**Subject: Docket No. 55-50287: Termination of Reactor Operating License (for Facility Docket Nos. 50-89 and 50-163)**

Dear Mr. Isaac:

Because of the possession only license amendments for General Atomics' (GA's) Mark I (R-38) and Mark F (R-67) non-power reactors and the planned decommissioning of these reactors, GA's need for licensed reactor operators is reduced. Therefore, GA hereby provides notification that there is no longer a need to maintain a reactor operator license for:

**Mr. Phillip Edward Rieke License No. SOP-50267-1 Docket No. 55-50287**

If you should have any questions regarding this notification, please do not hesitate to contact me at (858) 455-2823.

Very truly yours,
