Dear Secretary,
According to The Dept. of Energy National
Center of Excellence for Metals Recycle Web site
DOE facilities have 1.4 million tons of metal
They plan to recycle, which is radioactive!
The NRC is preparing to set standards to
legalize the release of ^{these} contaminated materials
for recycling. The standard should be
no level of radiation from these materials
is acceptable.

Please inform me of your decision
in this manner.

Sincerely,
Donald H. Austin
