm that you received this email.**
2. **Please identify potential candidates to me by COB Friday April 8.**

If you have any questions or need any clarification, please call me. Thank you.

Subject: RE: Japan FOIA Meeting Background Info

Not really sure on that one. The pushback we (both NSIR and OIS) are getting from other offices is from the FOIA coordinator level mostly – they just want to print their documents and have someone else review. They're watching their tracking sheets and going by the old "an action transferred is an action complete" adage. NSIR will have to do tons of review (many of the "named" folks on the email FOIA are NSIR) and we don't mind leading the effort, but we can't be the whole game. As supportive as OIS has been, that still isn't going to get the documents reviewed and released in a reasonable time frame – OIS just doesn't have the infosec expertise to do a heavy lift on the review. So Jim is looking to get a high-level mandate to make this the agency action it needs to be. That's my best guess on his motivation.

Subject: Japan FOIA Meeting Background Info

Darren,
This morning, you, Tom, and I met to discuss the meeting you will be having with Jim Wiggins tomorrow. The following and the attachments are more background information for you.

I met with Jane Marshall to continue contact and to see what we can do to help. She is requesting that OIS sort through the duplicate records. The FOIA staff has agreed to do this.

BW/267

She said that Jim supports "bundling" the FOIA requests. This concept was provided for Jane's review in the first attachment ("Japan FOIAs"). The FOIAs identified by number in the first attachment are briefly described in the second attachment ("FOIA Requests").

Jane also requested that OIS print all of the emails and attachments. She is award that we are doing so. She was also concerned that we capture Chris Miller's email prior to his leaving for Region I. That will not be an issue; his mailbox will still contain all of the records requested by any FOIA.

Jane said that Jim is stressing that this is an Agency issue, not an NSIR or an OIS issue. He would like to request help from the offices, i.e., have them "anti-up." The third attachment ("Offices Involved with Japan Related FOIAs") identifies the affected offices. Jane indicated that would be helpful for you to have in your back pocket.

The fourth attachment is a list, as of Friday, of the number of FOIA requests received since March 11 (71, compared to about 26 normally).

The fifth attachment is an email containing updated printing times for the DocuTech printer to print the emails and attachments. It is faster than originally reported last week – 15,686 pages in 2.4 hours.

Jane kept repeating "Anything you need from us?" It has been a pleasure to work with her, and Donna has expressed that sentiment, too.

Please let me know how else we can support you for your meeting tomorrow.

All,

The Chairman has approved a reduced staffing roster for this upcoming week. The reduced staffing will begin on Monday morning at 7am and will only include 6 positions, and as such, many of the previously staffed shifts will not be staffed. Please be aware that many of the positions on the attached list were changed to "N/A". While we appreciate your continued support, if your name was changed to "N/A", you will not be needed in the Operations Center.

If you have any questions, please contact your team coordinator and the following cognizant individuals:

Liaison Team: Jeff Temple
Reactor Safety Team: Rick Hasselberg / Peter Alter
Protective Measures Team: Lou Brandon
Executive Support Team: please reply to this email

Thank you,

No. We excessed all of our air samplers several years ago cause we didn't use them, didn't want to maintain them and we didn't have room since we had to downsize the lab from the old space to the closet.

Cc: Boyce, Tom (RES); Taylor, Robert; Blamey, Alan; Giessner, John
Subject: FW: Operations Center Lessons Learned - Japanese Earthquake/Tsunami Event

Rick:

In general, I think the RST did a very good job in working with the Japan team while I was there. The exception is that turnovers were often ineffective. We would get a commitment from the RST on one shift, and the next shift would have no idea about the commitment. This happened often enough and with enough of a variety of watchstanders that I consider it a generic opportunity for improvement.

Mike

Subject: FW: Operations Center Lessons Learned - Japanese Earthquake/Tsunami Event

Mike,

As we discussed today, below is what I received on how to submit lessons learned. This email came from the OPS Center.

Upon review, I'm not sure this is the best path to get feedback from the Japan site team. I do think the feedback of the site team would be quite valuable, however.

Subject: Operations Center Lessons Learned - Japanese Earthquake/Tsunami Event

Good Afternoon,

Please provide any lessons learned regarding your experiences and potential improvements from your time in the Operations Center during the Japanese Earthquake/Tsunami Event response in the Operations Center by COB, Friday, April 22, 2011.

There are several ways to provide your lessons learned:

1. Send an e-mail to your team response program manager:
   a. Executive Team (ET) and Executive Support Team (EST) positions: Jeff Grant (Jeffery.Grant@nrc.gov)
   b. Reactor Safety Team (RST) positions: Rick Hasselberg/Peter Alter (Rick.Hasselberg@nrc.gov; Peter.Alter@nrc.gov)
   c. Protective Measures Team (PMT) positions: Lou Brandon (Lou.Brandon@nrc.gov)
   d. Liaison Teams: Jeff Temple (Jeffrey.Temple@nrc.gov)

2. Within WebEOC
   a. In Operations Center – click on icon on desktop

b. From office or via Citrix, open Internet Explorer and type in the following IP address in the URL: 148.184.213.135

c. Once logged in, on the main control panel under Menus, select HOC Menu. Then click on the board entitled "Comments and Issues." Then click "New Entry" button (upper right corner). Type in your comments or Issues and/or your Suggestions for improvement in the appropriate boxes. Click Save when finished.

Thank You,
OST02/01

Subject: FOIA Guidelines

Jane – Can you forward me the appropriate FOIA guidelines that would be used by the Office Liaison we are trying to identify to support FOIA resolutions? I discussed with Brian using Walt Lange in this function, but we would like to forward what we have regarding FOIA process to Walt to get a sense on how comfortable he feels operating in this environment. Can I also refer Walt to you so he can get a better sense of what this activity may involve? Thanks.

Joe

Things to work into the transition document.

We need to clarify the ET Director's role in all of this. Let's talk more after the 3pm meeting.

From: Virgilio, Martin
Sent: Wednesday, April 13, 2011 1:14 PM
To: Evans, Michele
Cc: Leeds, Eric; Wiggins, Jim; Dyer, Jim
Subject: Transition Plan

Michele

I have spoken with Eric about the 3 pm meeting and we are in agreement that the program office will take the lead and the ownership for stability. Please consider how best to communicate this to the ops center watch standers. Maybe a part of shift turnover and another field or comment on the Table.

Who represents NSIR at the 3 pm meeting. If that is Trish that is acceptable. She has evolved from ops center PMT to NSIR's rep. And NSIR now becomes the owner of the composite assessment document.

How do we ensure knowledge management and transfer around today's decision on the conditions supporting the return of US citizens to Tokyo? This was not a "line office" decision, but could/should belong to NSIR.

These are all details that we need to would into the next generation of the transition plan document.

To: Marshall, Jane
Cc: Pearson, Laura; Holahan, Patricia
Subject: Reaching NRC Team Japan

Hello Jane,

Continuing our CI conversation, have we got someone in country with appropriate clearances to whom we could pass the two slides we briefed at this morning's threat brief? Once our basic CI briefing is complete (SECRET level), we could also send that to the NRC Team in country. We have independent contacts that could facilitate the information exchange, but if we've got someone there now who has access, I'd prefer to use that channel.

If I were an NRC team member in-country, I might think "thanks for telling me a month after I arrived," but the longer they are in country the better from a FIS perspective. We shouldn't necessarily assume they got a CI brief by Embassy personnel. Given the crisis atmosphere, it's unlikely they got anything beyond basic "in-processing" at the Embassy. Regardless, a little redundancy here is not a bad thing.

Thanks,
Todd

Subject: Japan event response staffing - PMT

The decision has been made to move to a smaller group of responders for the Operations Center, and to limit the number of folks rotating through each position to enhance continuity. The idea is that responding to the Japanese events will be your primary task for the next 3-4 weeks, at which point we can re-evaluate our staffing, change staff, or if you choose, continue to support the response. Please let me know your interest and availability. Ideally, we would like to start this staffing on April 17. If you need supervisory support let me know and our respective Office Directors can discuss.

This approach has been discussed and approved by the Chairman and EDO.

Thanks,
Jane

Importance: High

Office Directors (NRR, NMSS, FSME, NRO, RES, OIP, OCA, OPA):

As described in the attached document, the Chairman has approved reduction of the Ops Center staffing for the Japanese event. We intend to implement this reduced staffing level as of day shift on Monday 4/11 at 7 am. At that point in time, the goal is to reduce to 6 individuals on each shift – ET director, two RST representatives, one PMT representative, one LT representative, and an ET admin assistant.

Bw/293

We are defining the roles and responsibilities of these positions and considering changes to the work we are doing in the Ops Center given the reduction in staff. For example, we will be producing shorter, less frequent status updates, participating in less conference calls, and providing less briefings.

In order to continue to provide high quality support to the site team in Japan, we do expect to provide more requests for action to the line organization. **In order to control these requests within each office, please provide an office point of contact (and alternate if deemed necessary), to me by noon on Monday, April 11.**

Thank you for your continued support of this effort.

Scott:
I need your HP to request some support for staffing the ET Support position. Please send a note requesting support to your counterparts in DSP and DSO to ask if they can loan us folks on a more permanent basis to:

Tasks for the ET Support position include managing tickets in WebEOC and SharePoint, revising short documents, and monitoring communications with other NRC offices. Many of the other admin functions (parking, email forwarding, etc) have been removed from this position. This person will also be responsible for coordinating with the HQ team to facilitate the completion of actions and tracking of progress on tasks. The EST responder will also facilitate emergent CA briefing calls and other ET communications as necessary.

Jane

April 16, 2011 1500 EDT

Operations Center Transition Plan to Reduced Staffing for Fukushima Dai-ichi Event

Based on the Chairman's April 8, 2011 memorandum to the EDO with approval of Operations Center staffing for the Japan event, staff is beginning to transition current staffing levels to a six-person team as described in the memorandum:

The intent of this document is to detail the actions taken and planned for an orderly transition to the six-person agency watch staff, the associated actions to transfer incoming requests to NRC line organizations, and the subsequent reduction of products delivered by the agency watch team and/or participation in conferences or calls regarding the event. It is expected that each NRC Office will have a central point of contact and a distribution network to properly process and distribute to key available staff members the requests sent by the agency watch team as it continues to support the needs of the Site Team in Japan. The principal roles of the team in the Operations Center are to provide a point of contact for the site team and to ensure that site team needs are met with a similar response time as a fully-staffed Operations Center. The change is that the Operations Center team is not expected to provide support directly, but rather to manage that support from the line organizations. The Operations Center team will provide direct support consistent with the limited resources and available skill sets of the new team size.

