UNITED STATES NUCLEAR REGULATORY COMMISSION ATTN PAUL H LOHAUS DIRECTOR OFFICE OF STATE PROGRAMS MAIL STOP 03H20 WASHINGTON DC 20555

Dear Mr. Lohaus:

This letter is in response to a telephone conversation with Kevin Hsueh of you staff in which he requested additional information regarding our request for concurrence on termination of Radioactive Material License No. L02537. Specifically Mr Hsueh had concerns about unresolved issues in a Texas Natural Resources Conservation Commission (TNRCC) report (pages 7, 8, 20, & 21). After an additional review of the license files and contacting the TNRCC we have found that all items were resolved prior to transfer of the Uranium Licensing Program from the TNRCC to the TDH in 1997. I apologize for any confusion this report may have caused

As maintaining this site places an undue economic burden and hardship on the licensee we request expeditious processing of this request.

If you have any questions, please call me at (512) 834-6688 extension 2208.

Sincerely.

Eugene (Gene) Forrer
