Dear Chairman Meserve:

I am writing to express my opposition to the subject rule regarding the release of radioactively contaminated scrap metals into the marketplace to be recycled into household, or other, products.

OFFICE
ADMINISTRATIVE

I do not understand the reasoning behind this plan which would expose the citizens of our country, including helpless children, to this hazardous material. I urge you to consider the consequences of such a policy and the effects of the health of our people.

DOCKET NUMBER
PROPOSED RULE **PR 20**
(64FR35090)

I also request that the date for public comments on the subject be extended well into the year 2000 in order that those previously unaware of this matter might have an opportunity to express their opinion.

Thanking you, I am ...
Yours respectfully,
Mrs. Marjorie C. Ashmore
