

DOCKET NUMBER
PROPOSED RULE **PR 20**
(64FR35090)

53 Glorid Drive (350)
Silver Spring, MD 20904
December 17, 1999

Chairman Richard Meserve
Nuclear Regulatory Commission
Washington, D.C. 20555

0
AD

99 DEC 21 PM 22

DOCKETED
1999 12 21

Dear Chairman Meserve:

I am writing to ask that the Nuclear Regulatory Commission isolate all radioactive wastes and materials, no matter what the level of radioactivity.

Using radioactive wastes in consumer products poses unnecessary, avoidable, involuntary risks. As a consumer and a grandparent, I cannot accept such risks!

Thank you for seriously considering this request

Sincerely,
Mildred Faez Cutchis