Messaging on Transition

NRC is realigning the functions for the Japan Earthquake and Tsunami response to better serve the changing information needs for stakeholders. The following realignment will occur, beginning Monday April 11, 2011:

1. The NRC Site Team in Japan will continue to be staffed at the current level. Additional NRC staff have departed the U.S. for Japan for turnover to allow some of the current staff to return to the U.S.
2. NRC's line organizations will be leveraged to perform detailed technical analyses previously performed by the full Reactor Support and Protective Measures Teams in the NRC HQ Operations Center.
3. The Headquarters Operations Center will continue to have enhanced staffing around the clock dedicated to this response, but will have fewer individuals per shift in the Operations Center. Their focus will be coordination and communications while shifting most of the technical work associated with this response to NRC's regular line organizations.

The following pages will define actions by team:

Executive Team

1. Define roles and skills needed for each position.
2. Determine when and if temporary augmentation of the Ops Center staff is needed (when tasks cannot be efficiently or effectively worked through the line organization), which skill sets are needed, and the duration of the augmentation.
3. Conduct Commissioners' Assistants (CA) briefings as described in Recurring Daily Actions and Calls List (See WebEOC – ET Misc. Document Collection).
4. Ensure that the Ops Center Status Update is revised once per day at 1200 EDT.
5. Ensure consistency in document nomenclature for various documents and responses to information requests. Identify reports/documents to be sunsetted, as more global documents are created and kept up-to-date.
6. Oversee the management and closeout of tasks in the Task Tracker.

ET Support Team

1. Manage updates to the One-Pager - Fukushima Daiichi.
    a. Receive updates from each team and vet them through ET Director before end of each shift.
    b. Distribute via email to Chairman and other individuals (See EST Instructions).
    c. Post to SharePoint & WebEOC
2. Manage WebEOC Logins.
3. Coordinate email forwarding as needed for IAEA, DOE SitReps, faxes, and other documents (See EST Instructions).
    a. DOE SitReps need to be reviewed by PMT before being forwarded to CA's.
4. Ensure that the SharePoint site is updated with relevant documents.
5. Ensure that ET Log Book is updated before the end of each shift.

NSIR Incident Response Staff (weekday dayshift; as part of the line organization)

1. Implement a process for capturing relevant items from various workstations and emails (an auto-forward or bounce-back message may help for emails).
2. Provide SharePoint and WebEOC access and instruction to support staff so that SharePoint can be utilized once the briefing products are consolidated/discontinued.
3. Determine an effective method to track actions, information, and decisions if Chronology is to be discontinued.
4. Address Ops Center operational issues (facility and Ops Center computer system issues).

Protective Measures Team

Protective Measures Team (PMT) will be staffed with a single individual/shift from the following qualified emergency response organization (ERO) roster positions:

a. PMT Director
b. PMT Deputy Director
c. Protective Action Asst. Director
d. Radiological Assessment Asst. Director
e. Dose Assessors

Responsibilities of the PMT include:

1. Lead the overall PMT activities for the Japan Event.
2. Lead periodic calls with Japan site team PMT counterparts, PACOM counterpart, and other contacts as specified in Recurring Daily Actions and Calls List (See WebEOC – HOC Menu >> ET Misc. Document Collection).
3. Develop assessments on PMT activities for Japan site team and appropriate stakeholders.
4. Provide recommendation on release of PMT assessments to the ET director.
5. Monitor and update tasks assigned to the PMT in the Task Tracker.
    1. Add additional tasks as needed.
    2. Coordinate with Line Organizations as needed.
6. Provide updates to One-Pager to ET Support (OST01) one hour before end of shift.
7. Review DOE SitReps, provide feedback to ET Support (OST01) to share them with CA's.
8. Provide recommendations / assessment of protective actions, and radiological assessments for American citizens in Japan upon request.
9. Provide Liaison Team with updates to Daily NRC EOC Status Update (1200 EDT).

Reactor Safety Team

The **BWR Expert Position** is staffed with a person with the following skills: Strong BWR experience and continuity in the Japan event in RST area.

Responsibilities include:

1. Lead the overall RST activities for the Japan Event
2. Lead periodic calls with the consortium and Japan site team as specified in Recurring Daily Actions and Calls List (See WebEOC – HOC Menu >> ET Misc. Document Collection).
3. Develop assessments on RST activities for Japan site team and appropriate stakeholders.
4. Provide recommendation on release of RST assessments to the ET director.
5. Monitor and update tasks assigned to the RST in the Task Tracker.
    a. Add additional tasks as needed.
    b. Coordinate with Line Organizations as needed.
6. Provide updates to One-Pager to ET Support (OST01) one hour before end of shift.\
7. Provide Liaison Team with updates to Daily NRC EOC Status Update (1200 EDT).

The **Severe Accident/BWR Analyst Position** is staffed with a person with the following skills in priority order: (1) severe accident/PRA, (2) BWR experience, and (3) Ops center function and equipment experience.

Responsibilities include:

1. Provide support to the BWR expert on RST assessments
2. Provide updates to Fukushima status update chart
3. Monitor and update tasks assigned to the RST in the Task Tracker.
    a. Add additional tasks as needed.
    b. Coordinate with Line Organizations as needed.
4. Provide updates to One-Pager to ET Support (OST01) one hour before end of shift.
5. Provide Liaison Team with updates to Daily NRC EOC Status Update (1200 EDT).

Liaison Team

The LT Coordinator is responsible for providing liaison support to the Operations Center team consistent with normal Liaison Team responsibilities. The LT coordinator will work with the POCs identified in each supporting office (principally OIP, FSME, OPA, and OCA) to ensure that tasks, deliverables, and schedules are understood by the appropriate line organization.

Responsibilities of the LT include:

1. Conduct and participate in calls as specified in Recurring Daily Actions and Calls List.
2. Maintain the Recurring Actions and Calls List.
3. Monitor and update tasks assigned to the LT in the Task Tracker.
    a. Add additional tasks as needed.
    b. Coordinate with Line Organizations as needed.
4. Revise and distribute the NRC EOC Status Update at 1200 EDT Daily. Obtain input from PMT/RST.
5. Provide updates to One-Pager to ET Support (OST01) one hour before end of shift.

Line Organization POCs:

- FSME – FSME Rids box, George Deegan, and Robert Lewis
- NMSS – Doug Weaver
- NRO – Jeff Ciocco (backup: Tom Kevern)
- NRR – Pat Hiland (backup: Dave Skeen)
- NSIR – Michael Dudek
- OCA - normal process
- OCFO – Jim Dyer (backup: Milton Brown)
- OIP –Steve Bloom (backup: Danielle Emche)
- OPA – normal process
- RES – Kathy Gibson (backup : Mike Case)

Process for handling tasks that fall outside of the purview of the Operations Center:

1. The assigned Ops. Center team will forward the action to the appropriate program office POC, with cc to Jim Andersen (OEDO).

2. Ops. Center team will request the program office to confirm receipt and provide an office ticket number to acknowledge acceptance of the action.

    a. If the program office does not think the tasking is appropriate, or wants to discuss with OEDO, they will contact Jim Andersen.

    b. OEDO will reassign to another program office, if appropriate.

3. The Ops. Center task in WebEOC Task Tracker will be updated to show Line Organization assignment upon receipt of the ticket number from the assigned program office or OEDO.

To: Marshall, Jane
Subject: Operations Center Phone System Problems

Jane,

Some feedback from the Surry event over this past weekend: Victor McCree and Len Wert were both frustrated by the headquarters notification system. They received a recoding from the HOO to call. When the recording asked for their personal ID code they had no idea what to enter. They used to enter "2" for our region number. They knew nothing about entering a home phone number for the ID code.

I don't think universal guidance or training has been conducted to train managers on the notification system. They were both frustrated when they couldn't operate the phone system during the event. Can you give us some guidance on this so we can train our responders?

Subject: RE: report on employee

Hi Jane!

I checked with my colleagues and we determined that it would be best to report this incident to security in order for them to complete an investigation. Thereafter, a determination with regard to any disciplinary action would be determined by the appropriate parties. If you have any further questions or concerns, please give me a call. Thanks

John

Subject: report on employee

John:
We are dealing with the response to the events in Japan – someone on one of the response teams told me today that about three weeks ago someone came into the Ops Center for duty while drunk and not "fit for duty". The employee that was drunk ("or something") does not work in NSIR, and the alleged incident was three weeks ago, not allowing me any chance to make any observations on my own. But given the severity of the alleged behavior, I thought I'd check with you and see what the process is for this. Supposedly, there is at least one "Witness".

Thanks,
Jane

Per our discussion yesterday, there is the link for FOIA. We can embed direclty in the E-mail using the "Insert" capabilities. Also, I think Russ' suggestion about adding a bit on TF training by the FOIA staff is worth doing. Your thoughts?

Cc: Sealing, Donna
Subject: RE: E-mail to Offices

Joe,

Here is the link to our OIS FOIA page. If you provide it and direct them to the document entitled "How To Respond To a FOIA Request" it is our guidance document that includes explanations of the FOIA exemptions. It will get them familiar with the exemptions, but I recommend you include in the email that OIS will conduct a kick off training session with the Task Force once it is assembled, and prior to the kick off

BW|308

training they should complete the iLearn web-based course entitled, "The Freedom of Information Act (FOIA) (web-based)." In iLearn search the catalogue for "FOIA" and it will come up. It should take less than an hour.

Note that the "How To" document has not yet been updated regarding the Supreme Court's decision on Exemption 2. We're waiting for OGC to approve the reworded Exemption 2 language in MD 3.1 and then we'll update the guidance document with the same information. It will be updated by the time the TF starts and we will cover Exemption 2 in detail during the kick off training.

Bruce—
Thanks for coming in for part of the shift – that will keep Mike from having to work a 17 hour day (I understand you fully know how that feels…). What time works for you to arrive, so I can give Mike the heads up? He's flexible, so you can try to get some more sleep before you come in.

Vince,

Tony called for another reason, and I asked him when the Japan Team is to go to Yokota AB. Things are still being worked out, but they are trying for this coming Friday, 4/22. Tony said that the plans currently are that it will just be with Air Force, no Navy. Of course things are still being negotiated, and they may not know until the van picks them up.

Michelle

BW1319

As noted in the most recent edition of the NRC Reporter, NRC is receiving a high number of Freedom Of Information Act (FOIA) requests following the earthquake in Japan on March 11, 2011. Given the magnitude of records involved with these requests, NRC has decided to consolidate as many of these FOIA requests as possible rather than treat them in the usual case-by-case manner. NRC is standing up a Task Force (TF) to review the identified records, and determine which information is releasable under FOIA.

