Subject: recycle of nuclear materials

DOCKETED  
USMRC

'99 DEC 22 A9:03

NRC Chairman Richard Meserve

12/21/99

OFFICE  
ADMINISTRATIVE

In response to the recent NRC proposal to recycle contaminated materials from commercial nuclear power plants and weapons facilities: I would like to request a longer comment period for the proposed new rule. An article in the Atlanta Constitution was the first that I have heard about this very important proposal. This issue requires much more public discussion than we have had thus far. Please send some back-ground information if possible. Thank you.

Sincerely, Robert Lackey  
1112 Vistavia Circle  
Decatur, Ga 30033
