*Reference: PLA-5135, R. G. Byram to USNRC, "Proposed Amendment No. 229 to License NPF-14 and Proposed Amendment No. 192 to License NPF-22: Proposed License Transfer and Conforming License Amendments PP&L, Inc. Realignment," dated December 15, 1999.*

The purpose of this letter is to revise the referenced proposed license amendment, which requested NRC consent to the transfer of PP&L, Inc.'s interests in the Operating Licenses for Susquehanna SES to a new, affiliated nuclear generating company. That application, which was filed pursuant to 10 C.F.R. §50.80, contained organizational information that has subsequently changed.

Confirming our previous communications, Robert F. Saunders, Vice President-Nuclear Site Operations resigned from PP&L, Inc. The Board of Directors elected Bryce L. Shriver to this position effective January 21, 2000. In addition, Robert G. Byram's title was changed to Senior Vice President and Chief Nuclear Officer.

There have been several other changes in the officers of PP&L, Inc. since we filed our application. Specifically, Robert J. Shovlin and Linda C. Bartholomew both retired effective December 31, 1999. Dennis J. Murphy was elected Vice President-Power Production & Engineering effective January 1, 2000. Messrs. Shriver and Murphy are citizens of the United States.

The above changes update the information submitted in support of our license transfer application. They alter neither the physical amendments to the operating licenses, nor the No Significant Hazards Considerations provided with that application.

Please also be advised that Morgan, Lewis & Bockius LLP is representing PP&L in this matter. Thus, requests for hearing and petitions for leave to intervene should be served upon John E. Matthews, Counsel for PP&L, Inc., at Morgan, Lewis & Bockius LLP, 1800 M Street, N.W., Washington, DC 20036-5869 (tel: 202-467-7524; fax: 877-432-9652; e-mail: jemathews@mlb.com).

Sincerely,
