Mr. John S. St. Genis  
President and Chief Executive Officer  
Molecular Separations, Inc.  
2033 Wood Street, Suite 120  
Sarasota, FL 34237

SUBJECT: TECHNOLOGY FOR WATER ISOTOPE SEPARATION

Dear Mr. St. Genis:

I am responding to your letters dated February 14, 2000, to Chairman Meserve and to our Executive Director for Operations, Mr. William Travers. The letters forwarded information concerning a process for removal of low concentrations of tritiated water from contaminated streams. We appreciate being informed of new technologies, such as the one described in your letter. As you requested, I will forward this information to other individuals in the Agency who may have an interest in this process.

If you have any questions concerning this response, please call Mr. Robert Nelson of my staff at (301) 415-7298.

Sincerely,

Original signed by:

Larry W. Camper, Chief  
Decommissioning Branch  
Division of Waste Management  
Office of Nuclear Material Safety
