SUBJECT: NRC Office of Investigation (OI) Case No. 1-97-007

Dear Mr. Sudigala:

This letter is in reference to an investigation conducted by the NRC's Office of Investigations (OI) and to the conclusions of the Millstone Independent Review Team recently appointed by the Commission to review the OI investigative record and advise the Commission on the conclusions that are supported by that record. The purpose of the investigation and independent review was to determine whether you and other managers deliberately dismissed the Supervisor, Electrical Engineering, in the Engineering Services Department at Northeast Nuclear Energy Company's (NNECo's) Millstone Unit 2 because that supervisor engaged in protected activities at Millstone. The investigation and subsequent independent review support a finding that your action in August 1995 in recommending the dismissal of this supervisor was taken, at least in part, because the supervisor engaged in protected activities at Millstone. This constitutes discrimination which is prohibited by 10 CFR 50.7. At the time the discrimination occurred, you were the Manager of Nuclear Design Engineering at Millstone Unit 2 and the immediate superior of the supervisor who was discriminated against.

Based on a review of the evidence in this matter, the NRC has concluded that your conduct in recommending and obtaining the dismissal of this supervisor contributed to a violation of NRC regulatory requirements. As a result, the NRC has taken enforcement action against NNECo for a violation of 10 CFR 50.7 (employee protection). A copy of that enforcement action with a summary of the findings in Case 1-97-007 is enclosed for your information.

After a careful assessment of your involvement in this matter, the NRC has decided to issue you this Letter of Reprimand. You are on notice that retaliatory personnel actions are very serious matters and will not be tolerated by the NRC. You should be aware that any similar violation in the future could result in significant enforcement action being taken against you.

You are not required to respond to this letter. However, if you choose to provide a response, you should provide it to me within 30 days of the date of this letter with a copy to the Director, Office of Enforcement.

PDR A Doc

In accordance with 10 CFR 2.790, a copy of this letter, with your address removed, and a copy of your response, if you choose to submit one, will be placed in the NRC Public Document Room after 45 days from the date of this letter.

Sincerely,

Hubert J. Miller
Regional Administrator
