Mr. Richard E. Gimple, Chairman
ASME Subcommittee on Nuclear Inservice Inspection
Wolf Creek Nuclear Operating Corp.
MS CC-SUP
PO Box 411
Burlington, KS 66839-0411

Dear Mr. Gimple:

I would like to nominate Mr. Wallace E. Norris to serve from March 27, 2000, through October 15, 2000, as alternate for Mr. Gilbert C. Millman as the authorized NRC representative on the ASME Section XI Subcommittee on Nuclear Inservice Inspection. Mr. Millman will be on special assignment during this time period and will be unable to dedicate appropriate time to Section XI activities. Mr. Norris is the authorized NRC representative on the Section XI Subgroup on Water-Cooled Systems. He will continue to serve in that capacity. Mr. Norris' completed ASME PF-1 form is enclosed.

In accordance with OMB Circular A-119, "Federal Participation in the Development and Use of Voluntary Consensus Standards and in Conformity Assessment Activities," February 19, 1998, the participation on a committee of an authorized NRC representative does not connote agency agreement with, or endorsement of, decisions reached by the committee, or of standards approved and published as a result of the committee's efforts. Agency representatives participating on standards developing groups will, to the extent possible, ascertain the views of the agency on matters of interest and will express views that are consistent with established agency views.

Correspondence should be addressed to:
