Gentlemen:

VIRGINIA ELECTRIC AND POWER COMPANY
NORTH ANNA POWER STATION UNIT NOS. 1 AND 2
MONTHLY OPERATING REPORT

Enclosed is the January 2000 Monthly Operating Report for North Anna Power Station Units 1 and 2. Also enclosed is a corrected Unit Shutdown and Power Reduction Summary for North Anna Unit 2 for December 1999. The duration for the North Anna Unit 2 shutdown was incorrectly documented. The duration of the shutdown was documented as the number of hours Unit 2 was not critical in lieu of the number of hours Unit 2 was not on-line.

In the past, we have provided outage-related forecast information in our Monthly Operating Report for North Anna Units 1 and 2. Consistent with the content and format recommended by Regulatory Guide 1.16, such information has been provided in Items 24 and 25 of the Operating Data Reports for North Anna Units 1 and 2. As the NRC has recognized in its clarification of treatment of information on plant outage and restart schedules, outage-related forecast information is now considered confidential business (or proprietary) information. Based on the nature of this information, a more limited presentation of outage-related forecast information that is not considered proprietary will be provided, rather than request that this information be withheld from public disclosure in accordance with 10CFR2.790. Beginning with this Monthly Operating Report, this information will be presented in the following manner:

- When a shutdown is planned during the next six months, Operating Data Report Item 24 will identify the planned outage(s) only by month and year. In addition, in this and future Monthly Operating Reports, this item will state "Type and duration of scheduled shutdowns are no longer provided [Reference: Letter Serial No. 00-070, dated February 11, 2000]".

IE24

- In this and future Monthly Operating Reports, Operating Data Report Item 25 will state "Estimated start-up dates are no longer provided [Reference: Letter Serial No. 00-070, dated February 11, 2000]".

Very truly yours,

W. R. Matthews
Site Vice President

Enclosure

Commitments made in this letter: None.
