

COPYRIGHT LICENSE

The Electric Power Research Institute, Inc (EPRI) hereby grants the Nuclear Regulatory Commission (NRC) a Copyright License which authorizes it to make a reasonable number of copies, for a limited period, of copyrighted non-proprietary documents, currently in possession of the NRC which are necessary for its internal use and to fulfill its legal responsibilities as regards public disclosure. However, this agreement does not amend, modify or change any of the NRC's obligations to disclosure under 10CFR2.790(a)(4). This authorization is granted with the understanding that any copies of the publication made by the NRC will continue to bear copyright notice, which will be reproduced along any portion of the publication. This Copyright License is retroactive and will expire on July 1, 2001.
