SUBJECT: REFERENCE FOR REGULATORY GUIDANCE APPLICABLE TO
 LICENSE TRANSFERS, WITS ITEM 199800195

The attached compendium of regulatory guidance establishing NRC practice for the review of license transfer applications was prepared in response to a Staff Requirements Memorandum (WITS Item 199800195). This is not a new regulatory position, but provides a consolidation of all key documents used in staff reviews and articulates accepted practices for licensees and applicants. We anticipate placing this document in the PDR and will work with OGC to formalize it as a staff NUREG document.
