RE: Testing of ALLSTAR Model 880 Gamma Ray Projector

Dear Mr. Collins,

As directed in your letter of March 9, 2000 I wanted to let you know that AEA Technology QSA has informed me that we are scheduled to receive the ALLSTAR Model 880 on Monday, April 3rd. A representative from AEA Technology (Bob Kelly) is also scheduled to arrive on that date in order to provide us training and answer any questions about the device prior to any actual use.

If you should have any questions or need any additional information, please give me a call at (304) 453-6111.

Sincerely,

Clyde W. May
Radiation Safety Officer
