OFFICE OF THE
GENERAL COUNSEL
ADJUTANT GENERAL

Dear Chairman Meserve

I am writing to ask the Nuclear
Regulatory Commission to isolate radioactive wastes and
materials and anything they contaminate, no matter what level.

Using radioactive wastes in consumer
products poses unnecessary, avoidable, involuntary risks. As a
consumer I cannot accept these risks.

Please keep the legacy of atomic
weapons and energy production completely isolated from
the public and from our environment.

Sincerely,
Beverly A. MacWilliams

"scoping process"