Your office is requested to support the FOIA TF by dedicating staff to the effort. NSIR will provide a project manager and staff for the TF, OIS will provide a FOIA expert as part of the TF and is identifying and will obtain technologies to assist in searching for duplicate records electronically. OGC is requested to provide an attorney with FOIA expertise, and offices are requested to provide staff familiar with the technical information from the response for the TF. OIS will provide additional training to the TF members on FOIA processes and exemptions as the TF begins to review documents.

Offices that are currently working on the specific FOIA requests that the TF will review will be notified once the TF is assembled and should include those efforts as part of the TF to ensure consistency across the agency. Staff should preserve records that are requested by the FOIAs, as identified by your Office FOIA Coordinator.

Meeting Status:	Not yet responded
Organizer:	Morris, Scott
Required Attendees:	Grant, Jeffery; Temple, Jeffrey; Marshall, Jane

When: Monday, May 02, 2011 10:00 AM-10:30 AM (GMT-05:00) Eastern Time (US & Canada).
Where: T-4E9 (Scott's Office)

Note: The GMT offset above does not reflect daylight saving time adjustments.

Requested by: Scott Morris

Your Questions to NRC regarding response to a domestic "Fukushima-like" event

NRC's Independent Role and Federal Response Activities

- During a domestic crisis involving a commercial nuclear power plant (NRC licensee), the NRC would participate in the Federal response consistent with its established role in the National Response Framework (NRF) and the Nuclear/Radiological Incident Annex.
- DHS would lead coordination of the Federal response and the Secretary of DHS would serve as the Principal Federal Official for domestic incident management (per HSPD-5 and NRF).
    - For operational response activities, NRC would be a "cooperating agency" under the NRF when DHS leads Federal coordination.
        - NRC would retain the lead for oversight of activities performed by its licensee(s) and for communications with these licensee(s).
        - NRC would be integrated into the activities of the Federal Radiological Monitoring and Assessment Center (FRMAC) when one is established.
    - For potential/emergent Federal policy issues associated with response activities, NRC would collaborate with interagency via the established framework (i.e., Domestic Resilience Group meetings, "Deputies" meetings, "Principals" meetings, etc.).
- The NRC would continue to execute its legal authority through assessment and oversight of the licensee's response.

BW/322

- NRC can issue immediately effective Orders to direct licensee actions, if necessary.
- NRC provides support in the form of information and consultation to the State/local decision maker(s) regarding protective actions, if requested.
- NRC would model the radiological source term (based on plant and field monitoring data) and the Interagency Modeling and Atmospheric Assessment Center (IMAAC) would use this information to model potential dispersion.

- Decisions regarding evacuation or other protective actions, including potassium iodide (KI) administration, are the purview of the State/local decision-maker(s). Through its communication channels established and tested during frequent radiological exercises, NRC would advise the State/local decision-maker(s) on any disagreements it has with either the licensee's protective action recommendations or the protective action decisions made.

Federal Response to Fukushima Reactor Events

- The NRC is actively collecting "lessons learned" regarding its response to the Japanese tragedy, and will prepare an action plan to address the issues identified.

Dr. Idar,

Given that much of the call was spent describing the current radiological status on the ground in Japan, I think a short summary of that status would be useful in the telecon summary. Here is a proposed paragraph.

ALCON:

The draft read-out from today's 1600 Telecon on the Low Level Radioactive Waste (LLRW) Disposition is attached (and copied below) for your review. I welcome feedback from the participants on any missing
due-outs or key points.

Thanks again to all that were able to participate in our discussion.

Best,

Deanne

<<...>>
Low Level Radioactive Waste (LLRW) Disposition IA (Sub-set) Telecon:
1600-1700 Thursday, 6 April 2011
Participants:
1. NNSA/DOE: EM HQ Office of Disposal Operations Office, General Counsel, NE
2. EPA
3. NRC
4. NSS
5. DoD: DoD LLRW Disposition Advisory Committee Chair, Naval Reactors, OSD(P)/CWMD
Facilitator: Dr. Deanne J. Idar, OSD Policy/Global Strategic Affairs/CWMD/ CBRN Defense

Due outs:
1. DOE: Verify if DOE AMS assets have had any radioactive levels above clearance criteria; follow-up w Julie Bentz, NSS
2. NRC: provide DOS POCs information to OSD(P)/CWMD who will distribute to DoD LLRW Disposition Advisory Committee Chair
3. NSS: facilitate connection to DOS contacts for OSD(P)/CWMD

Agenda
1. Roll Call
2. Review of 4 questions posed by DoD LLRW Disposition Advisory Committee

(b)(5)

3. Wrap up

Meeting Summary:

The objective of today's telecon was to assist the DoD in developing the appropriate guidance to address any regulatory requirements for the appropriate disposition of LLWR generated by DoD operations in support of Operation Tomodachi OCONUS and CONUS. The 4 questions identified above were reviewed. Key points follow:

(b)(5)

(b)(5)

See background NRC regulations information provided by Ms. Janice Owens, NRC, regarding general license for import, and definitions as follows.

§ 110.27 General license for import.

(a) Except as provided in paragraphs (b) and (c) of this section, a general license is issued to any person to import byproduct, source, or special nuclear material if the U.S. consignee is authorized to receive and possess the material under a general or specific NRC or Agreement State license issued by the Commission or a State with which the Commission has entered into an agreement under Section 274b. of the
Atomic Energy Act.
(b) The general license in paragraph (a) of this section does not authorize the import of more than 100 kilograms per shipment of source and/or special nuclear material in the form of irradiated fuel.
(c) Paragraph (a) of this section does not authorize the import under a general license of radioactive waste.
(d) A person importing formula quantities of strategic special nuclear material (as defined in § 73.2 of this chapter) under this general license shall provide the notifications required by § 73.27 and § 73.72 of this chapter.
(e) A general license is issued to any person to import the major components of a utilization facility as defined in § 110.2 for end- use at a utilization facility licensed by the Commission.
(f) Importers of radioactive material listed in Appendix P to this part must provide the notifications required by § 110.50.
[51 FR 47208, Dec. 31, 1986, as amended at 56 FR 38336, Aug. 13, 1991; 58 FR 13003, Mar. 9, 1993; 60 FR 37564, July 21, 1995; 61 FR 35602, July 8, 1996; 65 FR 70291, Nov. 22, 2000; 68 FR 31589, May 28, 2003; 70 FR
37991, July 1, 2005; 75 FR 44089, Jul. 28, 2010]

§ 110.2 Definitions.

Radioactive waste, for the purposes of this part, means any material that contains or is contaminated with source, byproduct, or special nuclear material that by its possession would require a specific radioactive material license in accordance with this Chapter and is imported or exported for the purposes of disposal in a land disposal facility as defined in 10 CFR part 61, a disposal area as defined in Appendix A to 10 CFR part 40, or an equivalent facility; or recycling, waste treatment or other waste management process that generates radioactive material for disposal in a land disposal facility as defined in 10 CFR part 61, a disposal area as defined in Appendix A to 10 CFR part 40, or an equivalent facility. Radioactive waste does not include radioactive material that is–

(1) Of U.S. origin and contained in a sealed source, or device containing a sealed source, that is being returned to a manufacturer, distributor or other entity which is authorized to receive and possess the sealed source or the device containing a sealed source;
(2) A contaminant on any non-radioactive material (including service tools and protective clothing) used in a nuclear facility (an NRC- or Agreement State-licensed facility (or equivalent facility) or activity authorized to possess or use radioactive material), if the

material is being shipped solely for recovery and beneficial reuse of the non-radioactive material in a nuclear facility and not for waste
management purposes or disposal;
(3) Exempted from regulation by the Nuclear Regulatory Commission or equivalent Agreement State regulations;
(4) Generated or used in a U.S. Government waste research and development testing program under international arrangements;
(5) Being returned by or for the U.S. Government or military to a facility that is authorized to possess the material; or
(6) Imported solely for the purposes of recycling and not for waste management or disposal where there is a market for the recycled material and evidence of a contract or business agreement can be produced upon request by the NRC.

Note: The definition of radioactive waste in this part does not include spent or irradiated fuel.

(NOTE: JST = EDT + 13 hours; EDT = GMT/UTC – 4 hours).

POWER PLANT UPDATE AND OTHER NUCLEAR ISSUES

Per NHK and TEPCO, **revised nuclear fuel damage ratios were released.** TEPCO reassessed estimates of fuel damage in reactors No.1 to No.3 based on a re-evaluation of Containment Atmospheric Monitoring System data. TEPCO revised the estimated fuel damage in the No.1 reactor from 70 percent to 55 percent, saying radiation levels were not correct. The utility revised upward its estimates of damaged fuel in the No.2 and No.3 reactors by 5 percentage points each to 35 percent and 30 percent respectively. TEPCO says the corrected estimates will not affect the Nuclear and Industrial Safety Agency agency's crisis rating of 7, the highest on the international scale. (0600 4/28 SITREP)

Per Kyodo, increased water injection into No. 1 reactor yielded positive signs, with both the temperature and pressure inside the reactor vessel falling as expected. **TEPCO increased cooling water injection into Unit No. 1 reactor.** As of 10am JST, 4/27, TEPCO increased the cooling water injection rate water into the No. 1 reactor in order to monitor changes in water depth in the containment vessel and check for leakage. Rate increased from 5.9 cubic meters per hour to 10 cubic meters per hour. Further injection rate increases (to a planned 14 cubic meters per hour) were halted due to slowly decreasing drywell pressure. Water levels had increased by 10 cm at 6pm JST. The test is part of the plan to fill the No 1 and 3 reactors containment vessels with water by July, to cool the fuel rods in a stable manner. (0600 4/28 SITREP)

Per NHK, TEPCO announced that it is **unlikely that water is leaking from the spent fuel rod pool of the Fukushima Daiichi power plant's No.4 reactor**, contradicting earlier reports. Instead, TEPCO attributed the lower than expected water levels to the water evaporating due to the high temperature of its 1,535 spent fuel rods. TEPCO said that the water has been evaporating at a rate in line with calculations by experts. While the utility concluded the overall integrity of the pool is maintained, they noted that there might be some minor leakage from the pool. (0600 4/28 SITREP)

TEPCO announced on Wednesday it would start building early next month, together with US and French firms, a storage and processing facility for nearly 70,000 tons of highly

radioactive water. The utility firm aims to begin operating the system in June of this year, and dispose of 1,200 tons of highly contaminated water per day once the system is in place. (0600 4/28 SITREP)

Training on Talon robot and cameras. Per Embassy Tokyo Situation Report of 26 April, Idaho National Laboratory (INL) robotics experts, TEPCO, METI and DOE held discussions April 25 to review the training on the Talon robot and gamma cameras provided by DOE's INL. Final checks of the system are scheduled on/about April 28 with deployment to the Fukushima Daiichi NPP beginning April 30. Post has assembled a Bilateral Assistance Coordination Cell (BACC), which, through a series of regular meetings with GOJ officials receives, vets, and responds to GOJ requests for assistance and presents U.S. Government (USG) offers of nuclear support. (0600 4/27 SITREP)

