Paul J. Merges, Ph.D.
Director
Bureau of Radiation & Hazardous Sites Management
Division of Solid & Hazardous Materials
NYS Department of Environmental Conservation
50 Wolf Road, Room 460
Albany, NY 12233-7255

Dear Dr. Merges:

Thank you for your letter of January 27, 1999, responding to our request for an evaluation and response to the recommendations in the November 30, 1998 revised final report of the Integrated Materials Performance Evaluation Program (IMPEP) review of the New York Agreement State program.

Your responses to the three recommendations and one suggestion for the portion of the program implemented by the New York State Department of Environmental Conservation are acceptable and we will review these actions during the next periodic meeting. Based on the direction of the Management Review Board, we plan to complete the next full IMPEP review at approximately a four-year interval from the 1998 IMPEP review.

We appreciate the positive actions that you and your staff have taken and are continuing to implement with regard to our comments. I look forward to our agencies continuing to work cooperatively in the future.

Sincerely,

Original signed by
