PRIVATE FUEL STORAGE L.L.C.**

Reference: PFS Letter, Donnell to U.S. NRC, Commitment Resolution
Letter #25, dated January 18, 2000

Enclosed please find Revision 1 to the PFS report entitled "Potential Aircraft Crashes at the PFSF" dated February 2, 2000. Revision 1 consists of an entire replacement report plus several additional reference tabs beginning with Tab R. The location of text revisions is noted by a side bar in the right hand margin.

Revision 1 responds to requests for additional information made by the NRC/CNWRA as documented in the above referenced letter. In order to respond to the NRC requests concerning F-16s in Skull Valley, Military Airway IR-420, and ordnance, PFS has requested additional information from the U.S. Air Force. PFS has filed Freedom of Information Act requests with the U.S. Air Force in order to obtain this additional data for its response to the NRC.

Once the requested information is received from the U.S. Air Force and evaluated, PFS will revise the report accordingly to respond to the remaining NRC requests. If you have any questions regarding this submittal, please contact me at 303-741-7009.

Sincerely