(Official Use Only) Field Measurements Update:

Aerial and Ground Monitoring Data Assessment

- Assessment of measurements gathered through 27 April continues to show:
  - Radiation levels consistently below actionable levels for evacuation or relocation outside of 25 miles.
  - Radiological material has not deposited in significant quantities since 20 March

- **An assessment of measurements gathered at US military installations in the Tokyo area through 27 April shows:**
  - Radiation levels far below actionable levels for evacuation or relocation
  - All aerial measurements at US facilities were less than 32 μR/hr - a level that poses no known health risk
  - Monitoring of these locations will continue although no increases in deposited radiation are anticipated

Recent events of past 24 hours: (0600 4/28 SITREP)

Bilateral Coordination:

- DOE Field Operations assigned scientific and data support to collaborate directly with GOJ/MEXT for the production of joint data products resulting from monitoring operations.
- Conducted GOJ-USG meeting to discuss transition of AMS
  - GOJ attendees: MOD, MEXT, and NUSTEC
  - USG attendees: DOS, DOE, and DoD
- Attended Radiation Monitoring Sub-WG with MEXT, US DOE
- Provided Infield Monitoring System (IMS) access to GOJ ministries
- ABC viewed DOE operations and interviewed senior and scientific leadership at Yokota

Aerial Monitoring Operations:

Planned operations cancelled due to severe turbulence

- AMS C-12: Continued the C-12 Flight 1 and 2 boxes in the 60 km to 80 km arc south west of the Fukushima-Daiichi plant at 2000ft AGL and 1 mile line spacing (weather delayed today's flights)
- AMS UH-1: Continued the UH-1 Flight box in the 60 km to 80 km arc south of Natori at 1000ft AGL and 2000 foot line spacing

Field Monitoring Operations:

- Conducted beta/gamma surveys, mobile surveys, *in situ* measurements, and collected soil samples inside the 30 km to 80 km area south of Natori. The team will stay overnight in Nihonmatsu to provide required survey time.
- Shutdown and collected the air sampler at the Yokosuka Naval Base
- Continue monitoring activities at the CMOC TOC at Yokota AB and the Embassy

Planned operations over the next 24 hours: (0600 4/28 SITREP)

Field Monitoring (Aerial)

- Operational priority: Re-fly areas of highest deposition to confirm no new releases and monitor decay
  - AMS C-12: begin survey in box southwest of Sendai, over city of Shiroishi at 1000ft AGL and 2000 foot line spacing
  - AMS UH-1: start wedge near lake to west of nuclear power plant at 1000ft AGL and 2000 foot line spacing

Field Monitoring (Ground)

- Provide technical information on DOE AMS system to GOJ (MEXT/MOFA) for comparison to its system and, as discussed in preliminary meetings with MEXT, prepare to assist in calibrating system for ground deposition mapping
- Continue beta/gamma surveys, mobile survey, *in situ* measurements, and collect soil samples as appropriate outside the 80 km ring in the valley surrounding the Tohoku Expressway near Kuroiso
- Continue monitoring activities at the CMOC TOC at Yokota AB and the Embassy

Assessments

- Produce updated agricultural impact, exposure rate, and integrated dose products based on aerial and ground measurements
- Produce updated Protective Action Guidelines (PAG) map products
- Maintain common set of radiological data with data from USG (DoD, DOE) and GOJ (MEXT, METI, and MAFF), including both manned and automatic monitoring points
- Assess air filter and in situ analyses to gather information on isotopic composition of radioactive material in air and on ground

Updates by Reactor Unit (0600 4/28 SITREP)

- **Fukushima Daiichi Unit 1 reactor**
  - Per NISA at 0600 JST 4/28 reactor parameters are: RPV Temp 107.3 C at feedwater nozzle, RPV pressure (A) 0.51 MPaG, (B) 1.269MPaG; water level (A)-1.65 (B) -1.65 meters below the top of the fuel rods. Cooling water injection rate increased on 4/27 from 5.9 m^3/hr to 10 m^3/hr. Containment vessel pressure 0.125 MPa abs. SFP temperature unknown.
  - Per TEPCO 4/27, TEPCO revised reactor fuel damage from 70% down to 55%.
  - Per IAEA at 1800 UTC 26 April, Nitrogen gas continues to be injected into the Unit 1 Containment Vessel.
  - Unit #1 contains 292 assemblies in the spent fuel storage pool.
- **Fukushima Daiichi Unit 2 reactor**
  - Per NISA at 0600 JST 4/28, reactor parameters are: RPV temperature 119.9°C at the feed water nozzle, RPV pressure (A) 0.016 MPaG, (B) .020 MPaG; water level (A) -1.5 (B) -2.1 meters below the top of the fuel rods. Cooling water injection rate is 7.0 m^3/hr. Containment vessel pressure 0.075 MPa abs. SFP temperature is 50.0 °C.
  - Per TEPCO 4/27, TEPCO revised reactor fuel damage from 35% down to 30%.
  - Unit#2 SFP contains 587 assemblies in the spent fuel storage pool.

- **Fukushima Daiichi Unit 3 reactor**
  - Per NISA at 0600 JST 28 April, reactor parameters are: RPV temperature 86 °C at the feedwater nozzle, RPV pressure (A) 0.046 MPaG, (C) 0.012 MPaG. Water level (A) -1.85 (B) -2.25 meters below the top of the fuel; Cooling water injection rate is 6.8 m^3/hr; containment vessel pressure 0.1017 MPa abs;
  - Per TEPCO 4/27, TEPCO revised reactor fuel damage from 30% down to 25%.
  - SFP Temperature is 47 °C.
  - Unit #3 SFP contains 514 assemblies in the spent fuel storage pool.

- **Fukushima Daiichi Unit 4 reactor**
  - Per NISA, at 0600 on April 28th, spraying water by the concrete pumping vehicle to the spent fuel pool of Unit 4 was started and finished at 15:15 pm on April 27, last reported temperature was 83°C on April 25 (JST).
  - Per TEPCO on 4/27, confirmed SFP water injection rates and evaporation rates agree confirming SFP integrity even though minor leakage may exist.
  - Unit 4 is shutdown with the core removed to the spent fuel pool in December for maintenance on the reactor.
  - Unit #4 SFP contains 1331 irradiated fuel assemblies, plus 204 fresh fuel assemblies in the spent fuel storage pool.

- **Fukushima Daiichi Unit 5 reactor**
  - Unit 5 was in a refueling outage at the time of the earthquake.
  - Per NISA, as of 0600 JST 28 April, the SFP water temp was 40.4°C.
  - Unit #5 SFP contains 946 assemblies in the spent fuel storage pool.

- **Fukushima Daiichi Unit 6 reactor**
  - Unit 6 was in a refueling outage at the time of the earthquake.
  - Per NISA, as of 0600 JST 28 April, SFP water temp was 27.0°C.
  - Unit #6 SFP contains 876 assemblies in the spent fuel storage pool.

- **Fukushima Daiichi Common Spent Fuel Pool**
  - No change in condition/status several days.
  - Temperature was about 27.5 °C as of 0800 JST on 25 April.

- **Fukushima Daiichi Dry Cask Storage Building**
  - No change in condition/status several days.

Other Information

Nothing new.

Bilateral Coordination

Nikkei online report of US DOE considering mobilizing its nuclear experts to offer assistance in containing the crisis. (Per 4/26 email from Ron Cherry.) Nikkei reported online that US DOE is considering mobilizing manpower and other resources at state-run nuclear-related institutions and laboratories, including Los Alamos National Lab, in order to help Japan resolve the Fukushima nuclear crisis. The daily speculated that the department is mulling the dispatch of teams of experts on decontamination and other nuclear aspects, with an eye on the future decommissioning of the crippled reactors. The daily said the U.S.'s unusual level of nuclear assistance to Japan is likely to continue for several years to come, adding that it is quite unusual for the USG to mobilize its atomic-related national entities simultaneously for the purpose of dealing with a nuclear accident. It predicted that some 100 American nuclear engineers and experts, including those from the NRC, will be regularly sent to Japan in order to cope with the Fukushima crisis. (0600 4/27 SITREP)

Media Reports

TEPCO revises nuclear fuel damage ratios The operator of the troubled Fukushima Daiichi nuclear plant in northeastern Japan has reassessed its estimates of fuel damage in reactors No.1 to No.3. Tokyo Electric Power Company on Wednesday announced new estimates of damage after the country's nuclear safety agency questioned the accuracy of the initial assessments. The utility has revised the estimated fuel damage in the No.1 reactor from 70 percent to 55 percent, saying radiation levels were not correct. TEPCO also says that it acted inappropriately in excluding fuel damage of less than 5 percent in calculating total damage ratios for the No.2 and No.3 reactors. As a result, the utility revised upward its estimates of damaged fuel in the No.2 and No.3 reactors by 5 percentage points each to 35 percent and 30 percent respectively. The company released its initial estimates as of March 15th, based on radiation levels in the reactors and their containment vessels. Earlier this month, the Nuclear and Industrial Safety Agency raised the crisis level at the Fukushima plant to the highest 7 on the international scale, based on its estimate of the volume of released radioactive substances. TEPCO says the corrected estimates will not affect the agency's crisis rating.
Wednesday, April 27, 2011 18:36 +0900 (JST)
http://www3.nhk.or.jp/daily/english/27_28.html (0600 4/28 SITREP)

Increased water injection into No. 1 reactor yields positive signs The injection of increased amounts of coolant water into the damaged No. 1 reactor core at the crisis-hit Fukushima Daiichi nuclear plant has yielded positive signs, with both the temperature and pressure inside the reactor vessel falling as expected, the government's nuclear agency said Thursday. The plant operator Tokyo Electric Power Co. began raising the amount of water Wednesday morning from 6 tons per hour to 10 tons in preparation for flooding the reactor's primary containment vessel to cool the fuel in a stable manner. The utility known as TEPCO will keep injecting the current amount until Thursday evening, it said. Hidehiko Nishiyama, a spokesman for the Nuclear and Industrial Safety Agency, said TEPCO initially planned to increase the amount of water to 14 tons per hour, but decided to keep pouring 10 tons per hour so as not to cause abnormalities.
Thursday, April 28, Kyodo News
http://english.kyodonews.jp/news/2011/04/88299.html (0600 4/28 SITREP)

TEPCO: Water isn't leaking from No. 4 reactor pool Tokyo Electric Power Company now says it is unlikely that water is leaking from the spent fuel rod pool of the Fukushima Daiichi power plant's No.4 reactor. Water is being injected into the pool to replace coolant that is evaporating due to the high temperature of its 1,535 spent fuel rods. Despite sporadically injecting 140 to 210 tons of water a day, the company says the water level in the storage pool is still 10 to 40 centimeters lower than estimated. TEPCO initially believed that the pool could have suffered damage in an explosion soon after the March 11th quake and tsunami disaster. But the company said on Wednesday that it now believes that the water has been evaporating at a rate in line with calculations by experts. The storage pool is to be reinforced by July.

