

DOCKET NUMBER
PROPOSED RULE **PR 20**
(64FR35090)

What are you doing to our country? Trying to kill everyone?

DOCKETED
FEB -8 P2:44

I cant believe you would use radioactive waste material to make products for the public use. Is it tested yet.

Maybe you people who do this should be the guinea pigs first.

I swear we are our worlds worst enemy.

Please stop this.

Sincerely
Sharon Jabs
