**Subject:** Ohio EPA comments to NRC on Battelle D&D

All:

Please find attached a scanned copy of Ohio EPA's comments with respect to the D&D of the Battelle West Jefferson facility. As noted and discussed, we've tried to make these as succinct as possible given the significant amount of information we've been reviewing in a very short period of time.

We are thankful for the opportunity to provide these comments and look forward to working with NRC, USEPA, Battelle and others to address our issues before this process is completed.

If you have questions, please let me know.

Sincerely

Craig Butler, Chief  
Ohio Environmental Protection Agency  
Central District Office
