SUBJECT: LICENSING REQUIREMENTS FOR DECOMMISSIONING

We have reviewed your proposed letter to Bruce Hirschler of the Conference of Radiation Control Program Directors. Your review appears to be very thorough. We have no legal objection to your letter subject to addressing the following comment:

The rationale for O.9, O.10, and O.11 should note that it only mirrors the corresponding regulations if Part D is corrected.

If you have any questions, please call Jim Lieberman at 415-2746.
