I understand that you're accepting comments on recycling radioactive waste. Here's my comment:

Are you people serious? What conceivable rationale could there be for recycling radioactive waste, other than placating the industries that will profit from it? Who in his right mind would conceive of recycling radioactive waste?

'99 DEC 21 P 4:29

NO, WE DON'T WANT RECYCLED RADIOACTIVE WASTE! NO! FORGET IT!

Yours truly,
Mark Lipsman