TEPCO to rid 200,000 tons of radioactive water The operator of the crippled Fukushima Daiichi nuclear power plant says it aims to begin disposing of highly radioactive water starting in June. The contaminated water is hampering efforts to reactivate the cooling systems in the plant's reactors. On Wednesday, Tokyo Electric Power Company announced it would set up the treatment system to eliminate radioactive materials. The utility firm says 87,500 tons of contaminated water has accumulated in the No.1 to 4 reactors. It estimates that up to 200,000 tons of highly contaminated water will be produced by the year end if all the water used to cool the reactors becomes highly radioactive. The company says it plans to start installing the system in early May and begin operating in June. It hopes to dispose of 1,200 tons of highly contaminated water per day once the system is in place.

http://www3.nhk.or.jp/daily/english/28_04.html (0600 4/28 SITREP)

TEPCO worker may have inhaled radioactive material The Tokyo Electric Power Company says a female employee who was exposed to radiation levels of more than 3 times the safety limit at the Fukushima Daiichi nuclear plant may have inhaled radioactive substances when indoors. The woman, in her 50s, was in charge of material management at the plant. She was found to have been exposed to 17.55 millisieverts of radiation. This is more than triple the 3-month limit for a female worker, which is set at 5 millisieverts. Closer examination has revealed that the woman suffered 13.6 millisieverts of internal radiation exposure. The woman was in a building which was contaminated by high-level radioactive substances following a hydrogen explosion on March 12th. She may have inhaled some of the airborne radioactive material as she wasn't wearing a protective mask. TEPCO has apologized for its lack of precautions against internal radiation exposure. Two more female workers who were in the same building may have also exceeded their exposure limit. The government's nuclear safety agency has demanded that the utility find out why this happened and draw up prevention measures.

http://www3.nhk.or.jp/daily/english/28_18.html (0600 4/28 SITREP)

April 27, Kyodo News, **Big tank may be set up under Fukushima plant to store tainted water.** Prime Minister Naoto Kan is considering setting up a big underground tank in the compound of the radiation-spewing Fukushima Daiichi nuclear plant to prevent contaminated water from spilling into the sea, a fishery official said Wednesday. "There is a bedrock 46 meters underground. The government has found that no tainted water will seep below (the bedrock) and is considering building a tank there," Ikuhiro Hattori, who heads the National Federation of Fisheries Cooperatives Associations, quoted Kan as saying. Hattori talked to the press after he and other executives of the federation held talks with Kan, during which they lodged a protest against the government for allowing the nuclear plant's operator to release a large amount of radioactive water into the Pacific Ocean in early April.

FOR AMBASSADOR FROM UNDER SECRETARY FOR MANAGEMENT KENNEDY

E.O. 13526: N/A
TAGS: AMGT, AEMR, CASC, KFLO, AFIN, ASEC, JA
SUBJECT: TFJP01: VOLUNTARY AUTHORIZED DEPARTURE FROM EMBASSY TOKYO, FSI YOKOHAMA, AND AMCONSUL NAGOYA

TREASURY DEPT PASS IRS

EVACUATION AUTHORITY AND DEPARTMENT POLICY
---

1. EFFECTIVE THE DATE OF THIS TELEGRAM, I HEREBY APPROVE VOLUNTARY AUTHORIZED DEPARTURE (AD) FROM EMBASSY TOKYO, FSI YOKOHAMA, AND CONSULATE NAGOYA OF ELIGIBLE FAMILY MEMBERS (EFMS). MEMBERS OF HOUSEHOLDS (MOHS) WHO ARE U.S. CITIZENS ARE TREATED AS PRIVATE AMERICAN CITIZENS FOR EVACUATION PURPOSES. PURSUANT TO THE DEPARTMENT OF STATE'S "NO DOUBLE STANDARD" POLICY, PRIVATE AMERICAN CITIZENS SHOULD BE OFFERED THE SAME EVACUATION OPPORTUNITIES/ASSISTANCE AS MEMBERS OF THE OFFICIAL AMERICAN COMMUNITY, WHEN APPROPRIATE AND FEASIBLE. MOHS WHO ARE NOT U.S. CITIZENS MAY ALSO RECEIVE EVACUATION ASSISTANCE, EITHER TO THE U.S. IF DOCUMENTED FOR ENTRY OR OTHERWISE ELIGIBLE TO ENTER AS DETERMINED BY THE POST, WITH ASSISTANCE FROM CBP AS NECESSARY, OR TO A THIRD COUNTRY IF DOCUMENTED OR OTHERWISE DETERMINED TO BE ELIGIBLE FOR ENTRY.

A. POST IS REQUIRED TO INFORM IMMEDIATELY ALL OFFICIAL AMERICAN EMPLOYEES AND FAMILY MEMBERS OF THIS AUTHORITY. THE DEPARTMENT IS ISSUING A TRAVEL WARNING FOR THE ACTION ADDRESSEE COUNTRY WHICH WILL APPRISE THE AMERICAN COMMUNITY AT LARGE OF THE AUTHORIZED DEPARTURE STATUS AND THE REASONS FOR TAKING THIS ACTION. POST SHOULD DRAW UPON THAT LANGUAGE TO ISSUE WARDEN MESSAGE(S) TO THE LOCAL AMERICAN COMMUNITY.

B. THIS AUTHORIZED DEPARTURE IS APPROVED FOR A PERIOD NOT TO EXCEED 30 DAYS. PRIOR TO THE END OF THAT PERIOD, THE CHIEF OF MISSION MUST RE-EVALUATE CONDITIONS AND REQUEST CONTINUATION OR TERMINATION OF EVACUATION STATUS FROM THE UNDER SECRETARY FOR MANAGEMENT. SHOULD THE SITUATION DETERIORATE TO THE POINT WHERE THE CHIEF OF MISSION DETERMINES IT IS NECESSARY TO ORDER THE IMMEDIATE DEPARTURE OF EMPLOYEES OR FAMILY MEMBERS TO SAVE LIVES, THE COM MAY DO SO ON HIS OR HER OWN AUTHORITY IN ACCORDANCE WITH ANNEX K OF THE EMERGENCY PLANNING HANDBOOK (12 FAH-1 K ADDENDUM 1.1(B)).

2. THE DEPARTMENT'S DETERMINATION IS THAT THE DESIGNATED SAFEHAVEN FOR ALL EFMS IS THE UNITED STATES. FOR ALL DEPARTMENT OF STATE (DOS) EFMS THE DESIGNATED SAFEHAVEN IS THE UNITED STATES. OTHER AGENCY EFMS MAY BE EVACUATED TO THE LOCATION OF THEIR AGENCY HEADQUARTERS. PLEASE BE AWARE THAT, FOR ALL MISSION EVACUEES, ALTERNATE SAFEHAVEN LOCATIONS OUTSIDE THE UNITED STATES ARE NOT AUTHORIZED

BW 1325

WITHOUT PRIOR APPROVAL BY THE UNDER SECRETARY FOR MANAGEMENT, ARE CONSIDERED ON A CASE-BY-CASE BASIS, AND ARE EFFECTIVE THE DATE OF THE REQUEST.

3. DEPARTED ELIGIBLE FAMILY MEMBERS MAY NOT RETURN TO POST UNTIL THE DEPARTMENT (UNDER SECRETARY FOR MANAGEMENT) DETERMINES THE CONDITIONS WARRANTING THE REMOVAL IN THE FIRST PLACE HAVE ABATED OR ENDED AND SO AUTHORIZES THE RETURN.

4. ELIGIBLE FAMILY MEMBERS OUT OF COUNTRY AS OF THE EFFECTIVE DATE OF THE AUTHORIZED DEPARTURE MUST CONTACT THE REGIONAL BUREAU EXECUTIVE (EX) DIRECTOR FOR INSTRUCTIONS AS TO WHETHER TO PROCEED TO POST OR TO A SAFEHAVEN LOCATION.

5. ALL EMPLOYEES RECENTLY ASSIGNED TO POST WHO ARE IN TRANSIT STATUS MUST CONTACT THE REGIONAL BUREAU EXECUTIVE
(EX) DIRECTOR FOR INSTRUCTIONS AS TO WHETHER TO PROCEED TO POST OR REPORT TO AN ALTERNATIVE DUTY STATION. THE DECISION TO PROCEED TO POST WILL BE MADE ON A CASE-BY- CASE BASIS.

6. MOHS ARE ELIGIBLE FOR EVACUATION ASSISTANCE BUT CANNOT BE ORDERED TO DEPART; THEY MAY DEPART AND RETURN AT THEIR OWN DISCRETION AND THEIR OWN EXPENSE. HOWEVER, IT IS IMPORTANT TO NOTE THAT IF THE CHIEF OF MISSION
(COM) FEELS THAT THE PRESENCE OF MOHS IN USG HOUSING COULD IMPACT POST SECURITY RESOURCES OR OTHERWISE AFFECT POST OPERATIONS, THE COM CAN DIRECT EMPLOYEES TO MOVE THEIR MOHS OUT OF THAT HOUSING. IN ADDITION, AN MOH WHO REMAINS AT POST DURING AUTHORIZED OR ORDERED DEPARTURE WOULD NOT HAVE ACCESS TO OFFICIAL POST FACILITIES WHILE THE EMPLOYEE THE MOH HAD ACCOMPANIED OR JOINED ABROAD IS ON EVACUATION.

