**Subject:** Radioactive materials "recycling"

DECLASSIFIED  
US FIC

'99 DEC 27 AM 11:15

Hello:

This is a quick note to say that I would very much like to see the NRC prohibit releasing radioactive materials into the market - either as recyclable materials or as marketable items in general (both in US and international markets). Also the NRC should maintain full reporting on already released materials and make a 100% effort to recapture those materials.
