NRC STAFF RESPONSE TO
WASHINGTON PUBLIC POWER SUPPLY SYSTEM'S
REQUEST TO DEFER LICENSING BOARD RULING

On February 29, 2000, Washington Public Power Supply System (Supply System) filed a Request to Defer Licensing Board Ruling, in which it asked the Atomic Safety and Licensing Board (Licensing Board) to defer ruling on its Motion for Withdrawal of Application (Motion), filed January 4, 2000, until after the Supply System had clarified its intentions in a status report that it would file in July, 2000. On March 7, 2000, the Licensing Board issued a scheduling order, indicating that responses to the Supply System's request should be filed no later than March 22, 2000.

The NRC staff (Staff) has no objection to the Licensing Board's granting the Supply System's request.

Respectfully submitted,
Ann P. Hodgdon
