DOCKET NUMBER
PROPOSED RULE **PR** 20
(64FR35090)

Dear Chairman Meserve,

I want the NRC to stop the recycling of radioactive waste into consumer products.

Waste ~~they~~ should be isolated and stored without contaminating other things. Radiation

exposure is cumulative and no additional radiation exposure can be justified. Please

extend the comment period. ~~as~~ This is too

important to be acted upon without full public ~~debate~~ ~~to~~ debate.

Sincerely

Bill Palmisano
