Office of National Dam Safety  
ATTN: Mr. Don Bathurst, Director  
Federal Emergency Management Agency  
500 C Street, S.W., Room 423  
Washington, DC 20472

SUBJECT: APPOINTMENT OF DANIEL M. GILLEN AS U.S. NUCLEAR REGULATORY  
COMMISSION DAM SAFETY OFFICER

Dear Mr. Bathurst:

This letter is to advise you that Mr. Daniel M. Gillen has been appointed as the U.S. Nuclear Regulatory Commission (NRC) Dam Safety Officer (DSO). Mr. Gillen is the Deputy Chief of NRC's Uranium Recovery and Low-Level Waste Branch, in the Division of Waste Management. As such, Mr. Gillen is involved on a day-to-day basis with NRC's Dam Safety Program (DSP). Further, Mr. Gillen has participated in dam safety activities throughout his career at NRC. Mr. Gillen succeeds Mr. Joseph J. Holonich as DSO.

As the DSO, Mr. Gillen will provide the NRC's Executive Director of Operations with periodic status reports and perform other duties in accordance with the DSP. Mr. Daniel S. Rom, P.E., will continue to serve as the Deputy Dam Safety Officer, permitting him to make spot decisions and act as Mr. Gillen's official representative, as necessary.

Sincerely,

[Original signed by]

Joseph J. Holonich, Deputy Director  
Division of Waste Management  
Office of Nuclear Material Safety  
and Safeguards
