Dear Dr. Herscher:

Your name was recently submitted to the U.S. Nuclear Regulatory Commission (NRC) as a potential candidate to sit on a Screening Panel to review nominations for positions on NRC's Advisory Committee on the Medical Uses of Isotopes (ACMUI). The ACMUI provides technical review and guidance to NRC on issues related to the medical uses of isotopes.

At this time, I would like to invite you to serve on the Screening Panel to evaluate nominees for two Radiation Oncologist positions. The Panel's responsibilities will be to review and rate the candidates and recommend, to the Commission, the most qualified individuals to fill the positions. I expect that the Panel will meet within the next 6 weeks to make these selections. The Screening Panel may meet by phone conferencing, if necessary.

Please indicate your availability to serve on the ACMUI Radiation Oncologist Screening Panel by contacting Catherine Haney at (301) 415-6825.

Sincerely,

Richard A. Meserve
