SUBJECT: Information Request on State Consulting Requirements

Dear Mr. Rose

I am responding to your letter dated March 9, 2000, regarding State requirements for nuclear medicine consultants.

Your letter asks about State requirements, so it does not apply directly to NRC. Note that our regulations applicable to medical licensees do not discuss consultants as such. However, we recognize that some licensees employ consultants. In such cases, the licensees are responsible for assuring that consultant activities comply with applicable regulations and license requirements.

If you have additional questions, please contact Donna-Beth Howe, Ph. D., at (301) 415-7848.

Sincerely,
/RA/
