Rockville, MD 20852

Dear Betty,

Enclosed you will find my application for a new license to export nuclear grade graphite. Due to the fact that we are wanting to add so many countries to our license, this new license will replace my current license #XMAT0326, Amendment #07 which expires February 11, 2000.

I am enclosing a check for \$1,700 to cover the licensing fee. This is an amount that you gave to me verbally; however, if it is not correct please contact me with the correct figure.

Thank you for all the help you have given me in the past few months, and see if you can find some time to visit us in Texas.

Sincerely,

Mike Scobee
Export Manager
