SUBJECT: TRANSPORTABLE SPENT FUEL STORAGE CASKS

Dear Mr. Slade:

This is in response to your request for information on the "seven designs for dual purpose transportable spent fuel storage casks." To assist you in obtaining exactly the information that you need, I have compiled the attached table. Each storage and transport system design has a large amount of supporting information which is maintained in the Public Document Room under the docket numbers shown in the table.

The closest Local Public Document Room to Vancouver, British Columbia, is the Joel M. Pritchard Library, located at 415 15th Street SW, Olympia, Washington, 98504-2460 (telephone 360-704-5226). You may also find the information that you are seeking by visiting our internet website at <http://www.nrc.gov>.

Please let me know if you any specific questions that are not addressed above.

Sincerely,

ORIGINAL SIGNED BY /s/

Stephen C. O'Connor, Project Manager
Spent Fuel Project Office
Office of Nuclear Material Safety
and Safeguards
