SUBJECT: RESPONSE TO NRC STAFF COMMENTS ON SUBAREA L FINAL STATUS
SURVEY REPORT

Dear Mr. Larsen:

We have reviewed your December 3, 1999, response to the Nuclear Regulatory Commission's (NRC's) comments on the Final Status Survey Report for Phase III Subarea L Surface, and have no further questions. As discussed during our January 5, 2000, telephone conference, we are awaiting the results of NRC's confirmatory sampling from Subarea L. Pending acceptable results of the confirmatory sampling, NRC staff plans to release Subarea L from the Cimarron license in conjunction with the release of Subareas H, M, and I.

If you have any questions about this letter, please contact Ken Kalman of my staff, at (301) 415-6664.

Sincerely,

Larry W. Camper, Chief
Decommissioning Branch
Division of Waste Management
Office of Nuclear Material Safety
