Chairman Richard Meese
U.S. Nuclear Regulatory Commission
Washington DC 20555

Dear Chairman Meese:

I am writing to rat the Nuclear
Regulatory Commission to reject all radioactive
waste and materials, not matter what the
level of radioactivity.

Using radioactive waste in consumer
products good unnecessary, avoidable, environ-
mentally safe. As a consumer and a grand-
parent, I cannot accept such risks.

Thank you.

Sincerely,

Margery M. Down
Marjory M. Down

P.S. - Please extend the time period for the
"accepting" process on this matter.