FISCAL AND ALLOWANCES INSTRUCTIONS
---

7. FISCAL DATA FOR STATE DEPARTMENT EVACUATION TRAVEL AND SUBSISTENCE EXPENSE ALLOWANCE PAYMENTS (SEA) IS AS
FOLLOWS:

APPROPRIATION 19___X05220000
ALLOTMENT 2003
OPERATING ALLOWANCE [LEAVE BLANK]
BUDGET FISCAL YEAR 2011
OBLIGATION (BULK*) 2003130800
FUNCTION CODE [LEAVE BLANK]
BUDGET OBJECT CODE 2152
PROJECT CODE [LEAVE BLANK]
PROPERTY CODE [LEAVE BLANK]
ORGANIZATION CODE [LEAVE BLANK]

TRAVEL AUTHORIZATIONS SHOULD BE NUMBERED SEQUENTIALLY BEGINNING WITH OBLIGATION NUMBER 2003130801, 2003130802, 2003130803, ETC., UP TO 2003130899. IF THE NUMBER OF TRAVEL ORDERS EXCEEDS NINETY-NINE ORDERS, SEQUENTIAL NUMBERING SHOULD CONTINUE WITH 2003108100, 2003108101, 2003108102, ETC. EVACUATION ORDERS SHOULD BE ISSUED TO A FAMILY UNIT WITH ALL FAMILY MEMBERS LISTED, EVEN THOUGH NO EMPLOYEE SPONSORS ARE DEPARTING. EVACUEES SHOULD BE ISSUED ROUND- TRIP TRAVEL ORDERS. ONLY ONE-WAY TICKETS SHOULD BE PURCHASED, HOWEVER, DUE TO THE UNCERTAINTY OF RETURN TRAVEL ARRANGEMENTS. MOHS ARE PERSONALLY RESPONSIBLE FOR THEIR TRAVEL COSTS. THE FOREIGN AFFAIRS HANDBOOK (FAH) 12 FAH-1 ANNEX K ADDENDUM 3.2, OUTLINES THE EVACUATION POLICY FOR U.S. CITIZENS LIVING ABROAD. THIS FISCAL DATA IS

TO BE USED FOR STATE DEPARTMENT FAMILY MEMBERS, MARINE SECURITY GUARD FAMILY MEMBERS, AND SEABEE FAMILY MEMBERS. IN EMERGENCY SITUATIONS ONLY, TRAVEL AUTHORIZATIONS AND SEA ADVANCES FOR OTHER AGENCY FAMILY MEMBERS MAY BE CHARGED TO THIS FISCAL DATA AND DEPARTMENT WILL SEEK REIMBURSEMENT FROM WASHINGTON HEADQUARTERS. SEEK RM GUIDANCE IN THESE EMERGENCY SITUATIONS FOR OTHER AGENCIES. POST MUST PROVIDE A LIST/SPREADSHEET OF ALL OTHER AGENCY EVACUEE'S TA NUMBERS AND FISCAL DATA SO THAT WASHINGTON MAY MAKE ONWARD RESERVATIONS FOR THEM. FAMILY MEMBERS OF THE MILITARY SERVICES SHOULD BE PROCESSED IN ACCORDANCE WITH CHAPTER 6 OF THE JOINT FEDERAL TRAVEL REGULATIONS. TRAVEL AND SEA PAYMENTS FOR MARINE SECURITY GUARD FAMILY MEMBERS AND SEABEE FAMILY MEMBERS ARE PAID BY THE DEPARTMENT OF STATE IN ACCORDANCE WITH CHAPTER 6 OF THE JOINT FEDERAL TRAVEL REGULATIONS.
USAID FAMILY MEMBERS SHOULD BE PROCESSED USING NORMAL ALLOTMENTS FOR TRAVEL, TRANSPORTATION AND PER DIEM. CONTRACT EMPLOYEES, INCLUDING THIRD COUNTRY NATIONALS, ARE TO BE TREATED IN ACCORDANCE WITH THEIR CONTRACTS. (SEE CHAPTER 12, AID HANDBOOK 23 FOR SPECIFIC INFORMATION.)

8. SUBSISTENCE EXPENSE ALLOWANCE IS HEREBY APPROVED FOR PAYMENT FOR 30 DAYS FROM DAY FOLLOWING ARRIVAL AT THE SAFEHAVEN LOCATION. THE APPLICATION FOR THIS ALLOWANCE IS THE DS 4095 AVAILABLE ON E FORMS. POST IS AUTHORIZED TO ISSUE AN ADVANCE OF 1000 U.S. DOLLARS PER FAMILY UNIT UNTIL ARRIVAL AT THE OFFICIAL SAFEHAVEN (THE UNITED STATES FOR EFMS AND WASHINGTON, D.C./AGENCY HEADQUARTERS FOR USG EMPLOYEES). EVACUEES WILL BE AUTHORIZED TRAVEL PER DIEM WHILE IN TRANSIT. EVACUEES SHOULD CONTACT RM/GFS/F (FSC CHARLESTON), TEL. 843-746-0722)OR THEIR APPROPRIATE HEADQUARTERS AGENCY FOR SUBSEQUENT SEA PAYMENTS. M/DGHR/FLO PROVIDES DETAILED PERSONAL GUIDANCE ON EVACUATION PREPARATION ON ITS WEBSITE AT HTTP://HRWEB.HR.STATE.GOV/FLO/POLICY/EVAC.HTML. POST MAY REQUEST EXTENSIONS OF AUTHORIZED DEPARTURE STATUS IN THIRTY (30) DAY INCREMENTS NOT TO EXCEED A TOTAL OF ONE HUNDRED EIGHTY (180) DAYS.

9. INSTRUCTIONS FOR PREPARING EMERGENCY DEPARTURE TRAVEL ORDERS AND GENERAL INFORMATION ON THE SUBSISTENCE EXPENSE ALLOWANCE (SEA) ARE IN ANNEX K OF THE DEPARTMENT EMERGENCY PLANNING HANDBOOK (12 FAH-1 ANNEX K ADDENDUM 1.5). ADDITIONAL INSTRUCTIONS ARE IN CHAPTER 600 OF THE DEPARTMENT OF STATE STANDARDIZED REGULATIONS (DSSR). THE EPH CONTAINS GUIDANCE ON PREPARATION OF TRAVEL ORDERS (12 FAH-1 ANNEX K) TO WHICH YOU MAY REFER. PLEASE NOTE THAT THE TEXT IN BLOCK 8 OF THIS SAMPLE SHOULD READ AS
FOLLOWS:

"YOU AND/OR YOUR ELIGIBLE FAMILY MEMBERS HAVE BEEN AUTHORIZED TO TRAVEL TO THE OFFICIAL SAFE HAVEN LOCATION OF: WASHINGTON, D.C. FOR EMPLOYEES AND THE UNITED STATES FOR ALL ELIGIBLE FAMILY MEMBERS, EFFECTIVE [DATE], AS SPECIFIED BY THE UNDER SECRETARY FOR MANAGEMENT OF THE DEPARTMENT OF STATE. TRAVEL BY ECONOMY CLASS AIR IS AUTHORIZED. PER DIEM WHILE IN TRANSIT TO THE OFFICIAL SAFE HAVEN LOCATION IS AUTHORIZED. SUBSISTENCE EXPENSE ALLOWANCE (SEA) PAYMENTS FOR ALL OTHER PERIODS DURING THE EVACUATION IS AUTHORIZED BY DSSR 600 AS PRESCRIBED IN THE STATE TELEGRAM FROM THE UNDER SECRETARY FOR MANAGEMENT APPROVING THIS EVACUATION.
EXCESS BAGGAGE IS X* POUNDS PER PERSON. TRAVEL IS APPROVED FOR YOUR ELIGIBLE FAMILY MEMBERS AS FOLLOWS:

NAME: MARY SMITH
RELATIONSHIP TO EMPLOYEE: SPOUSE
DATE OF BIRTH: (MM/DD/YYYY)

ROUND TRIP TRAVEL IS AUTHORIZED. ONE-WAY TICKET PURCHASE ONLY IS AUTHORIZED. THIS TA IS VALID FOR UP TO NINE MONTHS FROM THE ORIGINAL DATE OF APPROVAL OF EVACUATION ORDER. SHIPMENT OF UAB (AIRFREIGHT) OR PAYMENT OF AIRFREIGHT REPLACEMENT ALLOWANCE IS AUTHORIZED. EXCESS BAGGAGE ALLOWANCE: PER 14 FAM 568.1-2, CHECKED LUGGAGE ALLOWANCE FOR INTERNATIONAL TRAVEL THAT BEGINS ON FOREIGN CARRIERS IS, FOR THE MOST PART, 44 LBS (20 KGS) FOR ECONOMY CLASS AND 66 LBS (30 KGS) FOR FIRST CLASS. WHEN TRAVEL ON THE

FOREIGN CARRIER CONSTITUTES THE FIRST LEG OF THE INTERNATIONAL ITINERARY, THE TRAVELER IS AUTHORIZED THE FOREIGN CARRIER'S FIRST CLASS BAGGAGE ALLOWANCE.

SHIPMENT OF HHE, POV, AND REMOVAL OF HHE FROM PERMANENT STORAGE IS NOT AUTHORIZED.

ADVANCE: AN ADVANCE OF $1000.00 PER FAMILY UNIT AND $500 FOR INDIVIDUAL EMPLOYEES IS AUTHORIZED.

AUTHORITY: (STATE TELEGRAM APPROVING DEPARTURE STATUS)"

DSSR 600 EVACUATION REGULATIONS FOR SEA PAYMENTS

---

10. EVACUATION PAYMENTS APPLY TO CIVILIAN EVACUEES OF ALL U.S.
GOVERNMENT AGENCIES EVACUATED FROM FOREIGN AREAS, AND APPLY TO EMPLOYEES AND/OR ELIGIBLE FAMILY MEMBERS WHO WERE AUTHORIZED OR ORDERED TO DEPART POST. INFORMATION ABOUT PAYMENTS IS MAINTAINED AND UPDATED BY THE DEPARTMENT OF STATE'S BUREAU OF ADMINISTRATION, OFFICE OF ALLOWANCES (A/OPR/ALS). AS A GENERAL RULE, THE U.S. GOVERNMENT DOES NOT PROVIDE FUNDS FOR EVACUATING PERSONS OTHER THAN U.S. GOVERNMENT EMPLOYEES AND DEPENDENTS. THE FREQUENTLY ASKED QUESTIONS AND THE DEPARTMENT OF STATE STANDARDIZED REGULATIONS ARE AVAILABLE AT HTTP://AOPRALS.A.STATE.GOV/ ON THE DEPARTMENT'S INTRANET AND THE MAIN TELEPHONE NUMBER FOR A/OPR/ALS IS 202-261-8700.

11. HIGHLIGHTS OF DSSR 630 INCLUDE AN AIR FREIGHT REPLACEMENT ALLOWANCE, A LOCAL TRANSPORTATION ALLOWANCE, AND A DAILY SUBSISTENCE ALLOWANCE, AS FOLLOWS:

-- DSSR 631(A)(3): AN AIRFREIGHT REPLACEMENT ALLOWANCE WHEN AIRFREIGHT IS NOT SHIPPED FROM POST. THE ALLOWANCE IS $250 FOR AN EVACUEE WITHOUT FAMILY; $450 FOR AN EVACUEE WITH ONE FAMILY MEMBER; AND $600 FOR AN EVACUEE WITH TWO OR MORE FAMILY MEMBERS. NO RECEIPTS ARE REQUIRED.

-- DSSR 631(B): A DAILY LOCAL TRANSPORTATION ALLOWANCE FOLLOWING DATE OF ARRIVAL AT SAFEHAVEN. THE ALLOWANCE IS AUTHORIZED AS FOLLOWS: $25 PER DAY PER FAMILY UNIT. NO RECEIPTS ARE REQUIRED.

