OFFICE OF THE
GENERAL COUNSEL
ADJUTANT GENERAL

Dear Sir:

As a concerned citizen and taxpayer, I am writing to protest any attempt to allow radioactive materials from escaping regulatory control and from entering the consumer marketplace. I am also requesting that any radioactive materials which have been released be recaptured and that the Nuclear Regulatory Commission work for an international prohibition against releasing any radioactive materials which might endanger the general public.

Thank you for your attention to this matter.

Very truly yours,
