Wash., D.C.

'00 JAN 11 P2:10

- This is written to demand that you
- ① keep radioactive waste and materials from nuclear power and weapons isolated from the public and the environment AND prohibit any "release" from regulatory control
  - ② prohibit radioactive materials from entering the consumer marketplace or anywhere but licensed radioactive facilities
  - ③ recapture any such material which has been released
  - ④ work for an International Prohibition on radioactive "release."