-- DSSR 632: FORMULAS FOR CALCULATING THE SUBSISTENCE EXPENSE ALLOWANCE
(SEA) ARE ILLUSTRATED IN PARAS 11-12 (OR 12-13; SEE PARA 4) BELOW USING THE COMMERCIAL AND NON-COMMERCIAL RATES.

12. EVACUEES LODGING COMMERCIALLY (LODGING RECEIPT
REQUIRED)

A. DAYS 1 THROUGH 30 FOLLOWING ARRIVAL AT SAFEHAVEN:

-- FIRST EVACUEE: ACTUAL EXPENSE UP TO 100 PERCENT OF LODGING PORTION AND FLAT AMOUNT OF 100 PERCENT OF MEALS AND INCIDENTAL EXPENSES (M&IE) PORTION OF SAFEHAVEN PER DIEM RATES. THE FIRST EVACUEE MAY BE ABLE TO RECEIVE UP TO 150OF THE COMMERCIAL LODGING RATE IF THE FAMILY MEETS THE SPECIAL FAMILY COMPOSITION REQUIREMENTS LISTED IN DSSR 632.1(B). (FOR INFORMATION ON LODGING RATES DUE TO SPECIAL FAMILY COMPOSITION, CONTACT YOUR POST MANAGEMENT OFFICER OR THE OFFICE OF ALLOWANCES (A/OPR/ALS)) FOR U.S. SAFEHAVEN LOCATIONS, ROOM TAX WILL BE A SEPARATE EXPENSE REIMBURSED IN ADDITION TO THE ABOVE.

-- EACH ADDITIONAL ELIGIBLE FAMILY MEMBER (EFM) AGE EIGHTEEN AND OVER:
FLAT AMOUNT OF 100 PERCENT OF M&IE.

-- EACH ADDITIONAL EFM UNDER AGE EIGHTEEN: FLAT AMOUNT OF 50 PERCENT OF M&IE.

B. DAYS 31 THROUGH 180 (OR END OF EVACUATION) FOLLOWING ARRIVAL AT SAFEHAVEN:

-- FIRST EVACUEE: ACTUAL EXPENSE UP TO 100 PERCENT OF LODGING PORTION AND FLAT AMOUNT OF 80 PERCENT OF MEALS AND INCIDENTAL EXPENSES (M&IE) PORTION OF SAFEHAVEN PER DIEM RATES. THE FIRST EVACUEE MAY BE ABLE TO RECEIVE UP TO 150OF THE COMMERCIAL LODGING RATE IF THE FAMILY MEETS THE SPECIAL FAMILY COMPOSITION REQUIREMENTS LISTED IN DSSR 632.1(B). (FOR INFORMATION ON LODGING RATES DUE TO SPECIAL FAMILY COMPOSITION, CONTACT YOUR POST MANAGEMENT OFFICER OR THE OFFICE OF ALLOWANCES (A/OPR/ALS))
FOR U.S. SAFEHAVEN LOCATIONS, ROOM TAX WILL BE A SEPARATE EXPENSE REIMBURSED IN ADDITION TO THE ABOVE.

-- EACH ADDITIONAL ELIGIBLE FAMILY MEMBER (EFM) AGE EIGHTEEN AND OVER:
FLAT AMOUNT OF 80 PERCENT OF M&IE.

-- EACH ADDITIONAL EFM UNDER AGE EIGHTEEN: FLAT AMOUNT OF 40 PERCENT OF M&IE.

13. EVACUEES LODGING NON-COMMERCIALLY (LODGING RECEIPT NOT REQUIRED)

A. DAYS 1 THROUGH 30 FOLLOWING ARRIVAL AT SAFEHAVEN:

-- FIRST EVACUEE: FLAT AMOUNT OF 10 PERCENT OF LODGING PORTION AND FLAT AMOUNT OF 100 PERCENT OF MEAL AND INCIDENTAL EXPENSE (M&IE) PORTION OF SAFEHAVEN PER DIEM RATES.

-- EACH ADDITIONAL EFM AGE EIGHTEEN AND OVER: FLAT AMOUNT OF 100 PERCENT OF M&IE.

-- EACH ADDITIONAL EFM UDER AGE EIGHTEEN: FLAT AMOUNT OF 50 PERCENT OF M&IE.

B. DAYS 31 THROUGH 180 (OR END OF EVACUATION) FOLLOWING ARRIVAL AT SAFEHAVEN:

-- FIRST EVACUEE: FLAT AMOUNT OF 80 PERCENT OF MEAL AND INCIDENTAL EXPENSE (M&IE) PORTION OF SAFEHAVEN PER DIEM RATES. (NOTE: FLAT LODGING REIMBURSEMENT ELIMINATED AFTER THE FIRST 30 DAYS. ENDNOTE.)

-- EACH ADDITIONAL EFM AGE EIGHTEEN AND OVER: FLAT AMOUNT OF 80 PERCENT OF M&IE.

-- EACH ADDITIONAL EFM UNDER AGE EIGHTEEN: FLAT AMOUNT OF 40 PERCENT OF M&IE.

14. FOREIGN AREA SAFEHAVEN: PER DSSR 632.2, IF THE EVACUEE IS AUTHORIZED TO TRAVEL TO AN ALTERNATE FOREIGN SAFEHAVEN LOCATION, THE FOREIGN PER DIEM RATE IS NOT USED TO CALCULATE SEA UNLESS IT IS LOWER THAN THE UNITED STATES. SEE EXAMPLES FIVE AND SIX IN PARA 14 BELOW.

15. LEASE COVERAGE: DSSR 632.4.C, QUOTED BELOW, PROVIDES FOR PAYMENT OF UP TO THIRTY DAYS OF A COMMERCIAL LEASE SIGNED PRIOR TO TERMINATION OF EVACUATION.

"IF AN EMPLOYEE OR DESIGNEE SIGNS A LEASE FOR LODGING AT THE SAFEHAVEN AND IS ORDERED TO RETURN TO POST, A WAIVER OF THE REFUND DUE THE GOVERNMENT ON AN ADVANCE OR REIMBURSEMENT OF EXPENSES INCURRED SHOULD BE AUTHORIZED FOR THE UNEXPIRED PERIOD OF THE LEASE UP TO 30 DAYS AT NOT TO EXCEED THE LODGING PORTION OF THE SAFEHAVEN PER DIEM RATE (PLUS APPLICABLE TAX IF AN EXEMPTION CANNOT BE OBTAINED ON COMMERCIAL LODGING IN THE CONTINENTAL U.S. OR NON-FOREIGN AREA"

16. THE FOLLOWING EXAMPLES ARE DESIGNED TO ILLUSTRATE THE SEA RATE CALCULATIONS. AN EVACUATION PAYMENT WORKSHEET CAN BE FOUND IN THE CRISIS MANAGEMENT MANUAL (SECTION VIII). QUESTIONS REGARDING THE CHANGES TO SEA PAYMENTS SHOULD BE DIRECTED TO YOUR POST MANAGEMENT OFFICER ANDREW HOGENBOOM, 202-647-6223.

EXAMPLE ONE: COMMERCIAL RATE, DAYS ONE THROUGH 30

PER DAY AMOUNTS FOR DAYS 1 THROUGH 30 AFTER ARRIVAL AT SAFEHAVEN. SINCE THE SAFEHAVEN PER DIEM IS SEASONAL, THE LODGING RATE MAY BE HIGHER OR LOWER DEPENDING ON THE SEASONAL RATE PERIOD. USING THE LOWEST SEASONAL RATE (JULY 1 - AUGUST 31) FOR THIS EXAMPLE, THE SAFEHAVEN PER DIEM = $214 (LODGING PORTION $150; M&IE $64). FAMILY A CONSISTS OF EMPLOYEE, SPOUSE, CHILDREN AGES 6, 12, AND 18. VISIT OFFICE OF ALLOWANCES WEBSITE FOR CURRENT CONUS PER DIEM RATES HTTP://AOPRALS.A.STATE.GOV/ OR HTTP://WWW.STATE.GOV/M/A/ALS/PRDM/

FAMILY A DAYS 1-30 AFTER ARRIVAL AT SAFEHAVEN	LODGING (ACTUAL UP TO MAXIMUM)	M&IE (FLAT)	TOTAL
EMPLOYEE	$225.00	$ 64.00	$289.00
SPOUSE	---	$ 64.00	$ 64.00
CHILD UNDER 18	---	$ 32.00	$ 32.00
CHILD UNDER 18	---	$ 32.00	$ 32.00
CHILD 18 AND OVER	---	$ 64.00	$ 64.00
TOTALS	$225.00	$256.00	$481.00

LODGING: THE FAMILY WILL BE REIMBURSED UP TO $225.00 PER DAY (150OF PER DIEM BECAUSE OF SPECIAL FAMILY CIRCUMSTANCES) TOWARD LODGING PLUS ANY ROOM TAX CHARGED WHEN AN EXEMPTION CANNOT BE OBTAINED ON COMMERCIAL LODGING IN THE CONTINENTAL U.S. OR NON-FOREIGN AREA. RECEIPTS ARE REQUIRED. M&IE: THE FAMILY WILL BE PAID A FLAT AMOUNT PER DAY OF $256.00 TO HELP DEFRAY COSTS OF MEALS, LAUNDRY, AND DRY CLEANING. RECEIPTS ARE NOT REQUIRED.

END OF EXAMPLE ONE.

EXAMPLE TWO: COMMERCIAL RATE, DAYS 31-180

PER DAY AMOUNTS FOR DAYS 31 THROUGH END OF EVACUATION - NOT TO EXCEED A TOTAL OF 180 DAYS. SINCE THE SAFEHAVEN PER DIEM RATE IS SEASONAL, THE LODGING RATE MAY BE HIGHER OR LOWER DEPENDING ON THE SEASONAL RATE PERIOD. USING THE LOWEST SEASONAL RATE (JULY 1 - AUGUST 31) FOR THIS EXAMPLE, THE SAFEHAVEN PER DIEM = $214 (LODGING PORTION $150; M&IE $64).
FAMILY A CONSISTS OF EMPLOYEE, SPOUSE, CHILDREN AGES 6, 12, AND 18.
VISIT OFFICE OF ALLOWANCES WEBSITE FOR CURRENT CONUS PER DIEM RATES HTTP://AOPRALS.A.STATE.GOV/ OR HTTP://WWW.STATE.GOV/M/A/ALS/PRDM/

FAMILY A DAYS 31-180 AFTER ARRIVAL AT SAFEHAVEN	LODGING (ACTUAL UP TO MAXIMUM)	M&IE (FLAT)	TOTAL
EMPLOYEE	$ 225.00	$ 51.20	$276.20
SPOUSE	---	$ 51.20	$ 51.20
CHILD UNDER 18	---	$ 25.60	$ 25.60
CHILD UNDER 18	---	$ 25.60	$ 25.60
CHILD 18 AND OVER	---	$ 51.20	$ 51.20
TOTALS	$ 225.00	$204.80	$429.80

LODGING: THE FAMILY WILL BE REIMBURSED UP TO $225.00 PER DAY (150OF PER DIEM BECAUSE OF SPECIAL FAMILY CIRCUMSTANCES) TOWARD LODGING PLUS ANY ROOM TAX CHARGED WHEN AN EXEMPTION CANNOT BE OBTAINED ON COMMERCIAL LODGING IN THE CONTINENTAL U.S. OR NON-FOREIGN AREA.
RECEIPTS ARE REQUIRED.

