DEPARTMENT OF NUCLEAR SAFETY

1035 OUTER PARK DRIVE SPRINGFIELD, ILLINOIS 62704
217/783-9900 217/783-6133 (TDD)

George H. Ryan
Governor

Thomas W. Ortciger
Director

January 14, 2000

The Illinois Low-Level Radioactive Waste Management Act and 32 Illinois Administrative Code, Chapter II, Part 620 require that all generators and brokers of low-level radioactive waste (LLRW) in Illinois register with the Department of Nuclear Safety and file survey forms with the Department on an annual basis.

The enclosed report is a summarization of the information received from these facilities in 1998. This is the 15th report based upon information received from Illinois generators. Reports from previous years are available upon request.

Sincerely,

Michael E. Klebe, Chief
Division of Low-Level Radioactive
Waste Management
