Secretary, U. S. Nuclear Regulatory Commission
Attn: Rulemaking and Adjudications Staff
Washington, DC 20555

I was truly shocked to learn that the NRC has approved the recycling of some radioactive metal into consumer products and is considering approval of recycling 1.4 million additional tons. I don't want to run the risk of unknowingly buying any product containing radioactive metal. Please register my total opposition to any such recycling.

Sincerely,

Jack W. Liddle
