**Subject: Vermont Yankee Nuclear Power Station
License No. DPR-28 (Docket No. 50-271)
Closeout for Resolution of USI A-46 Outliers**

In Section 9 of Reference (a), Vermont Yankee (VY) committed to provide a completion letter documenting closeout of resolution for all remaining Unresolved Safety Issue A-46 Program outliers. This submittal was to be made within 60 days following the outlier resolution effort that was scheduled to conclude prior to startup from the 1999 refueling outage. As of the December 3, 1999 plant startup date, VY had completed all physical modifications and analytical work necessary to resolve the remaining outliers.

If you have any questions on this matter, please contact Mr. Wayne M. Limberger at (802) 258-4237.

Sincerely,

VERMONT YANKEE NUCLEAR POWER CORPORATION
