Windsor, CT 06095

SUBJECT: SITE DECOMMISSIONING PLAN

Dear Mr. Conant:

This letter is to notify you regarding our letter to the U.S. Army Corps of Engineers (the Corps), dated August 15, 2007, (ML072210979) which discussed the Corps plans to suspend its Formerly Utilized Sites Remedial Action Program (FUSRAP) activities at the Windsor site; and, to request your plans to supplement the existing site decommissioning plan to encompass cleanup of the FUSRAP-related materials.

This approach was determined to be appropriate due to the commingling of FUSRAP material and NRC-licensed materials from previous operations as described in a letter dated June 4, 2007, from Mr. James A. Thompson, Jr., Esq., LeBoeuf, Lamb, Greene & MacRae (representing ABB) to Mr. Francis (Chip) Cameron, Office of the General Counsel, U.S. Nuclear Regulatory Commission (ML071840745) and in a letter dated August 2, 2007, from the Corps to NRC regarding decommission and cleanup of the ABB site. The supplemental decommissioning activities will be performed by ABB Inc. under the oversight of the NRC. We are scheduled to meet with you on September 14, 2007, to discuss the plans and schedule for completing these supplemental decommissioning activities.

If you have any questions concerning this letter, please contact me at (610) 337-5282. Thank you for your cooperation.

Sincerely,

Original signed by Raymond K. Lorson
