Subject: Saxton Nuclear Experimental Corporation
Docket 71-0901
Cancellation of Quality Assurance Program for Radioactive Material
Packages No. 0901

Gentlemen:

This letter is being submitted at the suggestion of Mr. James Pearson of your staff. The Nuclear Regulatory Commission terminated the Saxton Nuclear Experimental Facility License, License No. DPR-4, on November 7, 2005. As a result there no longer is a need to maintain the Quality Assurance Program for Radioactive Material Packages No. 0901. Therefore this program can be canceled.

If there are any questions regarding this submittal, please contact me at (717) 948-8461.

Sincerely

A handwritten signature in black ink, appearing to read "James J. Byrne".
