U.S. Nuclear Regulatory Commission  
Attention: Document Control Desk  
Washington, D.C. 20555-0001

Gentlemen:

Subject: Licensee Event Report No. 2000-001  
Cooper Nuclear Station, NRC Docket 50-298, DPR-46

- Reference: 1) Letter (NLS2000011) from J. A. McDonald (Nebraska Public Power District) to U.S. Nuclear Regulatory Commission dated February 7, 2000, "Licensee Event Report No. 2000-001"
- 2) Letter (NLS2000014) from S. R. Mahler (Nebraska Public Power District) to U.S. Nuclear Regulatory Commission dated February 8, 2000, "Licensee Event Report No. 2000-001"

Per Reference 1, the Nebraska Public Power District submitted the subject Licensee Event Report (LER). Pursuant to that submittal, it was discovered that the procedurally required "List of NRC Commitments" was inadvertently omitted due to an administrative error. Reference 2 transmitted the LER and procedurally required "List of NRC Commitments;" however, lacked the original cover letter with the procedurally required signature of the Plant Manager.

Therefore, transmitted herewith, please find the subject LER with the required "List of NRC Commitments" and original cover letter with the signature of the Plant Manager. Please replace the referenced correspondence with the attached.

Sincerely,

S. R. Mahler  
Assistant Nuclear Licensing and Safety Manager
