License Transfer Condition

The following condition is proposed to be added to the Order associated with the proposed transfer of the license for HCGS, to the extent it is held by ACE, to PSEG Nuclear. Similar conditions would be added to the Orders for Salem Units 1 and 2 and Peach Bottom Units 2 and 3 (Reference application from PSE&G dated 12/20/99 and from PECO Energy Company dated 12/21/99).

. . . IT IS HEREBY ORDERED that the license transfer from ACE to PSEG Nuclear referenced above is approved, subject to the following conditions:

(1) Any interim transaction described in the application whereby ACE's interest in HCGS is first acquired by PSE&G, PSEG Power, or any other entity prior to the acquisition by PSEG Nuclear of such interest shall not result in the acquisition, possession, or use of HCGS, or any activity for which a license is required under the Atomic Energy Act of 1954, as amended, by any entity other than PSEG Nuclear, unless such result is expressly approved by a separate order upon further application. This Order shall not be deemed to provide consent under 10 CFR 50.80 to the transfer of the license for HCGS with respect to ACE's interest in HCGS to any entity other than PSEG Nuclear.
