AD...

President Bill Clinton
The White House
Washington DC 20500

Dear President Clinton:

I would really appreciate it if our government agencies which are supposed to protect the health of the American people would do their job.

I'm writing this letter to complain about the permission given to industry to use radioactive material from decommissioned nuclear power plants to make consumer goods.

Apparently industry profits are more important to you guys than our health.

Sincerely,

Myrna Sokolinsky
