Washington, DC 20555

ATTENTION: J. N. Wilson

SUBJECT: Request for Meeting

Dear Mr. Wilson:

Westinghouse is requesting a meeting with the Nuclear Regulatory Commission technical staff to discuss the feasibility of referencing the AP600 nuclear plant design as the basis for an application for NRC review. A proposed agenda for this meeting is attached.

Westinghouse considers the information that will be discussed during this meeting to be proprietary.

I will contact you to arrange the specific details for this meeting.

Very truly yours,

B. A. McIntyre, Manager
Advanced Plant Safety and Licensing
