OFFICE OF
RULEMAKING
ADJUDICATION & HEARINGS

Secretary
US Nuclear Regulatory Comm.
Washington DC 20555

Attn: Rulemaking and
Adjudications Staff

Dear Secretary, 3-22-00
Your desire to dispose of radioactive waste by recycling it into consumer products could cause dangerous exposure to radiation. There should be no legalization of contaminated materials release for recycling. The public needs your protection!
Sincerely,
Marion & Ming Siu