M&IE: THE FAMILY WILL BE PAID A FLAT AMOUNT PER DAY OF $204.80 TO HELP DEFRAY COSTS OF MEALS, LAUNDRY, AND DRY CLEANING. RECEIPTS ARE NOT REQUIRED.

END OF EXAMPLE TWO.

EXAMPLE THREE: NON-COMMERCIAL RATE, DAYS ONE THROUGH 30

PER DAY AMOUNTS FOR DAYS 1 THROUGH 30 AFTER ARRIVAL AT SAFEHAVEN. SINCE THE SAFEHAVEN PER DIEM IS SEASONAL, THE LODGING RATE MAY BE HIGHER OR LOWER DEPENDING ON THE SEASONAL RATE PERIOD. USING THE LOWEST SEASONAL RATE (JULY 1 - AUGUST 31) FOR THIS EXAMPLE, THE SAFEHAVEN PER DIEM = $214 (LODGING PORTION $150; M&IE $64). FAMILY B CONSISTS OF A TANDEM COUPLE (BOTH EMPLOYEES ELIGIBLE FOR "FIRST EVACUEE" RATES) WITH TWO CHILDREN AGES 3 AND 13 ON EMPLOYEE #1'S ORDERS.
VISIT OFFICE OF ALLOWANCES WEBSITE FOR CURRENT CONUS PER DIEM RATES HTTP://AOPRALS.A.STATE.GOV/ OR HTTP://WWW.STATE.GOV/M/A/ALS/PRDM/

FAMILY B DAYS 1-30 AFTER ARRIVAL AT SAFEHAVEN	LODGING (FLAT)	M&IE (FLAT)	TOTAL
EMPLOYEE #1	$ 15.00	$ 64.00	$ 79.00
EMPLOYEE #2	$ 15.00	$ 64.00	$ 79.00
CHILD UNDER 18	---	$ 32.00	$ 32.00
CHILD UNDER 18	---	$ 32.00	$ 32.00
TOTALS	$ 30.00	$192.00	$222.00

LODGING: THE FAMILY WILL BE REIMBURSED A FLAT AMOUNT OF $30.00 PER DAY TOWARD NON-COMMERCIAL LODGING. RECEIPTS ARE NOT REQUIRED.

M&IE: THE FAMILY WILL BE PAID A FLAT AMOUNT PER DAY OF $192.00 TO HELP DEFRAY COSTS OF MEALS, LAUNDRY, AND DRY CLEANING. RECEIPTS ARE NOT REQUIRED.

END OF EXAMPLE THREE.

EXAMPLE FOUR: NON-COMMERCIAL RATE, DAYS 31-180

PER DAY AMOUNTS FOR DAYS 31 THROUGH END OF EVACUATION - NOT TO EXCEED A TOTAL OF 180 DAYS. SINCE SAFEHAVEN PER DIEM IS SEASONAL, THE LODGING RATE MAY BE HIGHER OR LOWER DEPENDING ON THE SEASONAL RATE PERIOD.
USING THE LOWEST SEASONAL RATE (JULY 1 - AUGUST 31) FOR THIS EXAMPLE, THE SAFEHAVEN PER DIEM = $214 (LODGING PORTION $150; M&IE $64). FAMILY B CONSISTS OF A TANDEM COUPLE (BOTH EMPLOYEES ELIGIBLE FOR "FIRST EVACUEE" RATES) WITH TWO CHILDREN AGES 3 AND 13 ON EMPLOYEE #1'S ORDERS.
VISIT OFFICE OF ALLOWANCES WEBSITE FOR CURRENT CONUS PER DIEM RATES HTTP://AOPRALS.A.STATE.GOV/ OR HTTP://WWW.STATE.GOV/M/A/ALS/PRDM/

FAMILY B DAYS 31-180 AFTER ARRIVAL AT SAFEHAVEN	LODGING (FLAT)	M&IE (FLAT)	TOTAL
EMPLOYEE #1	___	$ 51.20	$ 51.20
EMPLOYEE #2	---	$ 51.20	$ 51.20
CHILD UNDER 18	---	$ 25.60	$ 25.60
CHILD UNDER 18	---	$ 25.60	$ 25.60
TOTALS		$153.60	$153.60

LODGING: THE FAMILY WILL NOT BE REIMBURSED AN AMOUNT FOR LODGING FOR DAYS 31 THROUGH 180.

M&IE: THE FAMILY WILL BE PAID A FLAT AMOUNT PER DAY OF $153.60 TO HELP DEFRAY COSTS OF MEALS, LAUNDRY, AND DRY CLEANING. RECEIPTS ARE NOT REQUIRED.

END OF EXAMPLE FOUR.

EXAMPLE FIVE: COMMERCIAL SEA FOR APPROVED ALTERNATE SAFEHAVEN, DAYS ONE THROUGH 30

THE FOLLOWING CALCULATIONS ARE BASED ON THE U.S. PER DIEM (LODGING $60; M&IE $39; TOTAL $99). FAMILY C CONSISTS OF A SPOUSE ("FIRST EVACUEE"), AND TWO CHILDREN AGES 8 AND 18.

FAMILY C DAYS 1-30 AFTER ARRIVAL AT APPROVED ALT. SAFEHAVEN	LODGING (ACTUAL UP TO MAXIMUM)	M&IE (FLAT)	TOTAL
FIRST EVACUEE	$ 90.00	$ 39.00	$129.00

CHILD UNDER 18	---	$ 19.50	$ 19.50
CHILD 18 AND OVER	---	$ 39.00	$ 39.00
TOTALS	$ 90.00	$ 97.50	$187.50

LODGING: THE FAMILY WILL BE REIMBURSED UP TO $90.00 PER DAY (150OF PER DIEM BECAUSE OF SPECIAL FAMILY CIRCUMSTANCES) TOWARD LODGING. ROOM TAX IS NOT REIMBURSED SEPARATELY FOR AN APPROVED ALTERNATE SAFEHAVEN. RECEIPTS ARE REQUIRED.

M&IE: THE FAMILY WILL BE PAID A FLAT AMOUNT PER DAY OF $97.50 TO HELP DEFRAY COSTS OF MEALS, LAUNDRY, AND DRY CLEANING. RECEIPTS ARE NOT REQUIRED.

END OF EXAMPLE FIVE.

EXAMPLE SIX: NON-COMMERCIAL SEA FOR APPROVED ALTERNATE SAFEHAVEN, DAYS ONE THROUGH 30

THE FOLLOWING CALCULATIONS ARE BASED ON THE U.S. PER DIEM (LODGING $60; M&IE $39; TOTAL $99). FAMILY C CONSISTS OF A SPOUSE ("FIRST EVACUEE"), AND TWO CHILDREN AGES 8 AND 18.

FAMILY C DAYS 1-30 AFTER ARRIVAL AT APPROVED ALT. SAFEHAVEN	LODGING (ACTUAL UP TO MAXIMUM)	M&IE (FLAT)	TOTAL
FIRST EVACUEE	$ 6.00	$ 39.00	$ 45.00
CHILD UNDER 18	---	$ 19.50	$ 19.50
CHILD 18 AND OVER	---	$ 39.00	$ 39.00
TOTALS	$ 6.00	$ 97.50	$ 103.50

LODGING: THE FAMILY WILL REIMBURSED A FLAT AMOUNT OF $6.00 PER DAY TOWARD LODGING. RECEIPTS ARE NOT REQUIRED.

M&IE: THE FAMILY WILL BE PAID A FLAT AMOUNT PER DAY OF $97.50 TO HELP DEFRAY COSTS OF MEALS, LAUNDRY, AND DRY CLEANING. RECEIPTS ARE NOT REQUIRED.

END OF EXAMPLE SIX.

POST REPORTING REQUIREMENTS:

---

17. POST SHOULD PROVIDE THE FOLLOWING INFORMATION FOR ALL EVACUEES:

-- SPONSOR'S NAME
-- NAME OF EVACUEE
-- AGENCY (IF MILITARY INCLUDE BRANCH OF SERVICE)
-- SAFEHAVEN ADDRESS

-- SAFEHAVEN TELEPHONE NUMBER
-- DATE OF DEPARTURE FROM POST AND ETA AT SAFEHAVEN
-- AMOUNT OF ANY TRAVEL OR SEA ADVANCE GIVEN TO EACH EVACUEE
-- TRAVEL AUTHORIZATION NUMBER.

PLEASE NOTE THAT THE TIMELY SUBMISSION OF THIS INFORMATION IS OF CRITICAL IMPORTANCE IN FACILITATING THE MEETING OF EVACUEES AND THE INITIATION OF SEA PAYMENTS. THESE MESSAGES SHOULD BE SUBMITTED VIA CABLE SLUGGED FOR RM, M/DGHR/FLO, AND THE EXECUTIVE OFFICE OF THE APPROPRIATE REGIONAL BUREAU (I.E., NEA/SA/EX, WHA/EX, ETC).

18. POST IS REQUIRED TO SEND A WHEELS-UP CABLE OR E-MAIL WITH SPECIFIC FLIGHT INFORMATION FOR EACH EVACUEE.

19. PLEASE PROVIDE A CABLE LISTING ALL REMAINING EMPLOYEES/ELIGIBLE FAMILY MEMBERS AT POST BY AGENCY, SPECIFYING PERSONNEL WHO WOULD DEPART IN THE NEXT PHASE OF AN EVACUATION. EXCEPT IN UNUSUAL CIRCUMSTANCES, CONSULAR OFFICERS SHOULD REMAIN UNTIL THE LAST PHASE OF AN EVACUATION IN ORDER TO ASSIST PRIVATE AMERICAN CITIZENS.

20. AFTER THE TERMINATION OF THE EVACUATION, POST WILL BE REQUIRED TO FORWARD CERTIFIED TRAVEL VOUCHERS AND SUPPORTING DOCUMENTS TO RM/GFS/F FOR REVIEW.
