Great Allen, So far you should have initial well locations, fracture
traces, ELT points and lines. This point file has the location of the
weather stations on JPG. What other GIS files would assist you?
Later, Ron

Hello Allen, These are in addition to the Fracture Traces sent earlier
this week. Did you receive them? If the datum doesn't line up right
try NAD 83 UTM zone 16N. Please call or write if you have questions.

See you, Ron
