Subject: ANNOUNCEMENT OF NEW PLANT MANAGER

Discussion:

On January 12, 2000, Omaha Public Power District announced that Rich Clemens will replace Joe Solymossy as the Fort Calhoun Plant Manager. The change will take effect on April 16. Rich Clemens, currently the Fort Calhoun Maintenance Manager, began his career with the Omaha Public Power District in December 1981 and has served as Supervisor of Simulator Services, Supervisor of Electrical/Instrumentation and Controls Engineering, and Manager of Outage Management prior to appointment as Maintenance Manager. He also served as an INPO loanee and has successfully completed the INPO Senior Nuclear Plant Management course.
