SUBJECT: REQUALIFICATION PROGRAM INSPECTION - J. A. FITZPATRICK

Dear Mr. Colomb:

In a telephone conversation on March 6, 2000, Mr. Julian Williams, Inspector/Examiner, and Mr. Rick Devercelly, Operation Training Supervisor, made arrangements for the NRC to inspect the licensed operator requalification program at the J. A. FitzPatrick facility. The inspection is planned for the week of April 17, 2000, which coincides with your regularly scheduled requalification examination cycle. The staff at your facility should prepare and conduct the requalification examinations in accordance with your NRC-approved requalification program.

In accordance with 10 CFR 55.59(c), the NRC may request facility licensees to submit their comprehensive requalification written examinations or annual operating tests as necessary to support the NRC's inspection program needs. In order for the NRC to adequately prepare for this inspection, please furnish the operating tests scheduled for the week of the inspection to the NRC by April 7, 2000. Mr. Devercelly has been advised of this request and provided with the name and address of the NRC lead inspector assigned to this inspection.

This letter contains information collections that are subject to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.). These information collections were approved by the Office of Management and Budget, approval number 3150-0101, which expires on April 30, 2000.

The public reporting burden for this collection of information is estimated to average 4 hours per response, including the time for reviewing instructions, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments on any aspect of this collection of information, including suggestions for reducing the burden, to the Information and Records Management Branch (T-6 F33), U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, or by Internet electronic mail at BJS1@NRC.GOV; and to the Desk Officer, Office of Information and Regulatory Affairs, NEOB-10202, (3150-0101), Office of Management and Budget, Washington, DC 20503.

The NRC may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Thank you for your cooperation in this matter. If you have any questions regarding this inspection, please contact Mr. Williams at (610) 337-5124.

Mr. Michael J. Colomb
