Jan. 9, 2000

Dear Mr. President:

My name is Vivian Humphrey
a wife, mother, and grandmother.

I have a concern about what
I heard on T.V. January 4, 2000.

Don Rutter had a segment,
about the government giving its
blessing to use radio active scrap
metal to make silverware.

I think this should be
stopped before it gets started,
if it hasn't started already.

I always believed that
government was to protect
the people, not hurt them.

You can't tell me that
this is good for anyone.

I believe it all comes
down to money. Instead of
burying the metal sell it and
make a profit.

Mr. President, I just want
you to check into this and
please give me a response.

Thanks,
Vivian Humphrey
